Mr. Steve Schreckengast  
Mr. Kerry Stemler

The following Trustees were absent:  
Mr. Bradley Clark  
Mr. Harold Hunt

A. NOTICES OF MEETING MAILED AND POSTED:

Trustee Andrew Wilson, Secretary, confirmed that notices of the February 6, 2020, regular meeting were properly mailed and posted.

B. APPROVAL OF BOARD MINUTES:

Trustee Garatoni moved for approval of the minutes of the December 5, 2019, board meeting. Trustee Emmert-O’Dell seconded the motion and the motion carried unanimously.
C. COMMITTEE REPORTS:

Item 1  Chairman Anker called upon Trustee Gretchen Gutman, Chair of the Audit Committee to give a report from the committee. Trustee Gutman reported there are no action items from the Audit Committee. The Audit Committee discussed the following issues: reports to the confidential hotline, an update on pending litigation, a cybersecurity report, and the exit conference related to the federal compliance audits that took place in December. They reviewed the audit schedule for 2019-20 and the three-year audit plan and internal audit reports that had been issued since the last meeting.

Item 2  Chairman Anker called upon Trustee Michael Dora for a report from the Academics & Student Experience Committee. Trustee Dora reported there are no action items for approval.

Dr. Emily Bobo, Professor of English at Bloomington is the outgoing chair of faculty council. She shared the work of the Academic Freedom Taskforce, change in reporting of hours for faculty, and the beginning of an academic due process task force that will review policies that will allow for the protection of academic freedom. Ms. Jennifer Schaeffer, the current chair of the faculty council, reported on the children in the classroom policy, input for the Single Mom’s initiative and the work of faculty council in supporting major college initiatives including 8 week classes, IvyOnline, and Inclusive Tuition. Dr. Monroe and Dr. Ellspermann recognized Dr. Bobo as the outgoing chair of faculty council.

Kathryn Stremiecki spoke about Ivy Assist, a social services web platform powered by the company Aunt Bertha. Students use Ivy Assist to search for agencies and services in their local area. These services include, but are not limited to, food, housing, transportation, and financial assistance. Stremiecki demonstrated the student’s experience as they use the platform. Since the launch of the Ivy Assist website last June, over 15,000 unique Ivy Tech users have logged onto the site. Over 40% of the searches have taken place outside of business hours. The most common search terms are food pantry, help pay for gas, and help find housing.

Additionally, Stremiecki and Dominick Chase provided an overview of the Uber Pilot. This pilot has been launched to assist students who are experiencing a transportation barrier. Students needing transportation assistance work with Ivy Cares staff to set up an Ivy Tech Uber account that will offset the cost of an Uber ride to campus, or pay for the ride in its entirety. Students who use the service will be tracked to compare their completion rate to the general completion rate.
Matthew Pittman provided an update on IvyOnline. This fall IvyOnline ran 421 sections which was an increase of four more sections as compared to Fall 2018. However, while that was a small increase in the number of sections, IvyOnline also served more than 1,000 additional students this fall over last. While a few additional sections ran, those sections were at higher enrollment (closer to the cap). The average section size in IvyOnline was between 2 and 3 students higher this fall than the same courses last fall. In terms of outcomes, the data follows much of the same trends as we saw with other courses. First 8-week courses have the highest success rate followed by 16 week and 2nd 8-week courses. A couple highlights were BIOL 101, which saw an enrollment increase this fall of 39%, success rates improved 4.2%, and withdrawal rate dropped by 1.1%. INFM 109 was another course that had significant improvements including a success rate bump of 4.8% and a decrease in withdrawal rate by 2.7%. IvyOnline will continue to work with faculty and curriculum committees to ensure that each course has positive outcomes for our students while maintaining academic rigor.

Within IvyOnline, Faculty Leads serve as the academic lead for online course offerings, and this involves providing opportunities for faculty growth in the online environment. Examples of such opportunities include piloting new technology, such as the Perceivant dashboard and Packback discussion board platform. Faculty leads also leverage the new structure of IvyOnline to build community so faculty can connect as online faculty members across campuses. To gauge faculty buy-in, the Faculty Leads surveyed current IvyOnline instructors. After the initial semester of IvyOnline, the results from current IvyOnline faculty were positive and supportive of IvyOnline's direction so far.

