

CHANGING LIVES

FLASH & DREAMWEAVER COURSES

Motion Graphics & Web Development Classes

Flash CS3 for Graphic Designers

From mobile devices to web-based user experiences and broadcast media, motion graphics are everywhere. If you're a graphic designer looking to expand your creative toolset by learning frame-based animation then our 16-hour course was tailored for you.

April 5, 12, 19, 26 from 9am-1pm in Room G16

Cost:\$199

Instructor: Todd Flatt

For more Information call: 812 246-3301. ext 4332

Prerequisites required

Dreamweaver CS3 for Graphic Designers

Learn the basics of standards-based web development from the ground up in this 16-hour course. We will begin by examining the structure of web page content (xHTML) and progress to presentation control you never thought possible with Cascading Style Sheets (CSS). In no time, you will learn the Dreamweaver interface and begin to apply web programming basics in the creation of a functioning web site—complete with some of the seemingly complex features you've experienced online.

May 3, 10, 17, 24 from 9am-1pm in G16

Cost \$199

Instructor: Todd Flatt

For more Information call: 812 246-3301. ext 4332

Prerequisites required

To register for the courses phone (812) 288-0810 or 1-800-321-9021.
