## **Preface**

The information contained in the Ivy Tech Community College-Columbus Region Annual Security Report is provided to members of the campus community in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. Ivy Tech Community College-Columbus Region collects statistical crime data from internal records from campus security authorities, as well as, local police records from the following police departments; Columbus, Greensburg, North Vernon, Nashville, Seymour and Franklin. As required by law, the Region reports this information to the Office of Postsecondary Education on an annual basis.

### **About Ivy Tech Community College-Columbus Region campuses**

Ivy Tech community College-Columbus Region is a community college which encompasses more than 10,000 students and over 300 faculty and staff members. The Columbus Region of Ivy Tech Community College has campuses located in Columbus, Franklin, Greensburg, Nashville, North Vernon and Seymour, and serves residents of Bartholomew, Brown, Decatur, Jackson, Jennings and Johnson counties. The main Columbus Region campus is located in Columbus, Indiana, just 45 miles south of Indianapolis. Despite the tragic events at other colleges around the country, Ivy Tech Community College-Columbus Region, has not experienced any significant major crimes in the past. However, crime and violent events can happen at any time and any place. Always be aware of your surroundings and take necessary precautions.

### **Ivy Tech Community College-Columbus Region Department of Public Safety**

There is not a Department of Public Safety located at the Ivy Tech Community College-Columbus Region location. The Department of Public Safety is headquartered at Ivy Tech Community College-Central Office located in Indianapolis. Developing and maintaining a safe and secure college campus is the responsibility of all students, faculty and staff and is developed with the Department of Public Safety. Within the Ivy Tech community, the Department of Public Safety is assigned the primary responsibility of identifying programs, methods, and approaches to help all Ivy Tech Community College Regions maintain a reasonably safe and secure environment. They provide safety trainings and threat assessments when needed to the Ivy Tech Community College-Columbus Region. When you review the statistics, you will note that Ivy Tech Community College-Columbus Region is a safe campus. The safety you experience on campus is due in part to the combined efforts and partnerships of many different departments and individuals.

Ivy Tech Community College-Columbus Region is dedicated to serving the community with integrity, impartiality, sensitivity and professionalism. To fulfill our mission, we will build public trust by holding ourselves to the highest degree of ethical and professional standards.

Thank you for taking the time to view the Ivy Tech Community College-Columbus Region Annual Security Report. If you have any questions about this report or the campuses, please contact the Office of Student Affairs at 812-372-9925.

**SAFETY AND VIOLENCE PREVENTION NOTICE**  
(Student Handbook)

Ivy Tech Community College is concerned with the safety and security of its students, staff, and faculty, as well as guests and visitors on Ivy Tech campuses. In this age of increased threats in schools and the workplace, people have a heightened sense of concern for their own personal safety and safety of others. It is imperative that if you see or hear a threat that you report it immediately. The intent of this notice is to remind persons of the college's policies regarding safety and violence and provide guidance for persons who perceive that someone has made a threat. The appropriate college administrators will deal with actions or statements (including notifying local law enforcement officials) that a reasonable person could interpret as leading to an act of possible violence. Comments such as a statement to "get even" with someone, a threat to kill or injure someone, or to "blow up the building" are examples of threatening or intimidating language. The comment does not need to be made directly to the potential victim. Persons who believe that violence is their only alternative to settling a conflict are encouraged to consult with the Vice Chancellor for Student Affairs or the Executive Director of Human Resources for recommendations to connect to community mental health organizations.

Ivy Tech Community College strives to provide a safe place for all students. Violent behavior, direct or indirect threats, harassment, or intimidation will not be tolerated. It is the responsibility of all students to help keep the school safe by monitoring their own behavior and reporting incidents involving other students in any form of violence or threatening behavior. Determination of physical assault, battery, or forcible sex offenses will be grounds for immediate dismissal. A student may appeal these sanctions by following the appropriate appeal process. All student actions/behaviors are also governed by local, state and federal laws and regulations.

**IVY TECH CAMPUS SECURITY SERVICES**

Ivy Tech Community College-Columbus Region provides security during evening hours Monday-Friday from 5:00 p.m. to 11:00 p.m. and on Saturdays from 8:00 a.m. to 5:00 p.m. at the main Columbus Campus (when the main campus building is open). This security is provided by Campus Safety Officers who are non-sworn contract officers. Criminal arrest cases occurring on campus are handled by the appropriate local authorities. During the evening hours, as well as weekend hours, persons are encouraged to call 812-348-SAFE or (812-348-7233) for security assistance. During daytime hours persons are encouraged to call the front desk/answer center at 812-374-5101 or 812-374-5123 for emergency assistance.

## **Security Personnel**

**Campus Safety Officers (CSO)** are non-sworn personnel who perform security, parking enforcement and traffic control functions.

## **Citizen Complaint Procedure**

Complaints by members of the public regarding Ivy Tech Community College Campus Security personnel may be made at any time, in person, by mail, email or by phone. Ivy Tech Facilities team members will investigate complaints of substandard service or alleged misconduct by Campus Security employees. Investigations will be conducted in a timely manner with fairness and impartiality. The Director of Facilities will review completed investigations and implement appropriate corrective measures. Complainants will be notified in writing of the outcome of their complaint. Questions regarding Citizen Complaint Procedures may be addressed to the Ivy Tech Community College-Columbus Region Facilities Director at 812-374-5223.

