Trustee Brand moved for approval of

**Resolution 2016-20**, Approval to Enter into Statement of Work for Student Coaching Programs, Office of the President/Statewide
Trustee Garatoni seconded the motion, and the motion carried unanimously.

**Item 4**
Chairperson Hughes called upon Trustee Sue Livers, Member of the Committee, for a report from the **Planning and Education Committee**. Trustee Livers reported there is one action items for approval. Trustee Livers noted we had many updates.

Jeff Fanter and Kara Monroe presented on an initiative to review and address scheduling including block and predictive scheduling. A project is underway that is looking at four elements of scheduling and developing future state plans for these scheduling processes. Those are: predictive/block scheduling; multi-campus scheduling; the process of schedule building and recovery processes for student enrollment when classes are cancelled.

Survey results from students regarding preferences for course scheduling and information needed at new student orientation were reviewed. Some of the findings from the surveys are:

- Full Time students are equally divided between transfer and workforce objectives
- Part Time students are more focused on workforce objectives
- Overall, there isn’t one stand-out day/time frame preferred – however a few trends emerged:
  - 10 am to 12 pm is the most preferred time frame day for all students
  - Part Time students generally preferred evening courses more than full-time students and prefer almost as much at the 10-12 time frame.

A “new finding” is a preference for shorter term classes for students who want online classes

Students are very interested in receiving a year-long schedule of classes and even a prescriptive schedule of courses for their programs. There is also a preference for predictive scheduling a year in advance

Order of preference for students toward course selection

1. Location
2. Time
3. Day
4. Instructor
Students identified College resources and the importance of studying/class preparation as information for new student orientation. Next steps will be student focus groups in the fall – to follow-up on the information students relayed in the survey. Jeff and Kara will also use the information gained through this survey and the overall project to inform the revision of the College’s orientation program.

Jeff Fanter presented on Summer enrollment:
Summer 2016 enrollment is -4% from Summer 2015 (Summer 2015 enrollment was -7% from Summer 2014)
President Snyder reported there is a federal initiative to re-establish summer Pell grants which is expected to have a positive impact on future summer enrollment. An analysis of the tuition freeze relays that growth in summer enrollment from the tuition freeze will probably not offset the revenue reduction from the tuition freeze.

Russ Baker presented an update for the University Transfer Division. The differences between the AS degrees (transfer focus) and AAS degrees (workforce focused) were discussed. The AS degrees have more general education courses than the AAS degrees. The 30 cr. hr. general education core is embedded in each AS degree and transfers to public universities via state legislation. He also provided enrollment and completion data for the last four years that shows an increase in completions, while enrollment has followed the statewide decline.

The Transfer Division program enrollment percentage decline over the past several years generally reflects the overall percentage decline in the College’s enrollment. It was noted that the General Studies degree has the highest number of enrolled students (12,000+) within the division. Initiatives of the division were reviewed particularly noting reverse transfer which now has resulted approximately 100 students being awarded an Ivy Tech degree. It was noted that the process for awarding reverse transfer degrees requires significant staff time investment. A SWOT analysis was also reviewed that noted the challenge of the low full-time faculty/student ratio in the division.

Calvin Thomas, Larry Swafford and Chancellor Vaughan presented a new program proposal for a Technical Certificate and Associate of Applied Science degree in Optometric Technology at the Bloomington campus.
Indiana University requested that Ivy Tech Bloomington offer this program and there is a number of program support letters from community Doctors of Optometry and optical labs. The workforce demand for the program was reviewed from EMSI data. The program will be cohort based with limited enrollment. Breakeven is projected at 20 FTE which is expected to be exceeded in Year 2. Chairperson Hughes recommended a projected revenue/expense/margin statement and this will in incorporated in future new program proposals. The Planning and Education Committee recommends approval of Resolution 2016-21, Approval of a New Program (for Optometric Technology).