Drs. Stacy Atkinson and Cory Clasemann-Ryan provided an update on the College’s 8-week course initiative. In Fall 2019, the College offered more than half of its courses in an 8-week format, with students having a higher passing rate in these courses than in 16-week courses. Ivy Tech continues to utilize 8-week champions and mini-grants to support this initiative.

Mary Anne Sloan provided a programmatic overview of the Nursing program. Current and projected nursing demand in the state were reviewed. An overview of the various nursing programs was provided with respective enrollment, graduation rates and NCLEX pass rates for the past 3 years, all having increased year over year. Proposed programs were highlighted. Ms. Sloan highlighted the regulatory consideration and market challenges that are present in Indiana and may influence nursing enrollment. Several possible initiatives were discussed that could allow for increased nursing enrollment as well as improved student success. Ms. Sloan reviewed the current nursing program fees and nursing faculty
salaries and proposed a possible solution to increasing nursing faculty statewide.

**Item 3**
Chairman Anker called upon Trustee Andrew Wilson for a report from the **Workforce Alignment Committee**. Sr. Vice President for Workforce and Careers Chris Lowery and members of his senior leadership team presented updates on various Workforce and Careers initiatives:

The Systems Office CCEC team is now fully staffed, and alpha campus executive directors have been hired. Other alpha campus positions (coaches, employer consultants, and career experience coordinators) will be filled over the next several weeks.

$11.33M in external funding has been secured to date for the initial implementation of the Career Coaching and Employer Connections (CCEC) initiative; an additional $700K in funding is pending and other discussions are taking place at varying stages, including with Lumina Foundation and Strada Foundation.

A Resource Toolkit and technology platform for the Career Action Plan is being further developed for use with students starting this spring, and other possible technology solution discussions are ongoing with Strada.

**Item 4**
Chairman Anker called upon Trustee Kerry Stemler for a report from the **Human Resources & Operations committee**. Trustee Stemler reported there are no action items for approval.

Julie Lorton-Rowland, Sr. Vice President Human Resources, provided us with a year in review look at several key achievements that relate directly to Strategic Goal 5 – Become Known as a Great Place to Work. The review included achievements originating from Goal 5 strategy tactics, HR/Legal initiatives, Faculty Council recommendations, process improvement initiatives, employee engagement, and voice of the customer feedback. Whether led by strategy teams, or through collaboration and support by the statewide HR team and other college teams we crossed the finish line on many efforts.

From faculty to staff, part-time and full-time, these achievements are an investment in our workforce and have a positive impact on all employee groups. Julie shared a list of early starters for 2020 and spoke briefly to that work which is underway.
Item 5
Chairman Anker called upon Trustee Jesse Brand for a report from the **Budget & Finance committee**. Trustee Brand reported there is one action items for approval. The committee received an update on OIT, Legislation, Debt & Capital Leases, Federal Loan Default Rate, and Tax Intercept & Budget Status

Trustee Brand moved for approval.

**Resolution 2020-6**, Approval of Bond for Treasurer and Assistant Treasurer Systems Office

Trustee Garatoni seconded the motion and the motion carried unanimously.

Item 6
Chairman Anker called upon Trustee Steve Schreckengast for a report from the **Building and Grounds Committee**. Trustee Schreckengast reported there are four action items for consideration and approval. The committee received an update on the status of the Columbus capital project, on State Board approved contracts, and on XBE spend.

Trustee Schreckengast moved for approval.

**Resolution 2020-1**, Approval to Enter into Lease with City of Columbus Board of Aviation Commissioners, Columbus Campus

Trustee Garatoni seconded the motion and the motion carried unanimously.

Trustee Schreckengast moved for approval.

**Resolution 2020-2**, Approval of the Contract for the Architectural and Engineering Services for the Columbus Building Replacement Capital Project, Columbus Campus

Trustee Wade seconded the motion and the motion carried unanimously.

Trustee Schreckengast moved for approval.

**Resolution 2020-3**, Approval of the Contract for the Design Architect Services for the Columbus Building Replacement Capital Project, Columbus Campus

Trustee Brand seconded the motion and the motion carried unanimously.