## **Timely Warnings**

In the event that a situation arises, either on, or off campus, that, in the judgment of the Director of Facilities, constitutes an ongoing or continuing threat to the community, a campus wide “timely warning” will be issued. The warning may be issued through any means appropriate including: the Ivy Tech “Campus Connect” website, Text message/Text Alert, email and voicemail.

## **Accident Reports**

Persons are encouraged to fill out an Accident Form at the front desk/answer center if they have been involved in an accident occurring on campus property. These files are kept for insurance/emergency purposes. Accident Forms will have the victim’s information, along with the events that occurred.

## **Lost and Found**

The Answer Center operates a lost and found service during normal business hours. Call 812-374-5101 or 812-374-5123 for additional information.

## **Dead Battery Jump Start Service**

Campus Security and Facilities can assist with a dead battery jump start service for all students and employees.

## **Security Escort Service**

Ivy Tech Campus Safety officers will provide a walking escort to and from your vehicle upon request at any time for your added safety and peace of mind. Call the Office for Student Affairs at 812-372-9925 to have this service arranged.

## **EMERGENCY MEDICAL RESPONSE PROCEDURES**

Students, faculty, staff, and guests should report any emergency medical situations to the Answer Center at 812-374-5101, or call 911. When calling ensure the campus location is given and the nature of the emergency. The correct emergency personnel will be contacted to assist in the situation.

## **CAMPUS SECURITY AUTHORITIES**

The federal law known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) requires “Campus Security Authorities” to report campus crime statistics to the Department of Education on an annual basis. At Ivy Tech Community College-Columbus Region, Student Affairs gathers and compiles the statistical information from Campus Security Authorities.

“Campus Security Authorities,” as described by the Clery Act, include security and law enforcement officers, deans, coaches, advisors to student clubs or organizations; and other campus officials who have “significant responsibility for student and campus activities,” such as, but not limited to, student discipline and campus judicial proceedings. *Professional and pastoral counselors are exempt from the reporting requirement while working within the scope of a license or certification.*

Campus Security Authorities provide **STATISTICAL** information only to the Ivy Tech Campus Security. This process ensures that the information provided does not include any personal information. For the purposes of collecting statistical information for the Annual Security Report, the Campus Security Authorities at Ivy Tech-Columbus Region include the following positions:

- Facilities Director
- Vice Chancellor for Student Affairs
- Director of Student Life
- Human Resources
- Vice Chancellor for Academic Affairs

## **SEXUAL HARASSMENT AND SEXUAL ASSAULT INFORMATION**

Sexual assault is the commission of an unwanted sexual act, whether by an acquaintance or by a stranger, that occurs without indication or consent of both individuals and occurs

under threat or coercion. Sexual assault can occur either forcibly and / or against a person's will, or when a person is incapable of giving consent. A person is legally incapable of giving consent if under 18 years of age; if intoxicated by drugs and/or alcohol; is developmentally disabled; or if temporarily mentally or physically unable to do so. Anyone can be the target of sexual assault, regardless of age, gender, race, ethnicity, sexual orientation, sexual history, or social class.

**Harassment Policy (Student Handbook)**

The college will not tolerate harassment based on gender (with or without sexual conduct), sexual orientation, race, color, religion, national origin, age, disability, and/or opposition to prohibited discrimination or participation in this or any other complaint procedure. This prohibition covers harassment against any student at an Ivy Tech Community College campus by anyone, including other students, employees or non-employees during any college activity or program. The policy prohibiting harassment includes adverse treatment of students because they report harassment or provide information related to such complaints. Sexual Harassment is simply one form of harassment covered by this policy. Sexual harassment encompasses unwelcomed sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature where:

- Submission to the conduct is an explicit or implicit term of student status (which includes academic and non-academic decisions).
  
- Submission or rejection of the conduct is the basis for any decision affecting that individual's student status; or such conduct has the purpose or effect of unreasonably interfering with an individual's academic performance or creates an intimidating, hostile or offensive academic environment. Sexual harassment would include, but not be limited to, actions such as: (1) sex oriented oral or written "kidding" or abuse, (2) photographs, drawings or graffiti of a sexual nature, (3) subtle pressure for sexual activity, (4) physical conduct such as patting, pinching, or constant brushing against another's body, and (5) explicit demands for sexual favors, whether or not accompanied by implied or overt promises of preferential treatment or threats concerning an individual's student status. Reporting and Complaint Procedure Students are encouraged to report harassment before it becomes severe or pervasive. A student who thinks that he or she has been a victim of harassment and who desires to file a complaint to that effect should report a complaint as follows:
  
- If the complaint is regarding harassment by another student, it may be filed with or reported to the Vice Chancellor for Student Affairs or an academic chairperson with the expectation that the harassing behavior will be a violation of the College's Code of Student Conduct, either on its own terms or as a violation of another college policy.
  
- If the complaint is regarding harassment by a college employee or contract employee, it may be filed with or reported to the Vice Chancellor for Student Affairs, any of the employee's supervisors, or with the Executive Director of Human Resources or anyone

else in a managerial role. All supervisors and members of management to whom a complaint of harassment is brought or who independently observe behavior prohibited by the harassment policy are to report the complaint of harassment or information about harassment promptly to the highest ranking official at the respective facility who is not the alleged harasser, to the Vice Chancellor for Student Affairs or to the Director of Human Resources. (Ref. Ivy Tech Student Handbook)

### **Stalking Definition**

"Stalk" means a knowing or an intentional course of conduct involving repeated or continuing harassment of another person that would cause a reasonable person to feel terrorized, frightened, intimidated, or threatened and that actually causes the victim to feel terrorized, frightened, intimidated, or threatened. The term does not include statutorily or constitutionally protected activity. Stalking anyone, at anytime while on campus is strictly prohibited.