Trustee Livers moved for approval of

**Resolution 2016-21, Approval of Degree Program**

Trustee Halderman seconded the motion, and the motion carried unanimously.

**Item 5**

Chairperson Hughes called upon Trustee Brand, Member of the Committee, for a report from the **Audit Committee.** Trustee Brand reported no actions items. There are no action items from the Audit Committee, but discussed the following issues:

- We discussed the exit conference related to the federal compliance audit that took place in March. As part of the discussion of the federal compliance audit, it was noted that this was the 5th consecutive year where there were no federal findings. Since a majority of the federal audit relates to federal financial aid, the Audit Committee would like to take this opportunity to commend the ongoing efforts of the Financial Aid Department on this accomplishment.

- We discussed the reports to the confidential hotline and an update on pending litigation.

- We reviewed and approved the Internal Audit Department budget for fiscal year 2016-17.

- We reviewed and approved the Audit Committee Charter, the Internal Audit Department Charter, the Internal Audit Mission Statement, the Trustees Code of Conduct Policy, Trustees Conflict of Interest Policy,
and the procedures for confidential, anonymous submissions by employees.

- We reviewed the audit schedule for 2015-16, 2016-17 and the three-year audit plan.
- We reviewed internal audit reports that had been issued since our last meeting.

- **Item 6** Chairperson Hughes called upon Trustee Garatoni, Chair of the Committee, for a report from the Corporate College Committee. Trustee Garatoni reported there were no action items for the board to consider. Trustee Garatoni reported the committee heard an update Presentation by:

  - Chris Lowery; Kristen Moreland; and Mark Gerstle, (Corporate College Advisory Board and retired Cummins senior executive)
  - Chris discussed the process for looking outwardly for strategy development; he reviewed the state’s Career Council report, *Align, Engage, and Advance*, and its relevance to the strategy we should deploy as a college around workforce development; critical areas of note were:

    - Key economic sectors in the state, such as manufacturing, health care, and transportation, should be our focus
    - Metrics should be tied to employer and employee outcomes
  - Kristen reviewed the deep dive work that has been done in the past several months; areas of note were:
    - 80+ improvements that have been made to processes and systems
    - Voice of the Customer research and the strong desire of employers to collaboratively partner with Ivy Tech
    - Analysis of performance by economic sectors and product lines
  - Mark and Chris reviewed the proposed strategic framework for Corporate College and its role in workforce alignment and development; keys were:
    - **Vision** that is demand-driven, customer-centric, and high-quality workforce training and education for key economic sectors in the State of Indiana; Fiscal Performance Goals should Flow from Vision/Mission/Strategic Objectives.
    - **Mission** is to play a leading and collaborative role in the transformation of Indiana’s economy where: Employers will have the skilled workforce necessary to compete successfully in the global economy, and Employees will have the skills necessary to increase their productivity and income.

- **Key Objectives** are to:
  - Align with and **Focus** on Indiana’s **Key Economic Sectors**
  - Advance and Embed a **Demand-Driven, Voice-of-the-Customer Culture of Quality** to form a Deep Understanding of Each Customer’s Business Strategies and Goals
• Engage as a **Strategic, Collaborative Partner** with **Employers** and **Leading Organizations** at the **State** and **Regional** levels via Customer Councils or existing collaborative networks to close Skills Gaps
• Measure **Success** as Defined by **Employer and Employee Outcomes**
• Establish **Empowerment and Accountability** Culture with Clear Understanding of Roles, and Decisions for Strategic Alignment across the organization, including academic affairs, student affairs, and corporate college to be one face in partnering with employers
• Ask for your formal endorsement, with a motion and vote, of the strategy presented

F. **TREASURER’S REPORT:**

Chairperson Hughes called upon Senior Vice President Chris Ruhl for the Treasurer’s report

• Full year Tuition/fee revenue projected at $23 million below budget and 6% below prior year
• Other revenue sources projected to be on budget
• Salaries/benefits are trending 4% higher compared to prior year given key initiatives around faculty contract days and additional health care costs
• Supply and equipment expenses continue to trend below budget, helping to offset revenue declines
• On a net basis, through eleven months, FY 2016 operating income of $50 million is $16 million below prior year, due to lower tuition revenue and budgeted increases in salaries and benefits
• June is budgeted at a loss of $35 million to account for write-offs, funding various liabilities and transfers to R&R accounts

Trustee Garatoni moved for approval of the Treasurer’s Report.

