Secretary
Dated this 27th of November 2019
Chairman Terry Anker called the meeting of the State Board of Trustees to order at 1:00 pm at the Evansville Campus, 3501 N. First Avenue, Evansville, Indiana.

ROLL CALL

Chairman Terry Anker called the roll and the presence of a quorum was announced.

The following State Trustees were present:

Mr. Terry Anker, Chairman  
Ms. Stephanie Wade, Vice Chair  
Mr. Andrew W. Wilson, Secretary  
Mr. Jesse Brand  
Mr. Michael R. Dora  
Ms. Kim Emmert O’Dell  
Mr. Larry Garatoni  
Ms. Marianne Glick  
Ms. Gretchen Gutman  
Ms. Paula Hughes-Schuh  
Mr. Stewart McMillan – via phone  
Mr. Kerry Stemler

The following Trustees were absent:  
Mr. Bradley Clark  
Mr. Harold Hunt  
Mr. Steve Schreckengast

A. NOTICES OF MEETING MAILED AND POSTED:

Trustee Andrew Wilson, Secretary, confirmed that notices of the October 3, 2019, regular meeting were properly mailed and posted.

B. APPROVAL OF BOARD MINUTES:

Trustee Brand moved for approval of the minutes of the August 8, 2019, board meeting. Trustee Garatoni seconded the motion and the motion carried unanimously.
C. **RECOGNITION OF IMMEDIATE PAST CHAIRPERSON**

Chairman Anker recognized Trustee Hughes-Schuh for her service to the College and the State Board of Trustees having served two terms as the Board Chairperson. President Ellspermann joined Chairman Anker for the presentation of appreciation.

D. **COMMITTEE REPORTS:**

- **Item 1**  
  Chairman Anker reported the Board met on Wednesday an Executive Session in which they received personnel updates.

- **Item 2**  
  Chairman Anker called upon Trustee Gretchen Gutman, Chair of the **Audit Committee** to give a report from the committee. Trustee Gutman reported there is no report as the committee did not meet.

- **Item 3**  
  Chairman Anker called upon Trustee Michael Dora for a report from the **Academics & Student Experience Committee**. Trustee Dora reported there are no action items for approval.

  Matt Etchison and Jeff Fanter opened the meeting with a discussion of the new Student Mobile App. Students are using the app and have given it high praise already. The OIT team will continue to add new features to the mobile app and integrate it more deeply into college applications - including the nation’s first integration with Starfish. The Trustees are also encouraged to download the app.

  Dr. Monroe provided a status update on the alpha launch of IvyOnline which includes the first 39 courses to be brought into this new delivery model which maximizes class capacity and provides additional support for students and faculty. Enrollment in online courses included in IvyOnline has increased this semester and with second eight week classes will continue to increase. Additional faculty and student support as well as new classes will be added in the spring semester.

  Dr. Rebecca Rahschulte provided an overview of a collaborative project that is underway, facilitated through the K-12 Office of Career and Technical Education, which project will include redesigning the secondary CTE curriculum. Through partnership with Ivy Tech Community College and Vincennes University, revised secondary programming will be backward designed from post-secondary ensuring rigorous curriculum that will allow for the completion of a Technical Certificate (TC) prior to graduation from high school. Historic post-secondary completion data for
high school students was shared showing the growth in completions awarded to secondary students prior to graduation from high school.

**Item 4**
Chairman Anker called upon Trustee Marianne Glick for a report from the **Workforce Alignment Committee**. Trustee Glick reported there were no action items for the board to consider. Aaron Baute, Vice President for Business, Logistics, and Supply Chain and member of the Workforce and Careers senior leadership team, presented updates on various Workforce and Career initiatives:

- More than 20 Ivy Tech Information Technology (IT) students statewide participated in the AT&T FirstNet Hackathon, winning first place for Best Opioid Crisis app and second place for Best Student app. The participants will share lessons learned from the experience with IT faculty and other students.
- Ivy Tech recently developed a new national registered apprenticeship program for Byrider—the first ever registered apprenticeship in the automotive sector. Ivy Tech will partner with other colleges across the country to deliver the curriculum.
- Valparaiso campus received the NIPSCO Education Award in September 2019 for its exemplary partnership with NIPSCO to create the high-demand Energy Technology program, which has awarded over 100 credentials addressing workforce needs in northern Indiana.
- South Bend/Elkhart campus developed a “fast track” Supply Change Management certificate (CT), consisting of seven courses with industry-recognized certifications, and classes meeting on Saturdays. The CT is coordinated with Next Level Job funding and is designed to allow working adults to quickly move through the program without disrupting their work week.
- The Nursing program continues to improve and exceed state and national benchmarks for NCLEX pass rates, achieving a NCLEX-RN pass rate of 86.83% and a NCLEX-PN pass rate of 92.29% in 2018 (*latest available data*).