Trustee Schreckengast moved for approval.
Resolution 2020-4, Approval of the Contract for the Construction Manager as Constructor (Cmc) for the Columbus Building Replacement Capital Project, Columbus Campus

Trustee Hughes-Schuh seconded the motion and the motion carried unanimously.

Item 7

Chairman Anker called upon Trustee Stephanie Wade for a report on the Marketing and Public Relations Committee. The Marketing and Public Relations report provided the Board an update on the total number of applications the College has received this year and that number has now exceeded 78,000. Marketing efforts and campus recruitment teams drive those numbers. The College is pushing March start classes via marketing and earned media more than ever before. The digital marketing efforts continue and are performing well. In order to build more awareness that a student can start classes at Ivy Tech in March, radio and outdoor has been purchased throughout the state. A number of new digital campaigns to push for March classes are being rolled out on a weekly basis statewide and the team continues to monitor the success of those campaigns and shift dollars and invest additional dollars with those campaigns that are working. He heard about how the College expanded its partnership with the Indiana Latino Institute as efforts continue to focus on better targeted efforts and to maximize long-standing relationships. We also learned the College generated over $4.5 million dollars in earned media in 2019 and is off to a great start in 2020 have already $1 million in earned media. And finally, we got an update on the important brand research project being managed by the marketing team and we look forward to that research helping answer questions about the College’s name, its perception and what messaging resonates with various audiences.

D. TREASURER’S REPORT:

Chairman Anker called upon Matt Hawkins, Sr. Vice President/Chief Financial Officer, to provide the Treasurer’s Report.

Matt Hawkins noted the reserve is trending about $4M above budget, primarily due to investment income. They are working closely with investment advisors, monitoring effects of coronavirus on the fixed income market and our portfolio. The colleges expenses are trending $1M below budget. This represents about 2% of our overall budget. Seven months in to fiscal year 2020, Hawkins is comfortable with both revenue and expenses and our projections for year end.
Trustee Dora moved for approval of the Treasurer’s Report. Trustee Garatoni seconded the motion and the motion carried unanimously.

E. STATE OF THE COLLEGE

Chairman Anker called upon President Ellspermann to provide State of the College.

President Ellspermann called upon Becky Miller, Assistant Vice President of Philanthropy and Brain Thomas, Executive Director of Grants Office to give a report on the Foundation. The Foundation recognized Bill Goins who passed on January 11. Bill served as a State Trustee from 1995-2008 and served on Foundation Board for 22 years.

2019 was one of our finest years, $54.9M of donations and grants 2020 goal reached as of December 31, 2019, and as of January 31, 2020, we are at $50.3M, exceeding the Statewide campaign target by $8.7M. Increased pipeline management, moving from annual planning towards 3-5 year planning with campaign, it is important to keep momentum moving. There are a few unknowns which could affect campaign, including the 2020 Presidential election and a potential recession. She highlighted Board giving, Lilly Endowment Initiatives, the Circle of Ivy Highlights raising over $500k in 4 years and nearing 800 members, and Giving Tuesday which raised $68k from 588 donations (matching funds last two years attribute to success).

President Ellspermann invited James Poore, The Poore Organization and Owner/Operator of four McDonalds in Northwest Indianapolis, to discuss the McDonald’s Archways to Opportunity. McDonald’s provides employees at is stores the opportunity to earn a college degree and/or certificate with little to no cost with their tuition assistance program which provides up to $2,500 from crew members and $3,000 for managers. Employees are eligible after 90 days with a minimum of 15 hours of work per week.

President Ellspermann provided updates on the metrics noting fall-to-spring retention is currently at 70% and discussed efforts to help with enrollment. Among those efforts the Volunteer Firefighter Scholarship to recruit and retain volunteer firefighters in rural communities which is championed by Representative Randy Frye, and Uber Solution solve transportation challenge for students, particularly where bus transportation is not robust, this is the first collaboration in the country between higher education and Uber.

F. OLD BUSINESS

Chairman Anker called for old business, but there was none.

G. NEW BUSINESS

Chairman Anker called for new business.
Trustee Garatoni moved for approval of

**Resolution 2020-5**, Appointment of Campus Board of Trustees

Trustee Schreckengast seconded the motion, and the motion carried unanimously.

