Paralegal

School of Technology
Design Technology
Advanced Manufacturing
Industrial Technology

Save thousands

A class at Ivy Tech costs only \$285. Compare that with the tuition of other institutions of higher education, and you can quickly see that your savings will add up. And don't forget the added expense of room and board and numerous fees that Ivy Tech doesn't charge.

By taking freshman and sophomore classes at Ivy Tech and transferring those credits to a university to finish a bachelor's degree, you can save thousands in tuition.

Ivy Tech has transfer agreements with many colleges and universities. Many institutions accept an entire two-year degree from Ivy Tech, meaning you will begin at the transfer institution as a junior without having to repeat any coursework.

Ivy Tech Community College is the most affordable institution of higher education in Indiana. In fact, we are about one-third the cost of nearby universities.

In-state Tuition	
3 credits	\$285
6 credits	\$570
9 credits	\$855
12 credits	\$1,140

Appointment Manager

The Appointment Manager application allows students to schedule an appointment with an advisor directly from our website. Advisors designate their advising times. All you have to do is fill out a web-based form to reserve an appointment. Visit www.ivytech.edu/columbus to make an appointment with your advisor.

Reading the Schedule

- Class sections ending in 01, 02, 03, 26, 27, 28, and 29 are daytime classes.
- Class sections ending in 10, 20, 30, 31, 32, or 33 are on-line classes.
- Class sections ending in 51, 52, 53, or 54 are evening classes.
- Off campus class sections have letters designating the city or county in which the class will be conducted.
- Days are designated as: M - Monday, T - Tuesday, W - Wednesday, R - Thursday, F - Friday, S - Saturday
- CRN numbers are the identification numbers for on-line and/or phone registration.
- Building Codes:
AMI = Advanced Manufacturing Institute located on Middle Road in Columbus near the Main Campus.

Addresses of our sites can be found online at www.ivytech.edu/columbus.

Transferability

A great place to start

Thinking about college? Ivy Tech is a great place to start. Choose from any of Ivy Tech's programs to prepare for a new career or learn new skills. Most of the Community College programs have multiple majors from which to choose, giving you even more options.

Transferring to Ivy Tech

The College encourages students who previously attended other recognized colleges, universities and high school vocational-technical programs to forward official transcripts the Academic Records Office prior to the first semester of enrollment or re-enrollment for consideration for transfer of credit and/or advanced placement.

Transferring to other colleges

Ivy Tech - Columbus has transfer agreements with many other Indiana colleges and universities and is working to develop additional transfer agreements with those institutions. Students interested in transferring credits to another college or university should check with the Admissions Office to obtain current information on transferability of credits.

Scholarships

If you've dreamed of attending college but are worried about the cost, don't let that stop you. There are many scholarship opportunities available to help. If you qualify, there also is a variety of financial aid available.

Paying tuition

You risk being removed from your class(es) if fees are not satisfied by the due date. The fee payment deadline is the Friday before your class begins. After that date, fees must be satisfied on the day of registration.

Payments received after the Friday before classes begin will be assessed a \$25 late fee.

It is the student's responsibility to assure fees are satisfied by the fee payment deadline even if an invoice is not received in the mail.

General fee payment info

Deferral payment plans are available for an additional \$25 service charge.

Deferrals may not be available for some classes.

Financial aid recipients who need to change the number of credits taken must check with the Financial Aid Office before the change as it may affect aid.

Fees and charges to be paid by third parties must be verified by letter, contract, or certification with the Business Office before registration.

Reservations will be dropped if fees are not satisfied in accordance with established deadlines. If you are experiencing difficulty in meeting this obligation, please contact the Financial Aid Office and/or Business Office to discuss your particular situation.

New refund policy

The Student Information System processes student refunds based on using the percentages noted below. Refunds are calculated on business days regardless of holidays. Technology fees, consumable fees, and tuition are refunded at the same rate noted below.

For purposes of the refund period, the "first day" is calculated differently for terms of 12 weeks or more and for terms of less than 12 weeks. For terms of 12 weeks or more, the refund period would begin on the Monday of the first week of classes that a particular course meets. For terms of less than 12 weeks, the refund period would begin on the first day the course meets. For terms of less than 12 weeks, if a class begins on a Saturday or Sunday, the refund period would begin on the following Monday.