**Item 5**
Chairman Anker called upon Trustee Kerry Stemler for a report from the **Human Resources & Operations committee**. Trustee Stemler reported there are two action items for approval.
Jennifer Fisher, Assistant Vice President Employee Benefits, provided an update on the state of the College’s Health Plan and shared the following key information.

The Health Plan is self-funded, meaning the College assumes the risk for all claims. Stop loss is capped at $450k for medical coverage. One person has hit the stop loss and two are halfway there. Seventy percent of eligible employees have enrolled in the high deductible health plan with health saving account. On average the College pays 82% of the total medical/pharmacy plan premium. Our pharmacy benefit manager is CVS. Ivy Tech is a member of the Indiana Aggregate Prescription Drug Purchasing Program, negotiated by the State on behalf of its members. The College has benefited from the move to CVS with much higher rebate dollars which are reinvested in the Plan. The combination of a good claims year and reinvestment of rebates has helped offset premium increases for Plan year 2020. There are several Value-Add Programs to help our plan participants make informed decisions regarding their health care and address or prevent chronic conditions.

**Castlight Action** was launched in June 2019. Action identifies members who fall into specific segments based on their claims and search activity. Members receive targeted guidance and education that encourage them to make informed healthcare choices. As an employer we receive aggregate reports based on this engagement.

**QuitNow** is our Tobacco Cessation program with 157 enrollees.

**Live Health Online** offers medical, psychology and psychiatry assistance.

**Anthem Healthy Lifestyles** allows members (over age 19) to track healthy lifestyle choices and earn points that can be redeemed for prizes. This is included in our premium structure.

**Solera** is a new program designed to help members lose weight and reduce the risk of developing type 2 diabetes. Members must meet eligibility criteria to participate. We have received the most positive feedback on this program versus other programs.

Two non-health Plan initiatives for 2020 are:

**Statewide Employee Assistance Program** – Most campuses have a relationship with an EAP provider, however utilization is minimal. Moving to a statewide EAP program would allow for consistent marketing of EAP services and we believe increased utilization. Given depression is one of our top chronic conditions we want to remove barriers to care.
Statewide Financial Education Program - Our former provider relocated out-of-state which prompted a review and refocus of the program structure. The goal is to meet our employees where they are from a financial education perspective through online education resources and one on one conversations with a qualified coach.

Item 6
Chairman Anker called upon Trustee Jesse Brand for a report from the Budget & Finance committee. Trustee Brand reported there are no action items for approval. The committee received Fiscal Year 2019 update

Item 7
Chairman Anker called upon Trustee Wilson for a report from the Building and Grounds Committee. Trustee Wilson reported there are seven action items for consideration and approval. The committee also received an update on the status of the Columbus capital project.

Trustee Wilson moved for approval.

Resolution 2019-51, Approval of Request for Foundation to Accept Offer for Sale of Property in Anderson

Trustee Emmert O’Dell seconded the motion and the motion carried unanimously.

Item 8

Chairman Anker called upon Trustee Gutman for a report on the Marketing and Public Relations Committee. Trustee Gutman reported there are no action items for approval. Trustees heard how marketing efforts and the efforts of campus recruiters continues to feed applications into the enrollment pipeline. In fact, goals for summer applications and now fall applications have been exceed. Marketing efforts will continue to generate interest for October classes as the current campaign has been successful to date. Moving forward the messaging regarding enrollment will be start in August, start in October, start in May, start in January, start in March – as opposed to using Fall, Summer and Spring terms in the marketing communications.
The Marketing team is kicking off a brand perception/audience expectation project. The team is meeting with various marketing agencies in Indiana and expects to narrow the list of companies down to three to have further discussions with. The College is expecting to host some presentations from these companies no later than just after the new year. Then based on abilities and pricing, a partner will be selected to work on this project that will take place throughout the first half of 2020. Findings from this project will help shape the messaging for the College for the next 3-5 years and even possibly the name of the school going forward.

Trustees again heard about the success for the College in the web and social media space. In the earned media space the College is closing in on $3 million in earned media for 2019.

Finally, Trustees heard about some of the details of our call center partnership with Blackboard. Today Blackboard does almost 2 million outbound calls for the College and with text messaging exceeds 4 million interactions. At the same time the College’s toll free line has seen nearly 400,000 interactions include phone calls and online chats. Many of these take place after normal business hours to continue to provide services to students, meeting them where they are at.

Item 9

Chairman Anker called upon John Murphy, Foundation President for the Foundation report noting there are no action items.

Metrics as of 6/30/19

- 12% above Target Goal to date
- $66.3M raised as of 8/31/19

APPROVAL OF APPIRIO, INC. CONTRACT SERVICES

RESOLUTION NUMBER 2019-53

WHEREAS, Ivy Tech Community College (“College”) has a need to engage a professional information services integration and implementation vendor skilled in delivering applications built on the Salesforce platform, and

WHEREAS, the College may pay more than $500,000.00 for a Salesforce CRM Systems Integration vendor assigned to work on different ongoing technical projects related to the implementation of the College’s Salesforce CRM environment, and

WHEREAS, the College has conducted a rigorous, inclusive and competitive procurement process to select a lead CRM integration vendor and determined that one respondent to the College’s RFP meets its needs at the best price after evaluating a wide array of functional and technical criteria, and

WHEREAS, the State Board of Trustees of Ivy Tech Community College must approve any contract by the College exceeding $500,000 unless the obligation was previously approved by the Board through the allocation of funds.

