

TAKE A CLASS THIS FALL

MICHIGAN CITY & LA PORTE

INDUSTRIAL TECHNOLOGY

Ivy Tech's Industrial Technology program will provide high quality training and develop skills in the area of Industrial Technology. From welding classes to learning about fluid power systems, the hands-on objectives in this program will have students qualified to enter the workforce. We use only the current and emerging technologies in the industry while training. Our business and industrial partners have helped us for the curriculum to meet the demands of the ever-changing work environment.