### **If You Have Been Sexually Assaulted**

If you have been sexually assaulted, your first priority is your immediate safety. Don't be afraid to seek medical attention or ask for help. You have options. You are strongly encouraged to seek professional assistance and guidance.

### **Male Victims**

While most victims of sexual assault are women, some men are also victims. Male victims at Ivy Tech Community College receive the same services as women. Emotional support, counseling about options, information about resources related to legal issues and medical treatment are available to assist all those recovering from sexual assault.

### **If You Need Medical Attention**

For life threatening conditions,

- Call 911 and/or Campus Security
- Go to the nearest hospital or clinic

Faculty and staff should consult their primary care physicians or go to the nearest hospital emergency room.

### **Preventing and Responding to Sexual Assault**

Ivy Tech Community College-Columbus Region treats allegations of sexual assault seriously and will assist by referring survivors to 211-First Call for Help, a local agency that helps people in need connect to resources and services that can best meet their need. Ivy Tech Community College-Columbus Region is committed to treating survivors with care, compassion, and respect. In a campus setting, sexual assault often occurs when one or both parties are intoxicated from alcohol or other drugs or in connection with group activities where unanticipated social pressures may develop. Therefore, it is important to

understand that intercourse or other sexual activity with a person unable to give free and full consent (e.g., because of intoxication, substance abuse, or intimidation) may constitute sexual assault or rape. Furthermore, the offender's use of a mind-altering substance does not in any way diminish his or her responsibility for abusive behavior.

Ivy Tech Community College-Columbus Region encourages all students to be aware of personal safety in order to reduce the risk of victimization. Please read the information provided herein and in other publications from various sources and be aware of the effects of alcohol and other drugs and the dynamics of social gatherings.

### **Actions for Survivors of Sexual Assault**

We urge survivors of sexual assault to take the following steps:

#### **Get Medical Treatment**

**To get immediate medical treatment, call 911 or our security services at 812-348-SAFE (during evenings and weekends) and 812-374-5101 (during week days).**

It is important that a person who has been recently assaulted receive prompt medical attention to ensure that he/she is medically well. Because physical injury is not always noticeable at first, it is important to receive a medical examination and treatment as soon as possible. This may include screening and/or treatment for sexually transmitted disease and emergency contraception, if appropriate.

The examination may also include the collection of physical evidence for use in prosecution, if the survivor so chooses. Such evidence may increase the chances of successful prosecution, and its collection is therefore strongly encouraged. For this reason, survivors should not bathe or change clothes before seeking medical treatment. Forensic evidence is collected by a medical provider, usually in an emergency room, up to 96 hours following a sexual assault. Ivy Tech Community College-Columbus Region students can go to any nearby hospital emergency room. The medical exam and collection of forensic evidence are done simultaneously.

#### **Report the Sexual Assault**

The safety and well-being of survivors are of paramount importance. Ivy Tech Community College strongly encourages survivors to contact trained professionals for emotional support, medical services, and advocacy with reporting and or the criminal justice system.

#### **Contact options include:**

The Facilities Department  
The Vice Chancellor for Academic or Student Affairs Offices  
Domestic Violence-Rape Crisis  
Turning Point Domestic Violence Crisis Line

The Local Police Department

A medical treatment facility

Any trusted friend, adviser, or faculty member as soon as possible

The College urges survivors to consider contacting the Local Police Department to report the assault. Although the College strongly encourages pressing criminal charges, it respects the survivor's choice.

### **Seek Counseling**

The Columbus community offers a variety of counseling resources to survivors of sexual assault. For more information on the full range of supportive services we have provided a few numbers for reference: **Centerstone** 812-348-7449; **Family Service, Inc.** 812-372-3745; **Turning Point Domestic Violence Shelter**; 800-221-6311.

### **File an Internal Complaint within Ivy Tech Community College**

If the individual accused of a violation of the College's Sexual Assault Policy is an Ivy Tech Community College student, a complaint may be filed with the College. Students interested in initiating the Disciplinary Procedure for Sexual Assault should contact the Vice Chancellor for Student Affairs.

Any student accused for a violation of the College's Sexual Assault Policy while on campus will receive written notice of the complaint and a copy of the complainant's written statement, if any, unless the College believes there may be an issue of public safety, in which case a student may be called to a preliminary hearing without advance written notice. The responding student will be advised that he or she is presumed not to have violated the Policy and that he or she is expected to cooperate in the investigation of the complaint. Additionally, both the person bringing the complaint and the responding student will be advised of their rights to an advocate from the College community and of the potential penalties if he or she is found in violation. If reviewed and a violation of the Policy has occurred, a detailed report of testimony and findings shall be forwarded to both students and the Vice Chancellor for Student Affairs, with a recommendation for sanctions. The Vice Chancellor for Student Affairs shall then inform the student found in violation of the sanctions he or she is imposing and inform the student of his or her appeal rights in writing. An appeal must be submitted to the Vice Chancellor for Student Affairs within 14 days of the receipt of the sanctions. If no violation of the Policy is found, a summary report shall be sent to both parties.