NOW THEREFORE BE IT RESOLVED, that the State Board of Trustees authorize and direct the College President, or his designee, to enter into a professional and technical services contract with Appirio, Inc. for $3,620,000 after the contract has been approved by the College’s General Counsel.

APPROVAL TO TRANSFER PROPERTY TO MUNCIE SCHOOLS
MUNCIE CAMPUS

RESOLUTION NUMBER 2019-54

WHEREAS, the Trustees of Ivy Tech Community College (“College”) owns real estate in Muncie at 4301 South Cowan Road consisting of 14.94 acres with an approximately 61,000 square foot building (“Property”), and

WHEREAS, the College has used the Property as one of its main campus buildings in Muncie since the property was first acquired by the Ivy Tech Foundation (“Foundation”) in 1974, and

WHEREAS, the Foundation transferred ownership to the College, then named Indiana Vocational Technical College, in 1989, and

WHEREAS, the Muncie Campus is in the process of completing a major renovation and construction project of multiple buildings to serve the needs of the Muncie Service Area for well into the future, and

WHEREAS, the Muncie Campus Administration has determined that the Property, no longer has viable use by the Muncie Service Area and the College should dispose of the Property, and

WHEREAS, the Muncie Campus Administration has determined that the College should retain the back parking lot area on the Property for use by the College in its CDL Program, and

WHEREAS, the Board of Schools Trustees of Muncie Community Schools (“Muncie Schools”) and the Muncie Campus Administration have agreed for the Property (less the back parking lot area) to be gifted to the Muncie Schools with the Property reverting to the College should the Muncie Schools ever cease from using the Property for their own educational benefit, and

WHEREAS, the Muncie Campus Board of Trustees support this proposal and recommends the State Trustees gift the Property to the Muncie Schools.

NOW THEREFORE BE IT RESOLVED, the State Trustees determine that the Property is no longer needed for any purposes of the College and it is advantageous for the College to give the Property to the Muncie Community Schools, and

FURTHER BE IT RESOLVED, the Trustees approve conveying the Property, less the back parking lot area, to the Muncie Schools so long as the Property would revert to the College should the Muncie Schools ever cease from using the Property for their own educational benefit, and

FURTHER IT BE RESOLVED, the State Trustees do hereby authorize and direct the President and any other appropriate, designated College employee to execute the necessary documents to convey the Property after the documents have been approved by the College General Counsel.

  • Less than 10% of students had current plan in Fall 2018
  • Remaining students need to meet with professional or faculty advisor to develop plan and receive PIN
Plan Through Start of Spring

• Each campus developing plan to contact students and increase capacity in early January
  • Walk-in advising appointments, faculty advising appointments, group registration, classroom announcements, targeted outreach to student groups based upon PIN needs, group advising

• Capacity
  • Nearly all campuses moving to walk-in advising appointments through start of spring, which allows advisors to see 8-12 students per day each.
  • Walk-in appointments helps avoid cancellations and no shows, which were 11.5% of appointments this fall.
K-14 Initiatives & Statewide Partnerships Update

Rebecca Rahschulte
Vice President for K-12 Initiatives and Statewide Partnerships
National Alliance of Concurrent Enrollment Programs (NACEP)

- Ivy Tech Community College’s dual credit programming went through a state review/accreditation conducted by the Indiana Commission for Higher Education around 2012 (allowable by statute)

- Currently, all Indiana public institutions of higher education who deliver dual credit programming are accredited by NACEP (with the exception of Ivy Tech who is accredited through CHE)

- NACEP validates to stakeholders the quality and rigor of dual credit programming, as well as the alignment (both statewide across campuses and with our on-campus programming)
NACEP Standards

• **Partnership Standards**
  • Programming alignment with college mission and supported by the institution
  • Ongoing collaboration with secondary school partners

• **Faculty Standards**
  • Teacher credentialing alignment with on-campus standards
  • Course-specific training for dual credit teachers prior to teaching the course
  • Discipline-specific professional development for dual credit instructors
  • Ensures adherence to aligned policies and procedures
NACEP Standards

• **Assessment Standards**
  • Ensures student proficiency of learning outcomes (grading standards & assessment methods)

• **Curriculum Standards**
  • Courses delivered through dual credit are catalogued with the same course descriptions, titles, and credits
  • Ensures the dual credit courses reflect the learning objectives, pedagogy, theory and philosophy consistent with on-campus courses
  • Site visits are conducted to observe course content and delivery, student discourse, and rapport to ensure equivalency with courses offered on campus.
NACEP Standards

