The BRAND NEW Crime Scene Photography Interdisciplinary Technical Certificate is now available! This program will allow individuals to earn a college credential, outside their particular program of study; or for individuals already in the field -- to build on skills already attained to open up even more career opportunities.

Skills gained through classes will be in photography, criminal justice-related topics such as investigation, evidence, and forensics, as well as computer graphics. The 31 credit hours can be completed in one year.

**COURSES NEEDED:**

**PHOTOGRAPHY**
PHOT 104: BASIC PHOTO
PHOT 107: INTERMEDIATE PHOTO
PHOT 209: STUDIO LIGHTING

**VISUAL COMMUNICATIONS**