Term Length	Refund Schedule
16 week	1st-10th day 100% 11 days or more 0
12-15 week	1st-8th day 100% 9 days or more 0
10-11 week	1st-6th day 100% 7 days or more 0
8-9 week	1st-4th day 100% 5 days or more 0
4-7 week	1st-2nd day 100% 3 days or more 0
Less than 4 weeks	1st day 100%

Registration

New students

New students and others wishing to learn more about the Columbus campus of Ivy Tech Community College, our programs and services, are invited to attend a free information session. Call the Office of Admissions at (812) 372-9925 or 1-800-922-4838 to schedule a campus visit.

New students and others interested in our Health Sciences programs should attend a free seminar for these program. The Health Sciences program seminars are available on various dates. To register for these seminars, please call the Office of Admissions at (812) 372-9925 or toll free at (800) 922-4838.

Students who have attended other colleges or universities should request official transcripts from those institutions to be evaluated for possible transfer credit. The granting institution should send all transcripts to:

Ivy Tech Community College
Office of the Registrar
4475 Central Ave.
Columbus, IN 47203

New students wishing to register for classes should:

1. Complete an Ivy Tech Application for Admission. All students must complete this short application as a first step. Applications can be completed online at www.ivytech.edu/columbus by selecting the "apply now" link on the web page, or, call the Admissions Office to have an application mailed to you. Be sure to select the "Columbus" campus if completing the on-line application.
2. Submit official high school transcripts or official GED scores. Official high school transcripts or official GED scores should be provided to the Admissions Office. Official documents can also be mailed directly to Ivy Tech, Columbus, from your high school or GED testing center. Transcript or GED score request forms are available from the Admissions Office, if needed.

3. Be assessed for initial course placement. Initial course placement is used to help determine what classes a student will take and is required before a student can register for most classes. Students with prior college experience that included math and/or English classes or who have SAT or ACT test scores less than 4 years old should contact the Admissions Office to have this information evaluated. Students without prior college experience or SAT/ACT scores take a free placement assessment. To schedule a placement assessment, or for additional information about placement assessment, contact the Admissions Office.
4. Attend a Freshman Orientation. If you are a new student to Ivy Tech and do not have prior college experience, you must attend a free New Student Orientation. Orientations are held at various times during the year and are scheduled by contacting the Admissions Office.
5. Make Financial Aid arrangements. Students seeking financial aid must complete and submit a Free Application for Federal Student Aid (FAFSA) to begin the financial aid process. FAFSA forms are submitted to the Federal Government Processing Center rather than to Ivy Tech. You should apply for financial aid at least six weeks before the start of the semester you plan to attend to ensure adequate time for processing. If you have questions about financial aid, please contact the Financial Aid Office at (812) 374-5157 or (800) 922-4838, ext. 5157.
6. Register for classes and satisfy fees to confirm your registration.

Returning students

1. Contact your advisor during his or her posted office hours to choose courses.
2. Complete a course enrollment form OR use electronic registration. If using a course enrollment form, you and your advisor must sign the form.
3. Reserve a seat in your selected classes by submitting your course enrollment form or registering by phone or internet. If using the course enrollment form, take your completed, signed, form to the Records Office in Student Affairs.
4. Make arrangements to satisfy fees to confirm your registration.

Electronic Registration

On-line or by phone

On-line or telephone registration will be available from 7 a.m. to 10 p.m. weekdays and 7 a.m. to 1 p.m. Saturday. Registration is only available to admitted students.

Remember that when entering your course/section requests, each class must be converted to the five-digit call number listed next to each class in the current class schedule. You should choose at least one alternative section for each class you want in case of closed or canceled classes.

On-line registration

(If you are a first time user to Campus Connect click the link "First time users start here" to establish a Campus Connect account.)

1. Log into Campus Connect at <http://cc.ivytech.edu> and select the gray tab marked "Student Services."
2. Under the "Registration (Drop/Add)" block select the "Register Online" link.
3. Select the appropriate term.
4. Select the "Student, Financial Aid and Account Summary" link.
5. Select the "Registration" link.
6. Select the "Add or Drop classes" link.
7. Select the appropriate term and click the "Submit" button.
8. At the bottom of the screen are blocks to input the Course Reference Numbers (CRN) for the class(es) that you wish to register for.
9. After inputting the CRN number(s) you wish to register for, click the "Submit Changes" button.

Phone registration

To register by telephone, you must use a touchtone phone. Registration via telephone is not different from College staff entering the information. However, closed classes, classes not listed in this schedule, the audit grade option, and registration hold messages cannot be processed through telephone registration. You must go to the appropriate office or to your advisor for assistance in resolving these issues.