• **Student Standards**
  • Registration and transcripting policies and practices are aligned
  • Processes are in place to ensure that course pre-requisites have been met
  • Advising occurs to educate dual credit students on the benefits and implications of taking college courses
  • Dual credit students are provided access to learning resources and support services

• **Evaluation Standards**
  • End-of-term course evaluations are completed to secure feedback from students
  • Regular and ongoing evaluation of K-14 program effectiveness and use of results for continuous improvement
NACEP Timelines (Projected)

- Self-Study (Now through October 2020)
- Pre-application Window (October through December 2020)
- Full application for Peer Review (July 2021)
- Application Review (July/August 2021)
- Peer Review Team Assigned (August/September 2021)
- Interview with Peer Review Team (October 2021)
- Additional Response & Evidence Provided (November 2021 through February 2022)
- Final Determination of Accreditation (May 2022)

Student Success Report

Cory Clasemann-Ryan
Vice President for Student Success
History

• CHE mandated to conducted review of all Ivy Tech academic programs (HEA 1001-10, 2015)
• Series of conversations between CHE and Ivy Tech
  • What are we doing that is highly effective?
  • What is the definition of an academic program?
  • How can CHE support Ivy Tech?
• Final product was report with recommendations and reporting requirements
Recommendations and Requirements

- **Program review report each spring**
  - Minimum enrollment, completion rate, and labor market outcomes by program
  - Before introductions of quadrants
  - Add more short-term certificates and have add to performance funding

- **Student success/restructuring student support program report each fall**
  - Increase intensity of advising
  - Improve data capabilities
  - Career advising
  - Provide wraparound services
  - Improve intentionality of dual credit offerings
  - Highly structured programs and course selections
Evolution of Student Success Report

- 2016 – Overview/inventory of student success initiatives
- 2017 – Preview of draft strategic plan and how it provides focus and structure for student success
- 2018 – Update on student success strategies by strategic plan goal
  - 8-week courses
  - Strategy 1.1 – wraparound services
  - Achieve Your Degree
  - Early development work on CCEC
  - Initial work toward IvyOnline
  - Reverse Transfer
  - Student Success Commitments
2019 Report

- Realigning financial resources to support student success
  - Internal allocations based upon completions, hubs, reducing physical footprint
- Supporting students to completion and career
  - Required advising, CCEC, strategic enrollment plan
- Academic experience
  - 8-week courses, IvyOnline, increased nursing capacity, intentional dual credit completion pathways, quadrants/rightsizing program offerings
- Reducing cost and student debt
- Adult strategies
  - AYD, Fresh Start 2020, Next Level Jobs
- Wraparound services
- Goal 8 – diversity

I – SUCCEED Program

Cory Clasemann-Ryan
Vice President for Student Success

Virginia Leonard
Director of Student Success and Retention

LaKeisha Williams
Assistant Director of Student Success and Retention
High-Impact Practices

- There are many practices that we know have a positive impact on student success
  - Full-time enrollment
  - Incentives to provide financial assistance
  - Student success coaching (InsideTrack)
  - Access to real-time student data and information

- How do we scale into a comprehensive program?
SUCCESS Network

- MDRC beginning 5-year national SUCCESS program in these areas
  - Scaling Up Community College Efforts for Student Success (SUCCESS)
- 3 states, 3 colleges in each state
- $120,000 per college over the first three years
- Went through internal RFP process to select participating Ivy Tech campuses
- Selected Bloomington, Kokomo, and Indianapolis
Purpose of the I-SUCCEED Program

The goal of I-SUCCEED is to make it easier for students to reach their goals and graduate on time!

Being successful in college can be challenging for many reasons. I-SUCCEED is a program at Ivy Tech that gives students access to resources and support on campus. Incentives for participating in coaching are available for three years; if a student does not complete their program in that time, they can continue to receive coaching but will no longer be earning incentives.
Benefits of participating in I-SUCCEED?

- Receive individualized student success coaching
- Earn up to $50 a month just by meeting with your success coach
- Be part of an exclusive group of Ivy Tech Scholars
Indianapolis campus: Eligibility

Students are eligible if they…

• Identify as African American or Multiracial

• Are working towards a degree or certificate

• Have earned less than 30 college credits

• Are able to enroll in at least 9 credits per semester and/or earn a minimum of 24 hours per academic year (Fall, Spring, Summer)

• Are Pell eligible

• Are not participating in 21st Century Scholars Coaching or ASAP
Scaling up I-SUCCEED

• Year 1
  • 60 students
  • 1 full-time coach

• Year 2
  • 300 students (150 receiving incentives)
  • 1.5 – 2 full-time coaches

• Year 3
  • 300 students (150 receiving incentives)
  • 2.5 – 3.5 full-time coaches

• Need to develop statewide plan to scale College-wide beyond year 3.

