The Automotive Technology program offers exciting careers and unlimited opportunities. Through the use of equipment used in the automotive industry today and ASE master certified instructors, students learn how to diagnose and repair today’s high-tech vehicles. This program will prepare students for entry-level employment with companies that require training in areas such as: electrical systems, engine performance, transmissions, brakes, steering and suspension systems, air conditioning systems and engine repair. Students are prepared to take industry standard certification exams from ASE.

**Degrees & Certificates Offered (Wabash Valley Region):**
- Associate of Applied Science (AAS)
- Technical Certificate (TC)
- Certificate (C)

**Typical Careers:**
- Body Repair Technician
- Damage Appraiser
- Automotive Service Manager
- Heavy Truck Diesel Technician
- Automotive Accessory Installer
- Hybrid Vehicle Service Technician
- Insurance Adjuster
- Toyota T-Ten Technician
- Automotive Service Technician
- Motor Sports Builder/Technician
- Part Sales/Counter Specialist

**POINTS OF PRIDE**
- One-year Technical Certificate for under $4,000.
- Our modern automotive lab is designed and setup like a new automotive dealership.
- ASE master certified instructors.
- Flexible scheduling to give students the choice of morning, afternoon or evening classes.
- Rebuild your own engine and test it on our new dynamometer (dyno) to measure vehicle horsepower and torque.
- As a Snap-on Certification Center, you can earn tool, safety, meter and torque certifications during your classes.
- 100% job placement after completion.

Certificate programs in this program are considered by the U. S. Department of Education to be "Gainful Employment" programs. Information about program length, cost, loan debt, graduates, and related occupations can be found at [http://www.IvyTech.edu/academics/gainful-employment.html](http://www.IvyTech.edu/academics/gainful-employment.html).
