About the Experience

Roshun Radford
Associate Professor of Communications
Ivy Tech Community College Columbus
Growth Mindset in the Classroom ...

What does this mean to you?

What is one Growth Mindset strategy that everyone can implement immediately in their classroom?
Final Thoughts ...

The Essence of a Growth Mindset

When students believe that their choices and behaviors impact outcomes then they continue to stay in the course and succeed. And when they believe that there is a set ability or standard, and they fall or begin to fall below this standard, they quit.