### **Confidential Reporting**

If you are assaulted and do not want to pursue action within the Ivy Tech Community College system or the criminal justice system, you may still want to consider making a confidential report to the Ivy Tech Vice Chancellor for Student Affairs. With your permission, an Ivy Tech official can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself

and others. With such information, Ivy Tech can keep an accurate record about the number of incidents involving students, employees and visitors; determine if there is a pattern of assaults with regard to a particular location, method, or assailant; and alert the campus community to potential danger.

### **Consider Changing Living and Academic Situations**

Survivors of sexual assault may seek alternative class arrangements, and the College is required to provide them if they are reasonably available. The Vice Chancellor for Student Affairs will arrange these accommodations. Generally, alternative class arrangements depend on scheduling considerations and the availability of equivalent courses.

## **DRUG AND ALCOHOL POLICY (Student Handbook)**

### **Definitions**

A. Substances referred to under this policy include all illegal drugs, alcoholic beverages and misused legal drugs (both prescription and over-the-counter).

B. Illegal drugs refer to the illegal manufacture, distribution, dispensation, possession or use of controlled substances listed in the Indiana Controlled Substances Act (IC 35-48-1-1, et seq).

The purpose of the Drug-Free College Policy is to maintain a safe and productive teaching and learning environment and to be in compliance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act of 1989.

All students are expected to attend classes, labs, and college activities unhindered by the substances defined above. The college has established a drug-free awareness program for employees and students, and employees and students are expected to work together to maintain a teaching and learning environment free of illegal drugs.

The unlawful manufacture, distribution, dispensation, possession, and use of illegal drugs present a hazard to students, employees, and property and are not permitted at any property in use by the college, at any official function sponsored by the college, and at any course conducted by the college, except by special written permission of the Columbus Chancellor. Any student convicted of a criminal drug offense in or on properties controlled by the college, or while conducting college business is required to notify the Vice Chancellor for Student Affairs within five days of the conviction.

Any student who violates this policy is subject to disciplinary action. Such action may include, but is not limited to, dismissal from college classes, programs, and activities. The Vice Chancellor for Student Affairs is responsible for implementing the Drug-Free College Policy as it relates to students. As part of an effort to create a drug-free campus, Ivy Tech Community College believes that employees and students should be educated about the physical and emotional health risks associated with the misuse of alcohol and

drugs, treatment programs available in Indiana, and the possible legal consequences of drug and alcohol use.

The college encourages employees and students who experience problems with drugs and/or alcohol to seek help before these problems interfere with their performance at Ivy Tech Community College and endangers their health and safety.

## **FIREARMS AND VERBAL THREATS**

According to the Student Affairs Policies and Procedures Manual “students are entitled to a learning atmosphere free from discrimination, harassment, sexual harassment, and intimidation.” Also, “possession of firearms/ammunition and other weapons, dangerous chemicals, or any explosive or explosive device is prohibited on college property or at any college sponsored activity held elsewhere.” Employees are prohibited from “reporting to work or representing the college while possessing firearms or other dangerous devices” (Personnel Policies and Procedures). In addition, “employees are prohibited from making statements or taking actions that are potentially offensive and embarrassing to other employees, students or visitors of the college”. Employees who “threaten ongoing college operations, the health and safety of others or themselves,” can be accused of gross misconduct. Violation of these policies can result in a disciplinary action up to and including dismissal from the college (if a student) or termination of employment (if an employee). **Beginning July 1, 2010, it is illegal to have a gun or ammunition on postsecondary institution property, either in a vehicle or in a person’s possession.**

### **Reporting Procedure**

Students who believe that another student, employee, or visitor has made a threatening statement or has brought a weapon to college must immediately report the incident to Campus Security and the Vice Chancellor for Student Affairs. Likewise, employees who become aware of a threatening situation or potential for violence must contact Campus Security and the Executive Director of Human Resources. Persons making a report will be asked to provide as much detail as possible, including names of other witnesses, the name of the person making the threat or possessing the weapon, location, and other pertinent information that would be helpful in conducting a fair and accurate investigation.

### **Investigation**

Students filing complaints of harassment are assured the information about the allegation of harassment will be shared only with those who need to know about it. Records relating to harassment complaints will be kept confidential on the same basis. Complete confidentiality cannot be guaranteed since conducting an effective investigation would not be possible without revealing certain information to the alleged harasser and potential witnesses. Under no circumstances will the individual who conducts the investigation or

who has any direct or indirect control over the investigation be subject to the supervisory authority of the alleged harasser.

### **Determination**

After all of the evidence is collected, interviews are final, and any credibility issues are resolved, a determination as to whether a violation of campus policy occurred will be made and the parties directly involved informed of the determination. If no determination can be made because the evidence is inconclusive, the parties will be informed of this result. The standard of evidence used to determine responsibility is a “preponderance” (more likely than not) of evidence appropriate for determining that a violation has occurred.

### **Corrective Action**

After the determination is made, the college will undertake prompt and appropriate action, including discipline up to and including dismissal from the college or termination whenever it determines that a violation of these policies has occurred. The person(s) reporting the incident as well as the potential victim(s) will be informed of the outcome of the investigation and corrective action (if any).

## **REPORTING CRIME OR SUSPICIOUS ACTIVITY**

All students, faculty, staff and visitors at Ivy Tech are highly encouraged to report all crimes and security related incidents to Campus Security in a timely manner.

