

ACCOUNTING

Accounting is more than numbers. It is a diverse and dynamic field vital to business. Accounting is the language of business. The Accounting program develops critical thinking skills and an understanding of the systematic process used to identify, record, report and analyze business transactions for use in decision making. Students will be exposed to financial and managerial accounting principles, cost, taxation, computerized accounting and related topics.

Degrees & Certificates Offered (Wabash Valley Region):

Associate of Applied Science (AAS)

Associate of Science (AS)