**ADJOURNMENT**

With no further business to come before the Board, Chairman Anker called for a motion to adjourn the meeting. Trustee Wade moved for approval to adjourn the meeting. Trustee Schreckengast seconded the motion and the motion carried unanimously.

Agenda:

1. Global Workforce Skills Certificate
2. Reverse Transfer Update
Global Workforce Skills Certificate

A proposal to add a statewide financially-aid eligible CT offered at any campus choosing to offer the program.

Emily Watson
Associate Professor, English
Indianapolis Campus
First Steps in Program Development

• Summer 2018: Center for Study of Global Change at IU invited Ivy Tech to receive Title VI funding as a National Resource Center—Grant includes support funding for developing a certificate at Ivy Tech that will provide students with global workforce skills

• Simplex held on December 7, 2018: Fuzzy situation: What are “global workforce skills that need to be included in the new global workforce certificate?”

• 22 attended—the following learning skills emerged as priorities:

1. Global Communication, including inter-cultural communication
2. Cross-cultural competency
3. Understanding geography and current events
4. Understanding global economy
5. Leadership Skills in Cross-cultural workplace
6. Religious and secular traditions and events
7. Awareness of global Indiana
8. World languages (not required)
9. Opportunity for Study Abroad (not required)
Employer Need

- Spring 2019: TPMA (Thomas P Miller Associates) interview representatives from Cummins, Heartland Payment Systems, Old National Bank, and Parkview Health to gain input on the content of the certificate.

- Representative from Cummins: “It would be a rare commodity to have that knowledge and understanding of what are the obstacles or challenges of global business”.
Curriculum Development Timeline

- Three Ivy Tech faculty inventory all Ivy Tech courses (more than 700) to identify existing courses with relevant global content
- Jessica Pitstick from Lafayette, Emily Watson from Indianapolis and Aaron Miller from Columbus did the final review. Lori Roe from Warsaw, Kim Guard from Richmond and Pierre Atchade from Bloomington also evaluated course content

- A curriculum of record is developed to incorporate 21 credit hours with a new introductory and capstone course required for all students
- June 21, 2019—Draft curriculum is reviewed and approved by statewide global studies coordinators and representatives from workforce development
- Fall 2019: Prerequisite options are approved by business and communication curriculum committees to remove hidden prerequisites from required courses
- Spring 2020: Final draft curriculum submitted to SBOT for approval

Curriculum Spreadsheet
Program Outcomes

- Demonstrate an understanding of intercultural communication
- Interpret and critique techniques of effective communication
- Analyze the significance of religious and secular traditions within various cultures
- Examine and evaluate the ways that the global economy operates and its impact on business practices
- Display an appreciation and understanding of the specific leadership skills and strategies appropriate for cross-cultural workplaces
Target Student Population

• Working Adults--Current employees of businesses with a global footprint
• Incoming students who wish to prepare for specific global careers with a foundation of global competencies
• Existing students who desire to supplement their current program with skills designed specifically for globally-focused positions

Employee Health and Retirement Benefit Summary

Ivy Tech is committed to offering and maintaining a competitive benefits package to support our employees and their family. Ivy Tech employees have access to a variety of health and welfare benefits, as well as retirement plan opportunities. These benefits are an essential piece of our employees’ total compensation, and we are dedicated to providing excellent customer service and resources to help them best utilize the College’s benefit programs.

All benefit contracts are negotiated on a statewide basis. These plans and contracts are on a calendar year renewal.

Detailed information for all benefits can be found at www.ivytech.edu/hr/benefits.

The coverage below is available to all full time, benefits-eligible employees

Medical/Pharmacy

The College offers the choice between two self-funded health plans, a standard PPO and a high deductible health plan (HDHP) with a Health Savings Account (HSA). Both of these plans offer access to a broad network of providers through the Anthem Blue Access PPO network. 72% of employees who participate in the medical plan are in the HDHP.

Per the ACA, part-time employees who exceed an average of 30 hours during a measurement period must be offered health coverage. Using IvyBenefits, the College’s benefits administration system, we are able to assess who should receive an offer of coverage. Coverage was offered to 33 people, and one person has enrolled for the 2020 plan year.