Trustee Halderman seconded the motion, and the motion carried unanimously.

G. **STATE OF THE COLLEGE**

Chairperson Hughes called upon President Snyder for the President’s report. President Snyder called upon and introduced three new employees, Corey Back, Executive Director of Finance, Central Indiana; Ron Chojecki, Executive Director of Facilities, Lafayette; Marsha Jackson, Executive Director of Marketing and Communications, Southwest/Wabash Valley.

President Snyder introduced Brian Thomas, Executive Director of Grants for a brief report

**Total Currently Active Grants:**

APPROVAL OF A THREE-YEAR AGREEMENT WITH POCKET NURSE LLC FOR MEDICAL SUPPLIES

RESOLUTION NUMBER 2016-31

WHEREAS, the College will enter into a three-year agreement with Pocket Nurse LLC to provide medical supplies for the various health schools at all campuses, and

WHEREAS, the College sought proposals from bidders to provide medical supplies to replace the previous system, which included over twenty incumbent suppliers with a wide range of pricing models, and

WHEREAS, based on evaluations and negotiations with Pocket Nurse and other RFP respondents, the College has determined that Pocket Nurse offered the lowest total cost to the College for medical supplies, and

WHEREAS, the proposed agreement, which has an initial term of three years, enables the College to purchase consumable medical supplies at pre-negotiated, fixed prices, that are considerably less than current costs, and

WHEREAS, the proposed agreement establishes Pocket Nurse to be the College's exclusive provider of medical supplies, and

WHEREAS, the estimated cost for the three-year agreement is approximately $3.6 million, however the final total cost will depend on variables, such as program enrollment, and

WHEREAS, the State Board of Trustees of Ivy Tech Community College must approve any purchase by the College exceeding $500,000.

NOW THEREFORE BE IT RESOLVED, that the State Board of Trustees authorize and direct the College President, or his designee, to enter into a three-year agreement with Pocket Nurse LLC for medical supplies consistent with the terms described above after the Finance Agreement has been approved by the College General Counsel.

2017-2019 Capital Request Next Steps

- CHE requires a 10 year plan
- Require descriptions for each Capital Project in upcoming biennium
  - Ranked, Electronic submission
  - Due before September 5
- Also require details on buildings and assets to determine potential Repair and Rehabilitation funding (Building Master List & Infrastructure Reporting)

REQUEST: Approval to submit necessary information for 2017-2019 biennium
2017-2019 Capital Request Next Steps

August 2016
• Projects submitted to CHE for review

Fall 2016
• President to present capital requests to CHE and Budget Committee

December 2016
• CHE Commissioner recommends capital projects

January 2017
• President to present capital requests to General Assembly

Spring 2017
• Approved capital project list published

September 2017
• Budget Committee meeting minutes approved by Governor

* This is a best case scenario. Possible not all projects will receive bonding approval in the first budget year.
Questions?
I. Action Items:

A. Consideration of a Resolution Approving the Ivy Tech Help Desk Support Services Renewal

- Secured three bids: Incumbent IUITS; and two other service providers.
- Quotes for Service:
  - IUITS (2-year fixed at $801,742/year and an optional third year with no more than a 2% increase in labor costs);
  - Vendor B ($980,600 first year, 893,400 second year) SLAs were not as strong as IUITS
  - Vendor C ($1.12M).
- Our annual costs with IUITS will increase $33,000, however this four percent increase is significantly lower than the two other firms who had the capacity to meet our service/volume demands.
- Recommend to renew service with IUITS (2-year fixed at $801,742/year and an optional third year with no more than a 2% increase in labor costs) Total three-year cost may not exceed $2,425,000