Student Leadership Academy

Kathryn Stremiecki
Executive Director for Student Life and Development, and Wraparound Services
About the Program

• Leadership Development program specifically designed for Ivy Tech students

• Began as a statewide program in 2012

• Program goals:
  • Develop students leadership skills
  • Develop students professional development skills
  • Develop future student and alumni leaders

• Students who complete receive a medallion, certificate, and a 3 credit hour scholarship for spring semester
SLA Curriculum

- Student Leadership Academy Curriculum:
  - Kouzes and Posner’s Student Leadership Challenge
  - Professional development skills
    - Elevator Speech
    - Workplace Etiquette
    - Professional Dress
    - Dining Etiquette
    - Professional Communication
    - Conflict Management
  - History and traditions of the College
  - Campus selected topics
Program Stats

- Participants in the program
  - Pre-2017: 15 students per legacy region
  - Post-2017: 10-15 students per campus = 230 total students
- 2019 Applications submitted: 773
- Program completion rate: 80%-85%
- Fall 2018 to Spring 2019 retention rate: 95%
What our students say about the program

• Student Leadership Academy has been one of my favorite memories during my time at Ivy Tech. It inspired and prepared me to eventually run for office within PTK and SGA. From the first day in SLA, I could feel the good energy among my cohort, so I am not surprised, looking back, that so many of my SLA peers have gone on to even bigger, better things.
  ~Rob Parab, Bloomington

• SLA was a great learning experience for developing my leadership skills. It got me more involved with the community, and wanting to participate in community service. That is why I became a member of SGA to help represent the student body that attends this school, and volunteer my time for the community.
  ~Daniel Smith, Lawrenceburg
Leadership Roles after SLA

- SGA Presidents
- Student Organization Officers
- Internships
- Disney College Program
- Boy Scouts of America
- Leaders at transfer Universities
- Leaders in the Workforce

Career Coaching and Employer Connections (CCEC) Updates

• **Staffing**
  - Systems Office executive director positions (coaching, consulting, and career experiences) anticipated to be filled by mid-December
  - Alpha campus CCEC executive director positions anticipated to be filled by late December; other positions (coaches, consultants, career experience coordinators) by January

• **External funding to date**
  - $3.33 M secured
  - $8.70 M pending
  - Other discussions taking place at varying stages, including with Lumina, Strada, and Gates Foundation

• **Implementation**
  - **Resource Toolkit**: Ascend facilitating working group with Strategy 4.5 team and Alpha campuses to finalize initial materials for use with students starting Spring 2020
  - **Technology**: Existing platform (IvyLife) will initially house the Career Action Plan (CAP); rollout of College-wide CRM will facilitate incorporation of new student tools such as career exploration and assessment, potentially in partnership with Strada network of affiliate providers (e.g., Emsi, Inside Track, CAEL, etc.)

Goals 2, 4

Emerging Partnership with Purdue Cybersecurity Apprenticeship Program

- Purdue Cybersecurity Apprenticeship Program (P-CAP) under development to help fill a growing need for the cybersecurity profession; received $12M award US Department of Labor.
- Apprentices will acquire valuable industry-recognized cybersecurity certifications and obtain college credit. P-CAP plans to serve at least 5,000 individuals in the four-year grant program.
- Ivy Tech invited to partner as an educational provider.

So What
- Gives our industry partners an opportunity to participate and sponsor apprentice-students in the P-CAP program.

Now What
- Explore P-CAP as a pathway for Ivy Tech students and develop an MOU between the two institutions for our existing and future students.
Goal 4
MAAC Partnership in Valparaiso

• Partnership being developed to align our curriculum to state firefighter training requirements
• Would allow for Ivy Tech to utilize fire equipment at the MAAC facility making this hands on training available to Ivy Tech students that otherwise would not be available.
• Allows trainees currently going through MAAC Program to receive academic credit and proceed to degree completion at Ivy Tech making them eligible for future promotions
• Simultaneously greatly increases the quality of learning for Ivy Tech students while increasing pipeline for firefighters

So What
• Saves Ivy Tech millions
• Saves students $1000’s each
• Focuses on adult students, high school dual credit and recent graduates
• Quality of facilities is first class

Now What
• Finish details on academic side to ensure proper implementation
• Coordinate start dates
• Promote program
Goals 2, 3, 4 🌟🌟🌟

Interdisciplinary Degree – Companies

- Companies are creating TCs and CTs for employees
- Companies are using the TCs and CTs for apprenticeship programs

So What

- More companies are utilizing the degree outcomes to give students an additional, stackable credential
- Increase number of completions
- Transferable and industry recognized outcomes for students

Now What

- Growing to other programs within Advanced Manufacturing Engineering and Applied Science
- Recognized nationally as best practice and included in apprenticeship expansion grant
Tracking High Value Industry Certification Completions: Process Overview

Determining “High Value” Certifications

• Are the certifications **embedded within high-demand Ivy Tech programs** (Certificates, Technical Certificates, Associate Degrees)?

• Are they **linked with Indiana’s high-demand occupations** and higher wages?

• Can we obtain **reliable data**?