The College shares the cost of the coverage with the employee. On average, the College pays 83% of the premium for the plans.

The plan covers approximately 87% of our eligible employees. The total plan population is over 5,700 members and includes employees, dependents, retirees, and COBRA participants.

Stop Loss coverage is negotiated on an annual basis. The limit continues to be $450,000. Four participants exceeded this limit in 2019.

The College is a member of the Indiana Aggregate Prescription Drug Purchasing Program (IAPPP) consortium. The State of Indiana negotiates the contract on behalf of the members, which also include Purdue, IU, and Ball State. CVS Caremark was selected as the IAPPP pharmacy benefit manager beginning January 1, 2018.

In 2019, the top five chronic conditions by prevalence were: 1) Hypertension, 2) Metabolic Disorders, 3) Hyperlipidemia (high cholesterol), 4) Depression, 5) Diabetes. The top four diagnosis groups by paid amount were: 1) Cancer, 2) Cardiac Disorders, 3) Gastrointestinal Disorders, 4) Musculoskeletal Disorders.

The overall plan performance continues to be stable. The severity or expense of the claims is increasing, however, there are fewer people on the plan. The College’s medical and pharmacy trends are between 3-5%, and the CVS Caremark rebates offset that trend. The plan received approximately $2.7 Million in rebates for the 2019 calendar year. Because of the plan stability, we are not anticipating an increase in
the existing health plan budget. Final health plan funding requests will be included in the June budget request.

**Dental**

Ivy Tech provides comprehensive dental benefits through Delta Dental. This self-funded plan allows employees to use both in- and out-of-network providers for dental treatments. Delta Dental offers two networks, Premier and PPO. The College shares the cost of the coverage with the employee. 88% of full-time employees are enrolled in the dental plan.

We do not anticipate an increase in the dental plan budget.

**Flexible Spending**

Flexible Spending Accounts (FSA) allow employees to pay for additional qualified expenses before taxes are taken out of their pay. The College offers a General Purpose Flex Account, a Limited Purpose Flex Account, and a Dependent Care Account.

**Life Insurance and Disability Coverage**

Life insurance provides protection for the family of our employee. In addition to Basic Life insurance provided by the College, employees can purchase Additional Life insurance and Dependent Life insurance to fit their needs.

The College offers both Short Term Disability and Long Term Disability coverage. Disability insurance is designed to replace a portion of income to help meet financial obligations if the employee is unable to work for an extended period of time due to a nonwork-related accident or illness. The College shares the cost of Long Term Disability coverage.

UPDATE: The current contract with The Standard ends December 31, 2020. The College has begun the RFP process for the contract which will begin January 1, 2021. We anticipate the completion of the RFP in June and will present the recommendation at the August Board meeting.

**Employee Assistance Plan (EAP)**

UPDATE: The RFP for the College’s first statewide EAP was completed in March. The EAP will be available to full-time employees and those living in the employee’s home. The analysis team selected Humana as the provider. Humana provides a number of services in addition to counseling. Eligible participants have the opportunity to have one-on-one life coaching sessions, access legal and accounting professional services, and other life/work resources. The annual cost of the contract is $53,400 which will be included in the Fringe budget. The three-year contract will begin on July 1, 2020.

The analysis team included:

- Christine Butler – Director of Employee Benefits
- Heather Hart – Executive Director of Human Resources, Lafayette
- Amber Young – Executive Director of Human Resources, Muncie
- Kelly Murphy – Executive Director of Human Resources, Sellersburg
- Jennie Vaughan – Chancellor, Bloomington
- Mike McNichols – Vice President of Human Resources, Systems Office
BeLively – Employee Wellbeing Program

This program is intended to encompass all of the College’s statewide wellbeing initiatives including financial education, healthy lifestyle education and programs, and stress management.

The 2020 initiatives include the QuitNow Tobacco Cessation Program, Solera Health Management, Anthem MyStrength, Anthem Healthy Lifestyles, and Your Money Line.

The QuitNow program is available to all employees at no cost. Employees enrolled in the medical plan who use tobacco products pay an additional $500 in premium over the course of the calendar year. For the 2019 plan year, 187 employees self-reported as tobacco users. 33 employees enrolled and completed the QuitNow program.