B. Consideration of a Resolution Approving the Three Year Agreement with Pocket Nurse LLC for Medical Supplies

- Three-year agreement, with fixed pricing for the first year. Price increases in subsequent years must be approved by the College.
- A “core list” basket of 180+ frequently purchased items was developed based on past purchasing history. Core list items are deeply discounted, at 30-40% off list price.
- All non-core product offerings are discounted at 15-35% off list price, depending on product category.
- Pocket Nurse will have a completely customized electronic catalog that is fully integrated with the College’s e-procurement platform, Ivy Market.
- A conservative estimate based on prior year’s purchasing habits, and the new pricing model yield a 20% savings, or approximately $300K per year.
- The sourcing process was truly a collaborative effort, with key contributions from representatives from the Health Sciences, and Central Procurement. A team of volunteers from these departments participated in supplier evaluations, and provided feedback to ensure:
  - Pocket Nurse could provide excellent customer service to all Ivy Tech locations, including free shipping.
  - Pocket Nurse will provide a single point of contact for all customer service inquiries
  - Cost savings goals could be accomplished without sacrificing quality.
  - The program would be flexible to adapt to changes in spending habits in future years. The core list will be evaluated, and adjusted based on purchasing trends, at a minimum of once per year.

College earned a total of $24.5 million or 25% of the $100 million for all institutions.
2018-19 Biennium—State Operating

• What we know:
  – The fully funded performance formula across all institutions is 14% lower than the prior biennium due to decreased performance across all institutions, primarily in persistence, due in part to a 13% FTE drop
  – The College share of the pool is 25%; down from the historical average of 30%
  – Inclusion of 18-29 credit hour certificates added $2.3 million for the College
  – The College’s degree completion and at-risk degree completion continue to grow but the mix is changing to CTs and TCs which provide lower funding amounts
  – Remediation re-design resulted in percentage gains in all areas but raw numbers were small due to fewer students placed into remediation
  – Gross performance funding of $25 million for the College compares to a range of $18-$33 million over the past three state budget cycles
2018-19 Biennium—Operating

• What we don’t know
  – How much of the formula’s gross output will be recommended by CHE?
  – How much will each institution’s current appropriation be reduced to fund the formula?

• CHE’s recommendation in prior years has been approximately 50% of the gross formula output after consideration of these two factors
Line Item Requests

• Requests outside of operating appropriation
• Existing: Dual Credit, Workforce Certification, Southern Indiana Education Alliance, Ft. Wayne Public Safety lease and Nursing Partnership
  – Anticipate maintaining these requests
  – Dual credit has grown by 97% since last biennium – this will increase by millions, IF fully funded by CHE and the general assembly
• New line item requests under consideration

Dr. Kara Monroe
Vice President of Academic Innovation and Support
Purpose & Guiding Principles

Provide vision, leadership, and support to the transformation of teaching and learning – both digital and face-to-face – throughout Ivy Tech

Guiding Principles

- Teaching and learning can be enhanced through the innovative and creative application of new technologies, tools, and methods, but it is at its heart, a human process and can only take place with deeply engaged students & faculty.
- Students & faculty have a right to all course materials, at the lowest cost possible, from day one of the experience.
- Teaching and learning are both individual and communal experiences. Students & faculty have a right to engage in those experiences on their terms.
- Decisions about teaching and learning must be guided by data – both from the teaching and learning process as well as external frameworks and research.

