## Alive at 25

Ivy Tech Community College is a training site for National Safety Council defensive driving courses. Alive at 25 specifically targets drivers between the ages of 16 and 24—the group most likely to be involved in fatal collisions. This highly effective program encourages young drivers to take responsibility for their driving behavior. Information is presented in a non-lecture, interactive format with a certified trainer. This open enrollment course for new drivers will discuss effects of distractions, peer pressure, local and state laws, and techniques to maintain control.