The Solera Health Management program is a Diabetes Prevention Program available to qualified members of the College’s health plan. As of December 2019, 273 participants are enrolled in the program, and 47 have completed Milestone 4 which is a 5% loss in body weight. The health plan has paid approximately $97,500 in claims for the program.

Anthem MyStrength is an online tool for emotional wellbeing. It is a resource for a number of emotional health topics such as anxiety, depression, chronic pain, mood, mindfulness, stress, and substance abuse support.

Anthem Healthy Lifestyles is an online portal where employees participating in the medical plan can get a clear picture of their health through a Wellbeing Assessment, set personalized wellbeing goals and earn prizes.

UPDATE: In February, the College launched a partnership with Your Money Line to provide financial counseling/education to our full-time employees and their immediate families. The goal is to meet our employees where they are by providing access to a financial concierge team.

UPDATE: The current contract with Gregory & Appel ends on December 31, 2020. We will begin the RFP process for a new contract in late spring with the goal of having a decision by mid-summer.

The coverage below is available to all employees including adjunct faculty and part time employees

Vision

The College provides all employees the opportunity to enroll in a comprehensive vision care program through VSP. VSP is a nationally recognized vision plan that has a wide network of providers. The Plan is a PPO-type plan which pays higher benefits when using in-network providers.

Voluntary Benefits

Employees have the opportunity to enroll in Whole Life, Critical Illness, and Accident coverage. Coverage is offered Guaranteed Issue for newly hired employees.
Ivy Tech provides two different plan options for identity theft protection through Identity Guard. Employees can enroll at any time of the year.

**Retirement Plans**

Ivy Tech provides comprehensive retirement programs to provide for our employees’ long-term financial security along with education and planning resources to help maximize this benefit.

The College has partnered with Transamerica Retirement Solutions as the recordkeeper for the 403(b) Defined Contribution Plan and the 457(b) Deferred Compensation Plan.

All employees are immediately eligible to make voluntary contributions to the plan(s). All eligible employees receive the Non-Elective College Contribution to the 403(b) Plan.

In April 2019, the College instituted auto-enrollment at 2% into the retirement plan for newly hired full-time, benefits-eligible employees. Of those hired, 70% have maintained their enrollment in the plan.

As of 12/31/2019, the total plan assets was approximately $545 Million. 55% of the assets are with Transamerica, the remainder is with TIAA in individual contracts.
Rapid Recovery and the Post COVID-19 Ecosystem

April 2020
Rapid Recovery and the Post COVID-19 Ecosystem

- **Situation Assessment**
  - The Governor and state leadership are focused on the health and well-being of Hoosiers.
  - This proposed ecosystem focuses on the livelihoods that are at risk for lower skilled workers, including those who will have lost a job, will be underemployed, or whose job will change.
  - Dynamic shifts are already occurring in the labor market.
  - Some sectors will be hard hit, such as restaurants/hospitality/service, and facing difficult recovery.
  - Labor market supply and demand will be misaligned; more analysis (quantitative and qualitative) is needed to determine actions needed within the ecosystem.
  - A rapidly, thoughtfully developed approach will be necessary to undergird the livelihoods of individuals, employers, and communities across the Hoosier state.

- A Core Team/Steering Committee has emerged to quickly build out the Situation Assessment, Vision, Strategy, and Work Plan to create the Rapid Recovery and Post Covid-19 Ecosystem.
  - Led by Governor and the Governor’s Workforce Cabinet
    - Teresa Lubbers, Chair, and PJ McGrew, Executive Director
  - Fred Payne, Commissioner, DWD
  - Carol D’Amico, EVP, Strada Education
  - Chris Lowery, SVP of Workforce and Careers, Ivy Tech
  - Tom Miller, President & CEO, TPMA - Facilitator and Consultant
Rapid Recovery and the Post COVID-19 Ecosystem

- Supply and Demand is needed and can be provided as follows
  - DWD and unemployment data for labor market impact
  - Emsi, a Strada company, for key quantitative data aggregated from multiple sources
  - Brookings and AEI reports for additional contextual analysis gleaned from U.S. Census data
  - Ivy Tech’s Chancellors/campuses and economic sector VPs and teams for community and sector qualitative input from employers
  - Strada/Gallup existing and proposed surveys for consumer/learner understanding of training and educational goals and needs
  - Building a weekly Situation Report (Sit Rep) in conjunction with Rapid Recovery team