Obtaining Outcomes Data

Ivy Tech is pursuing multiple avenues to obtain the third-party vendor data at the student record level:

• Pilot with National Student Clearinghouse (NSC identified issue of missing personally identifiable information from vendors; this data matching project is supported by Lumina)

• Individual data sharing agreements with vendors

• Development of reliable internal tracking mechanisms for limited number of certification exams administered by faculty (e.g., AWS-welding)

Strategic Enrollment Planning Update
Other Efforts & Initiatives
Observations/Lessons from Campus Updates

• Positive interaction between President’s Cabinet and Campus Cabinet/leadership
• Establish clear expectations and interdependence between campus- and college- level performance
• Identify and share best practices
• Key learning from past two rounds of semi-annual campus updates is that, in general, we lack “root cause” problem-solving skills
Campus Support Teams
Campus Support Team Intent

- Formalizes Systems Office support for campuses.
  - When campuses repeatedly miss the performance expectation on one or more metrics (3 consecutive semi-annual campus updates and/or two years annual metrics performance)

- Systems Office and campuses will collaborate to improve enrollment, retention, completions, finances, and fundraising, leading to operational improvement for an entire campus service area.

- Will shift campus support from an ad hoc approach to a systemic approach as part of the SO restructure.
Campus Support Team Process
Current Work

• Pilot with three campuses to develop the process
  • C1, C2, C3
  • All are through the pre-consult phase
• Looking to add the next 3-4 campuses in early 2020
8.1: Eliminate systemic inequities for students.
8.2: Leverage leadership’s power and privilege to drive positive change.
8.3: Implement new structures to ensure faculty and staff diversity.
8.4: Increase diversity in leadership.
8.5: Ensure everyone in our College Community feels they belong.
Goal 8 – Definitions (DRAFT)

**Diversity**
At Ivy Tech Community College we honor and appreciate the diversity of our students, employees, and community. Ivy Tech seeks to embody individuals who vary in terms of race, national/ethnic origin, gender identity, sexual orientation, age, physical and mental ability, socioeconomic status, religious preference, veteran status, and citizenship, in the service of learning.

**Equity**
Ivy Tech Community College seeks to create opportunities for historically underrepresented populations to have equal access in hiring, compensating, promoting, providing services for, educating, and overall support.

**Belonging**
The active, intentional and ongoing engagement Ivy Tech Community College has with diversity – in its college community, in its curriculum, in its offices and workplace, and in the communities it serves. A sense of belonging refers to perceived social support on campus or in one’s department, a feeling or sensation of connectedness, and the experience of mattering or feeling cared about, accepted, respected, valued by, and important to the campus community, including peers, colleagues, faculty, and staff. Ivy Tech seeks to provide a sustained welcoming and protected environment for all people, regardless of their background and identity, as all belong at Ivy Tech.
GOAL 8 – Diversity, Equity, & Belonging

Establish a sustainable culture of diversity, equity, and belonging.

Goal 8 Metrics

Student Metrics

Our goal is to eliminate equity gaps in 10 years specifically measured by:

- Conversion Rate
- Fall to Fall Retention
- 100% Completion Rate
- 200% Completion Rate
Employee Metric – Measure Belonging

- Emplify Data is the basis for the Employee Belonging Metric
- 3 specific scores:
  - Trust – my opinions matter, appreciate my uniqueness
  - Psychological Safety – I am not afraid to be myself, I am afraid to express my opinions at work, there is a threatening environment at work
  - Manager – how they feel about immediate supervisor

Employee Metric – Affirmative Action

- At this time this metric is still in draft form as the strategic planning team continues to review the data from the Affirmative Action reports.
- Potential goals for this metric could be:
  - Increase recruitment and retention of our diverse employees
  - Track the promotion and professional growth of our diverse employees
  - Reducing the gap between representation of faculty as compared to students of color
Doneisha Posey - Executive Director, Employee Diversity, Equity and Belonging

- Transitioned from the Indiana Civil Rights Commission where she served initially as the Administrative Law Judge, and subsequently Deputy Director & General Counsel.

- Oversaw the operations of the agency, including civil rights enforcement and litigation. As Administrative Law Judge, she presided over cases of discrimination in: housing, employment, education, public accommodations, and credit.

Employee Metric – Affirmative Action

- Potential goals for this metric could be:
  - Increase recruitment and retention of our diverse employees
  - Track the promotion and professional growth of our diverse employees
  - Reducing the gap between representation of faculty as compared to students of color

SBOA FY 2019 Audit Opinion

• The State Board of Accounts issued an unmodified opinion for the 2019 fiscal year financial statements.
Why it matters

- Accounts receivable must be evaluated periodically to determine probability of collection
- The recommended practice is to write off student accounts that will not be collected within one year
FY 2019 Write-Offs by Source

- Tuition & Fees: 80% ($4.4M)
- Bookstore Debt: 20%

RESOLUTIONS
CRM INTEGRATION VENDOR RECOMMENDATION
CRM Introduction

- Goal: To gain a common understanding of the Project and its value
- Topics To Address
  - What is CRM?
  - Who are our Constituents?
  - How does CRM Technology and Practices Impact Ivy Tech’s Mission and Strategic Plan?
  - Transforming the Student Journey
  - An integrated CRM Platform can…
    - Transform our Student Interactions
    - Facilitate Process Improvement
What is a CRM?