Anytime you need immediate assistance for security, fire or medical emergencies dial 911 or 812-348-SAFE during evenings and weekends and 812-374-5101 during week days.

### **Confidential Reporting Procedures**

All reports will be investigated. Ivy Tech Community College-Columbus Region does not have procedures for voluntary, confidential reporting of crime statistics. Violations of the law will be referred to law enforcement agencies when appropriate, and to the Vice Chancellor for Student Affairs for review. When a potentially dangerous threat to the College community arises, timely reports or warnings will be issued through e-mail announcements, the posting of flyers at local campuses, in-class announcements, or other appropriate means.

### **Off-Campus Crime**

When off campus, members of the Ivy Tech community are encouraged to report all crimes and Campus Security related incidents to the local police agency in a timely manner. In case of an emergency, call 911.

## **Solicitors**

Solicitation is not allowed by persons not associated with Ivy Tech Community College. If a solicitor or any suspicious-looking person approaches you on campus, call campus security immediately and provide a detailed description. Do not confront the person.

## **Voyeurism**

If you see or observe a “Peeping Tom”, it is usually best not to yell or try to detain the offender. He or she may panic and react in an unpredictable manner. If the offender runs away, note the direction in which he or she traveled. If there is a place from which you can observe safely, watch to see if the offender gets into a car, goes into another building, etc. Try to get a good description of the person, and immediately report the incident.

## **Obscene and Annoying Phone Calls**

- Hang up as soon as you realize the nature of the call. Do not try to find out who the caller is, even if you think it is a friend playing a joke.
- Use your answering machine to screen calls.
- If calls occur frequently, keep a log of exactly when the call was received and what both parties stated. Describe the type of voice and note any background noises.
- Consider changing your phone number, depersonalizing your answering machine message.
- If the calls continue, contact Ivy Tech security.

## **Building Security and Access**

Most academic and administrative buildings are open from 7A.M to 10:30 P.M., Monday through Friday. On occasion some labs and/or buildings are open after the published hours to accommodate certain events and activities. Campus security officers patrol during evening hours Monday-Friday and during the day on Saturdays. If special access is needed, contact the Answer Center at 812-374-5101 or Campus Facilities at 812-374-5204.

## **PERSONAL SAFETY AND SECURITY**

### **Safety is a shared responsibility**

In an effort to keep Ivy Tech Community College-Columbus Region Indiana safe, the cooperation, involvement, and support of all college members is essential. The safety and security of all staff, faculty and students is a top priority. In addition to the following advice, individuals should carefully assess and modify their own behaviors and habits to lessen their vulnerability to unsafe conditions.

### **Campus Safety Tips**

- Study or work with a friend in buildings at night.
- Use stairs in well-lit and populated sections of a building.
- Keep personal belongings in view while in class, the library, or lab.
- When in an elevator, position yourself next to the controls.
- Don't be reluctant to report illegal activities and suspicious loitering.

### **ATM Safety**

- Use indoor ATM machines whenever possible.
- Bring a friend when using the ATM, especially at night.
- Be alert and cautious of anyone loitering around the ATM/night deposit box.
- Complete your transaction quickly and leave immediately.
- Protect the Personal Identification Number (PIN) for your ATM by covering the screen while you enter the numbers.

### **Exercise Safety**

- Always exercise with a friend when outdoors at night.
- Stay in well-lit and populated areas at all times.
- Reserve public park use for daylight hours.
- Carry a personal safety device, such as a sound siren, mace or pepper spray.

### **On the street**

- Accept rides only from people you know.
- Take a friend with you for late night excursions.
- Walk on the part of the sidewalk closest to the street, as far away as possible from shrubs, trees, and doorways.
- Stay near people. Whenever possible, appear to be with a group of people.
- Stay in well-lit areas.
- Avoid short cuts through unpopulated areas.
- Walk at a steady pace: appear confident and purposeful.
- Be alert! Listen for footsteps and voices nearby.
- Remain calm and report suspicious activity.

### **WORKPLACE VIOLENCE / DOMESTIC VIOLENCE**

Please report all workplace violence events/actions immediately. The Correct personnel/committee investigates all reports of crimes. In serious cases, referrals are made to the Local Police Department. For non-criminal workplace issues, contact your direct supervisor or the Executive Director of Human Resources at (812) 374-5119.

## **Domestic Violence**

Domestic violence is a pattern of abusive and coercive behaviors used to maintain power and control over a former or current intimate partner. No one deserves abuse; it is a crime if someone physically hurts, threatens, or stalks you. The criminal justice system can be intimidating and confusing, but do not be afraid to call the police if you have been abused. The goal of the police and the legal system is to provide some measure of safety for victims of violence in relationships along with accountability and counseling for their abusers. If you have just been threatened, hurt or abused, or are being stalked by your current or former intimate partner, call 9-1-1. Tell the dispatcher that you are in danger and you need help immediately. The police are required to write an incident report for all domestic violence calls, even if the batterer has already left the scene when they arrive. Although it is best to make the report as soon as possible, you may also call the police hours, days, or months after you have been abused.

## **MISSING STUDENT / EMPLOYEE PROCEDURES**

In some instances, students and/or employees may for some reason not show up for classes, or work. While this is generally not a serious issue, sometimes events happen out of character or away from the “norm” for the individual. If you suspect a fellow student or employee has not been attending class, or work and they have not contacted anyone to make necessary arrangements, please contact your instructor/supervisor and the Office of Student Affairs. Unplanned events do happen, but if no one knows something is out of the ordinary, necessary measures may not be taken in a timely manner. Always have a plan for emergency contact instructions, provide information to the registrar upon course registration or to Human Resources upon being hired.

