WARNING | READ BEFORE USE
The face covering does not contain any antimicrobial, antiviral, or antipathogenic qualities.

WEAR INSTRUCTIONS

1. Before putting on the mask, wash your hands for at least 20 seconds with soap + water, or rub your hands together thoroughly with alcohol-based hand sanitizer.

2. Check for defects in the face mask, such as tears or broken loops.

3. The colored side of the mask should face out + the adjustable nose strip should go across the bridge of your nose. Mold the bendable metallic upper strip to the shape of your nose by pinching + pressing down on it with your fingers.

4. Hold the mask by both ear loops + place one loop over each ear. Adjust the toggles to fit snugly against the back of your ears.

5. Cover your mouth + nose and make sure there are no gaps between your face and the mask, ensuring the mask fits snugly. Do not touch the mask once in position.

6. To remove the mask, remove it from behind. Do not touch the front of the mask. After removal, clean hands with alcohol-based hand sanitizer or soap + water.

CARE INSTRUCTIONS

- Machine wash  |  Tumble dry low (delicate setting)

This product has not been FDA cleared or approved. This product has been authorized by FDA under an EUA for use as source control by the general public as well as by HCP in healthcare settings as to help prevent the spread of infection or illness during the COVID-19 pandemic. This product is authorized only for the duration of the declaration that circumstances exist justifying the authorization of the emergency use of medical devices, including alternative products used as medical devices, during the COVID-19 outbreak, under section 564(b)(1) of the Act, 21 U.S.C. § 360bbb-3(b)(1) unless the authorization is terminated or revoked sooner.