Universal Design for Learning Guidelines

I. Provide Multiple Means of Representation
1. Provide options for perception
   1.1 Offer ways of customizing the display of information
   1.2 Offer alternatives for auditory information
   1.3 Offer alternatives for visual information

2. Provide options for language, mathematical expressions, and symbols
   2.1 Clarify vocabulary and symbols
   2.2 Clarify syntax and structure
   2.3 Support decoding of text, mathematical notation, and symbols
   2.4 Promote understanding across languages
   2.5 Illustrate through multiple media

3. Provide options for comprehension
   3.1 Activate or supply background knowledge
   3.2 Highlight patterns, critical features, big ideas, and relationships
   3.3 Guide information processing, visualization, and manipulation
   3.4 Maximize transfer and generalization

II. Provide Multiple Means of Action and Expression
4. Provide options for physical action
   4.1 Vary the methods for response and navigation
   4.2 Optimize access to tools and assistive technologies

5. Provide options for expression and communication
   5.1 Use multiple media for communication
   5.2 Use multiple tools for construction and composition
   5.3 Build fluencies with graduated levels of support for practice and performance

III. Provide Multiple Means of Engagement
7. Provide options for recruiting interest
   7.1 Optimize individual choice and autonomy
   7.2 Optimize relevance, value, and authenticity
   7.3 Minimize threats and distractions

8. Provide options for sustaining effort and persistence
   8.1 Heighten salience of goals and objectives
   8.2 Vary demands and resources to optimize challenge
   8.3 Foster collaboration and community
   8.4 Increase mastery-oriented feedback

9. Provide options for self-regulation
   9.1 Promote expectations and beliefs that optimize motivation
   9.2 Facilitate personal coping skills and strategies
   9.3 Develop self-assessment and reflection

Resourceful, knowledgeable learners

Strategic, goal-directed learners

State Board of Trustees Meeting

President’s Report

August, 2016
Indiana Career Council

In June 2014, the Indiana Career Council adopted

**Align, Engage, Advance: A Strategic Plan to Transform Indiana's Workforce.**

The plan has three pillars of transformation:
- system alignment
- worker- and student-centric services
- demand-driven programs and investments.
The Vision

Every Indiana business will find the **educated and skilled workforce** necessary to compete successfully in the global economy. Every Indiana citizen will have access to the information, **education and skills required for career success**.

![Align, Engage, Advance: A Strategic Plan to Transform Indiana's Workforce](image-url)
The Big Challenge

All Hoosiers will have the opportunity to access career pathways aligned to their interests, skills and personal employment goals. **At least 60 percent** of Indiana’s workforce will have the postsecondary knowledge, skills, and credentials demanded within Indiana’s economy by 2025.
A Growing Job Market

Over 150,000 jobs created in Indiana since 2013. Demand-Driven Data will be the key.
Demand-Driven Data

The Occupational Demand Report provided by DWD as a result of SB301 represents the expected workforce needs of Indiana employers for a ten-year projection, along with associated education and training that will be required to meet these workforce needs.

ACHIEVE YOUR DEGREE
IVY TECH COMMUNITY COLLEGE

CHANGING LIVES
MAKING INDIANA GREAT
Challenge Still Remains

- 1 million more degrees, half are ours.
- Need to be at a pace of 50,000 completions a year (today 20,000+)
- Meet the needs of the workforce based on demand-driven data - our chance to move Hoosiers into good jobs.
- Recruit for programs where there is a need in the workforce and retain those students.
- May reduce programs in regions where there is low demand, especially if available in adjacent region.
- Student success – doing everything we can to help students complete in their expected timeline.
Work in Progress

• Listening Tour – 750 faculty/staff.
• Team formed to analyze DWD data and inform our demand-driven alignment decisions.
• New Data Warehouse to support those and other decisions.
• Formation of Strategic Planning Process team.
• Double our Foundation goal creating more partnerships to secure resources we need.
• Roll out of Achieve Your Degree statewide.
Work in Progress

• New Senior Vice President/Chief Operating Officer Andy Bowne.
• Senior Vice President of Workforce Alignment interviews commencing.
• Posted Vice President of Government Relations position.
• New capital request process.
• Project Early Success launching.
Thank You