- Training and Education ideas
  - Short-term and online - Ivy Tech, utilizing full range of programming, credit and non-credit
  - Stackable from non-credit to credit-bearing credentials as applicable for lifelong learning trajectory (training, industry certifications, certificates, technical certificates, degrees)
  - Eligible currently or with changes for Next Level Jobs/Workforce Ready Grant funding and others
  - Honoring of adult learners by leaning into Prior Learning Assessments as a piece of the puzzle for learners - CAEL, a Strada company, can provide significant support in this space
Rapid Recovery and the Post COVID-19 Ecosystem

- Career Coaching for Individuals, High Tech and High Touch, could be deployed statewide to support learners interested in this program.
  - Goal is to provide virtual group and individual support, via professional coaching services, in all 92 counties
  - Inside Track, a Strada company, could provide student and adult learner coaching programs, capacity building, and training
  - Skillful Indiana could provide support via the Governor’s Coaching Corp alumni; the first cohort includes 30+ individuals who have been professionally trained; 30+ are in the second cohort
    - Skillful Indiana could provide skill/competency training webinars to connect employers with talent more rapidly and change paradigm of statewide hiring and training for Indiana workforce
  - High Tech and High Touch resources available through DWD and Work One locations could be geared toward this effort
  - Ivy Tech’s new Career Coaching and Employer Connections team, currently being deployed at six campuses in the alpha phase, could support with Career Coaches and Career Experience Specialists
Rapid Recovery and the Post COVID-19 Ecosystem

- **Online Rapid Recovery Employment Hub**
  - One stop website for employment resources, job postings, and statewide tools for job seekers and employers: Indiana Rapid Recovery Employment Hub
  - Resource Tool Kit with examples of exemplar resumes/LinkedIn profiles, interview tips, etc. (Ivy Tech has RTK examples ready to share)
  - Comprehensive statewide job listings with ability to apply for roles; option for employers to post roles.
  - Links to various career coaching resources statewide.
  - Pipeline platform (Futures, Inc.) could be deployed quickly: job board, career exploration/research; self-assessment tool; EMSI geographic specific data.
  - Blogs/videos/podcasts with tips, strategies and resources for job seekers. Content provided by Ivy Tech, Skillful, Ascend, Strada companies, DWD, etc.
  - Links with info about COVID-related unemployment insurance, SBA emergency loans, community resources, etc.
Rapid Recovery and the Post Covid-19 Ecosystem

- **Partner Considerations**
  - Demand/Employer partners and their aggregators will be critical to help assess and match individuals to employment opportunities
    - Leading employers, even geographically, like Lilly, Cook, Old National Bank, and others
    - Leading member organizations like the Indiana Chamber of Commerce, TechPoint, others
  - Supply/People partners and aggregators will be critical to help disseminate information and create pipelines of opportunities
    - DWD through the UI system
    - Leading aggregators like Community Based Organizations and places of worship (e.g. Flanner House, Shepherd Communities, Eastern Star, and others) throughout the state
    - Use of existing Ivy Tech platforms such as Achieve Your Degree, linked to specific employer and community partner talent needs and supporting high touch concierge service to sponsored students

- **Marketing that is High Tech and High Touch**
  - Reference partnership above
  - Digital, geofencing, social media, earned media, and traditional advertising

- **Deployment that is Rapid - The Timeline**
  - First Core Team Meeting - March 24
  - Gubernatorial Review of Concept at High Level - March 30
  - Situation Assessment - April 3
  - Vision and Strategy - April 6
  - High Level Plan Developed - April 9
  - Gubernatorial Review of Plan with Lubbers - April 10
Goals 1, 2, 3, 4, 6, 7

US DOL Grant Award – Apprenticeships: Closing the Skills Gap

So What

• Provides funding to train faculty, offloads for embedding SACA certifications, and some equipment and upgrades
• New Industry 4.0 certifications in industry programs and as stand alone skill upgrades
• Potential new degree in digital manufacturing

