

— IVYWORKS —

Indy Women in Tech (IWiT) at Ivy Tech

WOMEN IN TECH, THIS IS FOR YOU!

Indiana is quickly becoming a hub for Information Technology. The IvyWorks/IWiT program provides students the support they need to earn industry-backed credentials and build a career in Indiana's fastest-growing fields.

PREP

IvyWorks/IWiT helps students to PREP (Professional Readiness & Employment Planning) for their future by growing their employability, leadership and communication skills via specialized workshops and one-on-one advising.

NETWORK

NETwork to connect with the labor market and expand career pathways through site visits, employer panels and hiring events. IvyWorks/IWiT connects students to industry and peer leaders in order to increase awareness of opportunities and pathways to employment.

SOAR

SOAR as a student, an employee and family member by activating wraparound support and resources while in school. SOAR stands for Support, Options, Assistance and Referrals/Resources. IvyWorks/IWiT staff works to identify and connect students to Ivy Tech and community resources that support success and independence.