## **IDENTITY THEFT PREVENTION**

### ***At Home:***

Start by adopting a "need to know" approach to your personal data. Your credit card company may need to know your mother's maiden name, so that it can verify your identity when you call to inquire about your account. Your financial institution should have your pertinent information; therefore, it is unadvisable to share personal data over the phone. Also, the more information that you have printed on your personal bank checks -- such as your Social Security number or home telephone number -- the more personal data you are routinely handing out to people who may not need that information.

If someone you don't know calls you on the telephone and offers you the chance to receive a "major" credit card, a prize, or other valuable item, but asks you for personal data -- such as your Social Security Number, credit card number or expiration date, or mother's maiden name — ask them to send you a written application form.

Review the application carefully when you receive it and make sure it's going to a company or financial institution that's well-known and reputable. The Better Business

Bureau can give you information about businesses that have been the subject of complaints.

***Travel:***

If you're traveling, have your mail held at your local post office, or ask someone you know well and trust; another family member, a friend, or a neighbor to collect and hold your mail while you're away. If you have a telephone conversation while you are traveling, and need to pass along personal financial information don't do it at an open telephone booth where someone can listen to what you are saying.

**If your identity is stolen**

Protecting yourself from identity theft is not a sure thing. But there is much you can do if you realize your identity has been stolen:

- Contact the local fraud department of each of three major credit bureaus. Tell them that you're an identity theft victim. Request that a "fraud alert" be placed in your file, along with a victim's statement asking that creditors call you before opening any new accounts or changing your existing accounts.
  - **Equifax to report fraud: 1-800-525-6285**
  - **Experian to report fraud: 1-800-397-3742**
  - **TransUnion to report fraud: 1-800-680-7289**
- Contact the creditors for any accounts that have been tampered with or opened fraudulently. Speak with someone in the security/fraud department of each creditor, and follow-up with a letter.
- If your social security number has been used illegally, contact the Social Security Fraud Hotline at **1-800-269-0271**.
- File a report with the local police department.
- Keep records of everything involved in your efforts to clear up fraud, including copies of written correspondence and records of telephone calls.

**EMERGENCY PREPAREDNESS INFORMATION**

**Emergency Response and Evacuation Policy**

Ivy Tech Community College-Columbus Region will initiate, without delay and taking into account the safety of the college community, the usage of the Ivy Tech Alert emergency notification system in the event of a significant emergency or dangerous situation on campus that involves an immediate threat to the health or safety of students, staff, faculty and visitors.

The notification will go out to everyone on the Ivy Tech Alert system upon confirmation of the significant emergency or dangerous situation unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. The content of the message will vary depending on the situation.

Regularly scheduled drills, exercises, and appropriate follow-through activities, designed for assessment will be conducted each semester. Emergency Evacuation Plans are posted in every building/hallway on campus. Emergency Action Guide flipcharts are posted in every classroom area on each campus.

The evacuation plan provides a floor plan of each campus location, identifying the locations of all exits, fire alarm pull stations and fire extinguishers. The evacuation plans list instructions for response to a fire and tornados.

### **Emergency Communications**

After an emergency such as a tornado, local phone lines may have reduced capacity. Do not make calls immediately after an emergency unless it is a life safety situation – leave the lines available for emergency services. One way to keep in touch with your relatives after an emergency is to call an out-of-area phone contact. Ask the out-of-area contact to call all of your other relatives and friends for you to tell them that you are ok. Emergency notification on campus will be in the form of emergency text message, email, public address system, word of mouth, or any combination of the mentioned actions.

### **Building Evacuations**

#### **Before an Evacuation:**

- Familiarize yourself with evacuation procedures for the building; locate the nearest exit and fire extinguishers.
- Find the Emergency Assembly Point (EAP) for your building.

#### **During an Evacuation:**

- Evacuate when you hear the sound of an alarm in a campus building. (Drills are no exception.)
- Exit the building quickly and safely, closing the exit door behind you.
- Wear shoes.
- Never use elevators – always use the stairs.
- Help others to evacuate – knock on doors, check bathrooms as you leave the building. Help those with a physical disability evacuate the building if they need help.
- An alarm may be part of a crime in progress – be alert for suspicious persons or activity.
- If the alarm in a building has been set off by accident, call 9-911/9-1-1 immediately and explain the situation.
- Report any vandalism or tampering with the alarm immediately.

### **Ivy Tech Columbus Lockdown Procedures**

This procedure is used when there is an immediate threat to the safety of the Ivy Tech Campus population. College staff and students are secured in the rooms they currently occupy and no one is allowed to leave until the situation has been curtailed. This procedure is most likely to be used when an armed intruder has entered the building or is known to be in close proximity of the premises. This procedure was created for your safety. Periodic lockdown drills are conducted through the year to identify improvement opportunities.

An emergency Lockdown will be announced by intercom. Only the words “Lockdown, Lockdown, Lockdown” will be used so as to eliminate confusion with other possible announcements. If you have first-hand knowledge of an immediate threat such as an armed intruder, please execute lockdown procedures immediately. When possible, contact emergency authorities using a cell or school phone by dialing 9-1-1 or contact the front desk/answer center at 812-374-5101. Note\* You must first dial 9, then 9-1-1 when using a school phone. If no phone is available, please report to the front desk/answer center.

