The Health Care Support program offers exciting opportunities for people who are considering entry into the healthcare field, as well as to current healthcare providers who want additional credentials or an Associate of Applied Science degree to complement their current skills. The program allows students to complete personal goals for attaining credentials required or preferred by employers in nearly all healthcare sectors - hospitals, long term care centers, ambulatory healthcare centers, physician practices, home care and community services. Students may also complete the AAS degree, which offers courses relevant to many other healthcare professions, as well.

**Degrees & Certificates Offered (Wabash Valley Region):**
- Associate of Applied Science (AAS) - Clinical Support
- Associate of Applied Science (AAS) - Therapeutic Massage

**Typical Careers:**
- Phlebotomist
- Pharmacy Technician
- Emergency Medical Technician
- Certified Nursing Assistant (CNA)
- Qualified Medication Aide (QMA)
- Home Health Aide
- Massage Therapist
- Electrocardiography Technician
- Medical Administrative Assistant
- Physician Practice-Based Medical Coders

**POINTS OF PRIDE**
- Students enjoy smaller classes with open discussions about health care.
- Many options available to use as a stepping stone toward a future health degree goal.
- Program offers students flexibility in their skill sets. Students can pick from a minimum of two certificates or more to build your skills and enter the health care workforce.
- Program allows students to take classes that may be utilized in many other health degree programs as they await admission into a degree path with a selective admission process.
- Therapeutic massage is a degree path option! What an opportunity to make the world a happier, less stressed place.
- Graduates are prepared for a role in the healthcare spectrum that can lead to infinite employment possibilities.
- Classes are not just lecture and listen, as they require students to get involved and to have a voice in their experience.