- Constituent Relationship Management (CRM) is a combination of people, processes, and technology used to deliver superior service to a constituent.

  - The forces shaping education provide a Call to Action to meet the evolving needs of our constituents.
  - A CRM and its suite of applications will enable the College to manage our constituent relationships and to measure the outcome of our engagement.
Selecting the Right CRM Platform: Salesforce

Provides a 360 degree view across Ivy Tech

- Track, assess, evaluate across all data points the entire journey
- Enhance and optimize enrollment, retention and completion
- Gain visibility into the college’s customers/stakeholders to serve them more effectively.
Who are our Constituents?

- Prospective Students
- Dual Credit/K12 Students
- Guest Students
- Current Students
- Parents
- Faculty
- Staff
- Industry Partners
- Alumni
- Donors
- Employers
- Government Agencies
How can CRM Technology and Practices Impact Ivy Tech’s Mission and Strategic Plan?

• Transforms the Student Journey
• Coordinates Employer Engagement at a System Level
• Grows Alumni Engagement
•Boosts Enrollment, Retention and Completion Outcomes
• Optimizes Internal Effectiveness Between College Departments and Locations
Transforming the Student Journey

Provide the College with a complete view of the student journey.

Inquiry => Application => Enrollment => Retention => Persistence => Completion => Engagement

Integration of SIS, LMS, Advising, Student Life, etc. across applications

Single Pane of Glass

360 Degree View of Students

Goal:
Students earn 50,000 high-quality certifications, certificates, or degrees annually
Add Value to Student Interactions

- Engage prospective students through to admitted students.
- Simplify workflow for College employees.
- Reduce data entry when working with students.
- Enable students to identify goals and to track progress.
- Embed predictive analytics and business intelligence in each step.
- Engage potential at-risk students at first detection signs.
An integrated CRM Platform can...

Facilitate Process Improvement

- Transition more prospective students from interested to enrolled.
- Highlight early signs of waning persistence.
- Reduce the "screens" advisors and faculty use when with a student.
- Increase interaction between Workforce & Career and Academic Affairs.
Implementation Partner

- Nine firms submitted proposals
- Seven firms were invited to provide a demo
- Appirio scored highest in both the proposal and demo categories
- Appirio currently employs 15 former Ivy Tech students/grads, they are based out of Indianapolis … employing 131 staff in Indiana. 20% of their payroll is in Indiana
- They are a Global Strategic partner with Salesforce and have deep HigherEd experience.
- This 16 month project will provide for hours, resources and rates for the 68-week engagement are $3,620,000. This represents 22,400 professional staff hours serving in 19 positions

Ivy Tech began evaluation of CRM practices in 2015. The evaluation was prompted in great part from feedback by multiple external partners and stakeholders who voiced concern about lack of coordination from Ivy Tech.

In 2016-2017, the Ivy Tech team worked through an internal review of CRM practices. The review included gathering information about a number of CRMs in use today and also understanding processes in place with CRMs. Through this process, we learned that the feedback from internal partners matched that of external partners and there is a desire to have a unified system.

Also in 2017, innovation demos were presented to some departments, for example student experience and the foundation, to understand marketplace capabilities around CRM practices.

In fall of 2018, Ivy Tech issued an RFI for a CRM Platform Solution. After a College-wide team evaluated proposals and demos, the College selected Salesforce as our CRM platform standard.

After exploring Salesforce licensing models, application capabilities and documenting the College’s CRM functional opportunities, the College issued an RFP on July 1, 2019 to select an Integration/Implementation Vendor(s) to build the CRM functionality within our Salesforce Platform.

In fall of 2019, Ivy Tech will embark on an ambitious effort to transform our students’ journey from their first step of considering College and into their post-graduate entry into the workforce.
December 2019 Board Report

Active Grant Breakdown:
(117) Competitive Grants: $26,552,216
(23) Non-Competitive Grants: $27,804,588
(140) Total Active Ivy Tech Grants: $54,356,804

Note: Due to space limitations, only an illustrative sample of awards and submissions are described below.

Grants Awarded During Period (46- $10,928,679)
(28) Competitive Grants: $2,569,694
(18) Non-Competitive Grants: $8,358,985

- Lake County received a $40,000 supplemental grant from the U.S. Department of Education for each campus’s TRiO Talent Search grant. This supplemental award will be used to provide participating students with the following experiences: math boot camps and workshops; introductory robotics classes; STEM camps; industry tours; attendance to the Women in STEM Conference; and computer science classes.

- South Bend—Elkhart received a $1,000,000 sub-grant from University of Notre Dame as part of Notre Dame’s overall award from the Lilly Endowment. The funds will be used for the construction of the Elkhart location’s iFlex laboratory, which will house the industrial technology and advanced automation and robotics technology programs.