1. Dial the toll-free 1-888-499-2358.
2. Enter your nine digit student ID number. The speaker will read back the SID entered. If correct, press 1; if incorrect, press 2, re-enter the correct SID.
3. Enter your six-digit Personal Identification Number (PIN). This will be your date of birth (such as 02/15/82) for first time users and self-assigned for prior users.
4. Select a term from the list of options.
5. To register for classes, press 1; to drop a class or change class options, press 2; to list your current course schedule, press 3. The speaker will read back the CRN number entered. If correct, press 1; if incorrect, press 2 and enter the correct number. If the registration is successful, the speaker will say "the requested course has been added to your schedule."
6. After you complete your registration, you may return to the registration menu by pressing *7, or press *2 to return to the main menu.
7. Payment can be made on the phone system.

INTERIOR DESIGN

With all the attention that you've given to interior design programs on television have you considered a career yourself in this creative and exciting occupation?

As an interior designer, you're responsible for combining knowledge of building codes, critical and creative thinking, communication and technology for the purpose of improving the quality of life, increasing productivity, and protecting the health, safety and welfare of the public. This degree program prepares you for careers in the creation of safe, functional, and aesthetically pleasing interior environments for residential and commercial settings.

Ivy Tech's Interior Design program includes fundamental design concepts combined with technology-based presentation methods providing graduates with necessary skills for entry level careers such as draftsman, facilities planner, interior designer/decorator, space planner.

The Associate of Science Degree in Interior Design has many seamless transfer opportunities to other state wide institutions of higher learning.

We now offer a short-term Career Development Certificate in Space Planning.

For information about the Interior Design Program, please contact Bekir Kelceoglu at (812) 374-5148 or bkcelceoglu@ivytech.edu.

DESIGN TECHNOLOGY

Architecture | Civil | Mechanical | CAD Design & Manufacturing

Look around your surroundings and consider the opportunities. Consider your favorite hobbies, toys, and necessities. It all had to be designed. Do you want to know the secrets of good design? Ivy Tech's Design Technology Program will show you how you can become a valuable member of a process engineering team.

DESIGN TECHNOLOGY IN THE REGION

Design Technology is an aggressive, fast growing field. As the area of south-central Indiana continues to grow in manufacturing, construction, and urban planning, so will the need for Design Technology technicians. And, Ivy Tech can help prepare you for a career in those areas.

WHAT YOU'LL LEARN

You'll learn how to design solutions for modifying new or existing buildings, help in produce urban planning documents, developing innovative commercial products, or carve complex machine parts from stock materials. Choose from one of four specialties - Architectural, Mechanical, Civil or CAD Design and Manufacturing - and you'll be on your way to an exciting career in an in-demand field.

Design Technology is an associate degree program that is available in thirteen of the fourteen regions of Ivy Tech plus courses offered via distance learning. Some of the internet courses are offered from the Columbus Campus as well as for other campuses across the state.

Design Technology offers Associate of Science Degrees in two concentration area that will allow students to transfer to four-year colleges to complete a Bachelor's degree. The concentration areas include architecture or CAD Design and Manufacturing. Contact Ivy Tech's Columbus Campus to see what courses transfer if pursuing a bachelor's degree is your educational goal.

For information about the Design Technology Program, please contact Steve Bardonner at (812) 374-5189 or sbardonn@ivytech.edu.

AGRICULTURE

Livestock Management | Crop Management

Indiana's agriculture industry is high-growth and high-tech, with science and technology playing a role in almost every phase of agricultural production. Changes in the technology and business of agriculture have tremendous potential for our economy, the environment and your future. High-tech intensive crop and livestock techniques, biofuels, seed genetics, precision ag technology, and sophisticated marketing and research activities all require educated, well-trained workers.

CROP MANAGEMENT

Our state is well-known for corn and soybeans, but changing technology is broadening the scope of crop management in Indiana. In this concentration, students will study the science behind crop management, learn how to maximize profit and production, adapt to changing environmental conditions, and use new technology in agronomic row crop management. Career opportunities include fertilizer and pesticide applicators, see agronomist, precision agriculture technicians, seed research technicians and home farm operators.

LIVESTOCK MANAGEMENT

The livestock industry is ever-changing and offers a wide variety of career opportunities. The Livestock Management concentration helps prepare students for these opportunities through coursework in animal physiology and nutrition, housing facilities, waste management, herd management, and marketing techniques to maximize productivity of a livestock herd or poultry flock. Positions in the livestock industry include herd/flock manager, feed/supply sales, veterinarian technician, meat inspector, or animal breeder.

For information about the Agriculture Program, please contact Matthew John at (812) 374-5174 or mjohn2@ivytech.edu.