Now What

• Utilize this grant and the AACC Expansion grant to train and offload faculty for course revision
• Review and approve curriculum for stand alone certifications
• Add equipment as needed
• Market to companies and students as apprenticeships and upgrades
• 3200 apprentices and journeypersons trained

• Ivy Tech awarded nearly $4 million
• One of 28 awardees across the country
• Only award in Indiana
• Supports capacity building around Industrial Internet of Things Apprenticeship Expansion (IIoTAE)
Goals 2,3,4
Achieve Your Degree (AYD) / Adult Learner Strategy

AYD represents growing enrollment, retention, completion pipeline
- To date, Spring 2020 AYD enrollment = 1,350; 2019-20 AYD enrollment = 1,988, up 9% from last year
- Nearly 4,000 AYD employee-students served over last four years
- AYD shows strong retention and completions (76% Fall-to-Spring retention; over 1,000 credentials earned)

Employer interest continues to expand, especially with help from Indiana Chamber
- 31% increase in active AYD agreements with employer partners over past year; now at 216 MOUs
- Chamber partnership seeing results; members represent nearly 68% of new AYD MOUs since January 2019
- Outreach messaging focus on AYD as way to support employer talent recruitment and retention

So What
- Adult learner success necessary to achieving our Strategic Plan goals
- Indiana employers view upskilling incumbent workers as key strategy to meet talent needs
- AYD valuable tool to meet enrollment/completion and employer challenges across the state

Now What
- Continue to work closely with Chamber to drive AYD expansion
- Develop ROI tool for AYD and other College strategic initiatives, including CCEC
- Utilize AYD as one model informing overall adult learner strategy development
Goal 4
Salesforce Pathway for Business Operations Application Technology

• Created a two course sequence for Salesforce Administration (non-programming)
  • Enhancement of a current customer service management course
  • New class: advanced to step up Salesforce competencies to complete Trailhead pathway in Salesforce ecosystem
• Trailheads are free and complement existing curriculum and degree

So What
• The two course pathway is likely to get students a higher wage than the entire degree without it
• Drives enrollment, quality, and employer connections

Now What
• Promote the pathway
• Work with companies using the Salesforce platform and send new or existing employees for skill building
Career Coaching and Employer Connections Update

So What?
• Raising the professionalism bar for CCEC teams:
  • Leadership; voice of customer consultant approach; transformational coaching
  • Focus on student enrollment/retention

Now What?
• Ft. Wayne Nursing Pilot to retain/redirect students not accepted into the program
• Career Action Plan (CAP) in Future State mapping process with Alphas
• Alpha Coach/Specialist/Consultant intensive trainings March-June
• Ft. Wayne Nursing Pilot to retain/redirect students not accepted into the program
• Career Action Plan (CAP) in Future State mapping process with Alphas
• Alpha Coach/Specialist/Consultant intensive trainings March-June

COMMUNITY COLLEGE

Updates
Congratulations! Sellersburg moving to C1

• Annually, all campuses are evaluated for C-level designations

• Fall 2018, Sellersburg designated a “rising” campus

• As of Fall 2019, status maintained for one year
  • Metrics where Sellersburg saw the most improvement – completions, job openings, population and non-credit headcount

• Upon board approval the C1 level is official
Visionary Board for Emerging Leaders (VBEL)

- Builds on HBR (June, 2019) concept of a “Shadow Board of Directors”
- Focus will be on diversity of thought, connecting to the organization and community, refreshing or invigorating new ideas, emerging technologies around
  - What is working and developing avenues to share best practices
  - What is not working and exploring measures to improve
  - Ways to improve outcomes at Ivy Tech Community College
  - Engaging students, employees, and the community at all levels of the College
  - Inclusivity and open-mindedness around emerging innovations and ideas

Brand Research Project Update

• Met with multiple companies in Indiana to consider as a partner
• Invited four companies to submit an RFP and draft a plan for this project
• The combination of Asher Agency (Ft. Wayne) and SMARI Market Research Experts (Indianapolis) was selected as the vendor partner
• Currently finalizing our agreement with Asher/SMARI (estimated $200-$250k)
• SMARI has the ability to complete research virtually
• The research team would like to engage with and interview trustees interested in being part of the research
• Jeff Fanter will reach out to see if you would like to take part in a phone interview with Asher/SMARI