### **Ivy Tech Community Emergency Weather Procedure**

During time of unstable weather, the front desk attendant or other designated person(s) will monitor local police scanner for weather related information.

Upon hearing a scanner announcement and/or the tornado sirens, the designated person(s) will use the paging system to advise all occupants of the building to seek shelter immediately in the designated in-place shelter rooms of 151, 302, 304, 306, 308, 310 and 312. Everyone within the building other than those assigned to perform certain emergency tasks, must proceed immediately to the designated shelter areas and remain there until notice to return is given. Designated personnel will assist persons into the rooms and scan the building to ensure no persons remain in any other areas of the building. Once the threat has passed, an announcement will be made on the paging system stating that it is safe to resume normal operations

### **Ivy Tech Community Fire/Evacuation Emergency**

Upon hearing fire alarm sirens, all occupants must exit the building immediately via the nearest exit. Faculty and supervisors will gather and account for their students and employees in a central location at a safe distance from the building until the emergency has passed. Gathering places for the Ivy Tech building will be in the parking lot nearest to the exit doors used for evacuation. During inclement or threatening weather, immediately after reporting to the gathering place, all persons should proceed to the nearest unaffected building to seek shelter. For the main Ivy Tech building, this will be the Columbus Learning Center (CLC) building. Authorized personnel will scan the building to verify that all occupants have exited the building. Note\* In some cases scanning the building may be hindered by smoke or other factors. It is imperative that all

supervisors and faculty account for their employees and students at the gathering place and notify the appropriate safety personnel of any missing persons. Everyone other than those assigned to perform certain emergency tasks by facilities/security personnel must remain in groups at a safe distance from the building until authorized personnel give instructions that it is safe to return to the building.

## **FIRE SAFETY INFORMATION**

What to Do in Case of Fire;

If you discover a fire in a campus building:

Immediately pull the nearest fire alarm as you exit the building. When evacuating the building, remember to feel doors before opening them to be sure that there is no fire danger on the other side. If you must enter a smoke-filled room or hallway, stay low, keeping one hand on the wall to avoid disorientation and crawl to the nearest exit, keeping your head near the floor. Once you are safely away from danger, call the emergency number for your campus to report the fire. If you are off campus, dial 911. Leave the building at once, but stand-by to direct emergency teams to the location of the fire.

### **Fire Response Dos and Don'ts**

- DO treat every alarm as an emergency. If an alarm sounds, exit the building immediately. DON'T assume that a fire alarm is a drill or test. All building alarm systems are tested as required by law, but these tests are announced in advance.
- DO remain in your room if you cannot get out of the building because of heat or smoke.
- Call Public Safety right away. Keep the door closed and await assistance from the Fire Department.
- If smoke is entering around the door, stuff the crack under the door with clothing or other material to block the smoke from entering.

### **Building Fire Equipment/Doorways**

- Buildings are equipped with a variety of features that are designed to detect, stop and/or suppress the spread of a fire.
- A door can be the first line of defense against the spread of smoke or fire from one area to another. Some doors, such as fire doors in corridors or stairwells are designed to stand up to fire longer than those of an individual room. It is important that these doors are **CLOSED** for them to work.
- Additionally, if a door has a device that automatically closes the door, it should NOT be propped open.

- Sprinklers are 98% effective in preventing the spread of fire when operating properly. **DO NOT** obstruct the sprinkler heads with stacked boxes or other equipment or objects.
- Smoke detectors cannot do their job if they are disabled or covered by the occupant, which is a violation of College Policy.
- Almost  $\frac{3}{4}$  of all fires that are caused by smoking material are the result of a cigarette being abandoned or disposed of carelessly.
- **Smoking is NOT PERMITTED in any Ivy Tech building or on College property.**

### **Annual Campus Fire Reporting**

Ivy Tech Community College-Columbus Region **does not** own, operate or rent student housing on any of its campuses. However, we have included fire precaution information and statistical information in our Annual Security Report. Ivy Tech Community College-Columbus Region does conduct drills each semester including FIRE, TORNADO and LOCKDOWN drills. Everyone should always be alert and aware of their surroundings at all times. Drills help to keep building occupants aware of their surroundings, as well as, up to date on proper procedures.

## Annual Crime Statistics

In compliance with the Federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998 (formerly the Crime Awareness and Campus Security Act of 1990), the following page contains reported crime statistics for Ivy Tech Community College – Columbus Region over the last three calendar years.

### Criminal Offenses (Main Campus & Satellite Locations)

<b>Criminal Offenses - On campus (Main Campus)</b>

## **ANNUAL SECURITY REPORT REQUEST**

Crime Statistics reported in this publication include only Ivy Tech – Columbus Region campus locations. Copies of this publication can be obtained by calling:

**The Office for Student Affairs: 812-372-9925**

Visit the US Department of Education Office of Post-Secondary Education Campuses Security web page at <http://ope.ed.gov/security>.

### **Campus Sex Crimes Prevention Act: Section 1601 of Public Law 106-386**

The "Campus Sex Crimes Prevention Act" is a federal law, which requires institutions of higher education to issue a statement, in addition to other disclosures under the act, advising the campus community where law enforcement agency information provided by a State concerning sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, or is a student.