- Lawrenceburg received a $1,479 grant from the East Indiana Area Health Education Coalition. The funding will allow the Lawrenceburg campus to purchase supplies for the nursing simulation lab.

- Non-competitive awards during this period include the 18 Carl D. Perkins grants awarded to each of the campuses from the Governor’s Workforce Cabinet.

Grants Submitted During Period (19 - $8,651,697)
(19) Competitive Grants: $8,651,697
(0) Non-Competitive Grants: $0

- Fort Wayne submitted a proposal to the National Science Foundation’s Advanced Technical Education grant opportunity. The $599,485 request will be used for the Controlled Environment Agriculture/Vertical Farming (CEA/VF) Pedagogy Project, which will utilize microsystems courses to introduce students to the use of microsystems sensors in CEA/VF, and will create an interdisciplinary certificate in CEA/VF for students enrolled in agriculture, automation and robotics, business and entrepreneurship, and computer technology associate degree programs.

- Kokomo submitted a $15,000 request to the SIA Foundation as part of their larger capital campaign project to complete renovations at the Kokomo campus. Support from the SIA Foundation would be used for Phase 2 of the project, which will renovate the Main Building, Health Professions Center, and site infrastructure.

- Richmond submitted a proposal to the Wal-Mart Foundation for $5,000 to support the Ivy CARES program and provide students with emergency assistance.

Proposals Declined During Period (2 - $2,112,252)

Retention Update

Dr. Cory Clasemann-Ryan
What We Know

Our largest struggle remains with three groups of students:

• Black, non-Hispanic students
• Multiracial students
• Students who are in the “0 - 15 credit hours” range

The Advising Model (different from required advising) started in Fall 2018 “confused” faculty role in retention

• On leader campuses, the conversations around required advising have helped to clarify this role

Student Success is About Relationships

• Campuses doing this well have made it a part of their campus culture
  • Examples include Lawrenceburg and Terre Haute

• Leaders in Emplify scores

• They regularly communicate with AND listen to their on campus stakeholders (faculty & staff) and they do this collaboratively - student success team and faculty in the same room together

• When they hear something that is concerning, they act on the concern to correct misunderstandings

• They use data to check what they are doing
Next Steps

• Work with Operations to identify model behaviors that can be shared
• In November began implementation of student success communication plan for currently enrolled students
• Understand impact of 8-week course on registration patterns
• Deeply engrained culture of just in time availability of what I want/need is counter to our desire for students to plan and register earlier
• How do we change student thinking and behavior?
• Campus vice chancellor teams working to map campus level process of student navigation between enrollment and advising for new and continuing students (likely to yield insights for 0-15 credit hour group)

Strategic Plan Metrics

• While not all metrics were achieved, all metrics are moving in the right direction
• Fall-to-Fall retention and two enrollment metrics have been most “sticky” (which is common among community colleges)
• Key challenges to retention and enrollment appear to be among students who have earned 0-15 credits, the Associate of General Studies, and Certificates
• We are committed to achieving these metrics and are confident that the addition of the Goal 8 strategies and metrics will benefit our students, College and communities

**Total Response Rate** 17%

*Response rate is based on the size of the sample (community leader list) provided to BBC by Ivy Tech for each service area. In some cases, the lists were limited and resulted in small survey sample sizes that may not be statistically representative of the population of community leaders in that service area.*

Partner Highlight: Boner Center and Apartment Maintenance Training
About the John Boner Neighborhood Centers

John Boner Neighborhood Centers (JBNC) inspire neighbors and partners to improve the quality of life on the Near Eastside by providing tools for change and growth.

- Non-profit agency founded in 1971
- Work to build a community where people want to live, work and leave an impact

Four core departments

- Children and youth services
- Continuum of care housing services
- Financial foundations
- Senior citizens
Partnership with Ivy Tech Central Indiana

Ivy Tech and JBNC have partnered to create an apartment maintenance technician training program.

- Goal to develop maintenance technician pipeline to meet employer needs
- Employer partners: TWG, Stenz, Englewood CDC, Partners in Housing, JBNC
- Ivy Tech catered training to diverse employer needs
- Includes important industry certifications
- Includes 40 hour paid internship
- Opportunity to grow within field or move into construction and skilled trades
Celebrating the first cohort
Results

First cohort, our ‘guinea pigs,’ persevered through personal and logistical challenges.

- OSHA certifications: 10
- Basic Electricity: 7
- HVAC/EPA 608 certifications: 4
- Maintenance Tech Industry Placements: 3

Average wage is $16.25 (compared to $10 CWF).
Success Story: Duane Oreskovic
Future with Ivy Tech

Ivy Tech and JBNC are beginning a partnership for the CompTIA A+ certification.

• With this certification, graduates have the potential to earn a starting salary of $20 - $24 in an IT position (i.e., Technical Support Specialist, Field Service Technician, IT Support Technician or Administrator)

Ivy Tech and JBNC are planning second cohort of Apartment Maintenance Tech.