**Indiana Registered Sex Offender website:** <http://www.insor.org/insasoweb/>

\*Information contained on this site provides no representation as to any offender's likelihood of re-offending or the nature of any future crimes that may be committed.

Information in this registry may not be used to harass or threaten offenders or their families. Harassment, stalking, or threats may violate Indiana State law.

## Appendix A: Crime Definitions

The definitions provided below are to help you better understand what information is being requested. The definitions were obtained directly from the US Department of Education, Office of Postsecondary Education website.

### Definition of Locations and Crime Categories

<u>Locations</u>
<b>Campus:</b> Statistics include academic and office areas, all student / staff lounge areas on the main campus location.
<b>Non-campus</b> statistics consist of off-campus buildings and property owned or controlled by Ivy Tech Community College-Columbus Region.
<b>Public property</b> statistics consist of streets, sidewalks, and parking facilities contiguous to, but not within, the campus. These statistics are provided voluntarily by surrounding agencies.
<u>Crime Categories</u>
<b>Homicide: Murder / Non-negligent Manslaughter:</b> The willful killing of one human being by another.
<b>Negligent Manslaughter:</b> The killing of another person through gross negligence.
<b>Forcible sex offenses:</b> Any sexual act directed against another person, forcibly or against that person's will. Includes forcible rape (totaled separately), forcible sodomy, sexual assault with an object, and forcible fondling.
<b>Non-forcible sex offenses:</b> Unlawful non-forcible sexual intercourse. Includes incest and statutory rape.
<b>Sex Offenses Reported to College Administrators:</b> This category includes incidents reported to College officials, regardless of where they occurred, in which the victim chose not to file police reports.
<b>Robbery:</b> The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.
<b>Aggravated assault:</b> An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. (It is not necessary that injury result from an aggravated assault when a gun, knife, or other weapon is used which could and probably would result in serious personal injury if the crime were successfully completed.)
<b>Burglary: Structures</b> - the unlawful entry into a building or other structure with the intent to commit a felony or a theft. <b>Vehicles</b> - the unlawful entry into a locked vehicle with the intent to commit a felony or a theft.
<b>Theft: Motor vehicles</b> – the theft of a motor vehicle, including automobiles, trucks, motorcycles, golf carts and mopeds. <b>Bicycles</b> – the theft of any bicycle, regardless of value. May include bicycles taken during the commission of a burglary.
<b>Arson:</b> Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling, house, public building, motor vehicle or aircraft, or personal property of another.
<b>Hate Crimes:</b> Any of the above listed crimes and any other crime involving bodily injury reported to local police agencies or to a campus security authority in which the victim is intentionally selected because of the actual or perceived race, gender, religion, sexual orientation,

ethnicity, or disability of the victim. Under the new Higher Education Opportunity Act of 2008, campuses now must report Hate related Larceny-Theft, Simple Assault, Intimidation, and Property destruction or vandalism.

**Arrest:** A person (juveniles included) taken into custody (jail) or a citation issued for violation of liquor, drug or weapons laws (defined below).

**Disciplinary Referral:** The referral of any person to any campus official who initiates a disciplinary action of which a record is kept and which may result in the imposition of a sanction. If both an arrest and disciplinary referral are made, only the arrest is counted.

**Liquor Laws:** The violation of laws prohibiting the manufacture, sale, purchase, transportation, possession, or use of alcoholic beverages. Driving under the influence and drunkenness violations are excluded.

**Drug Laws:** Violations of laws relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs. The relevant substances include: opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics (Demerol, methadone); and dangerous non-narcotic drugs (barbiturates, Benzedrine).

**Weapons Laws:** The violation of laws prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, knives, explosives, or other deadly weapons.

## Appendix B: Fire Definitions

### Fire Safety Definitions

<p><b>Cause of fire:</b> The factor or factors that give rise to a fire. The causal factor may be, but is not limited to, the result of an intentional or unintentional action, mechanical failure, or act of nature.</p>
<p><b>Fire:</b> Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.</p>
<p><b>Fire Drill:</b> A supervised practice of a mandatory evacuation of a building for a fire.</p>
<p><b>Fire-related Injury:</b> Any instance in which a person is injured as a result of a fire, including an injury sustained from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of the fire. The term person may include students, faculty, staff, visitors, firefighters, or any other individuals.</p>
<p><b>Fire-related Death:</b> Any instance in which a person is killed as a result of a fire, including death resulting from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of a fire. A fire related death is may also be when a person dies within one year of injuries sustained as a result of the fire.</p>
<p><b>Fire Safety System:</b> Any mechanism or system related to the detection of a fire, the warning resulting from a fire, or the control of a fire, including:</p>
<ul style="list-style-type: none"> <li>• Sprinkler or other fire extinguishing systems</li> <li>• Fire detection devices</li> <li>• Stand-alone smoke alarms</li> <li>• Devices that alert one to the presence of a fire, such as horns, bells, or strobe lights</li> <li>• Smoke-control and reduction mechanisms</li> <li>• Fire doors and walls that reduce the spread of a fire</li> </ul>
<p><b>Value of Property Damage:</b> The estimated value of the loss of the structure and contents, in terms of the cost of replacement in like kind and quantity, including:</p>
<ul style="list-style-type: none"> <li>• Contents damaged by fire</li> <li>• Related damages caused by smoke, water, and overhaul</li> <li>• Does <i>not</i> include indirect loss, such as business interruption</li> </ul>
