**Evaluation of International Educational Documents**

As part of the admission process, the College requires all F-1 applicants (including F-1 transfer students) with educational credentials completed outside of the U.S. to apply for a professional equivalency evaluation. The purpose of the evaluation is to determine U.S. educational equivalency. The minimum educational requirement for admission to Ivy Tech Community College is the U.S. equivalency of a high school diploma.

For admission purposes, Ivy Tech Community College requires only a “general” or “document by document” evaluation.

Applicants requesting consideration or any international post-secondary education should request the “course by course” evaluation option.

Applicants may select from one of the three College-approved professional evaluation firms listed below to fulfill their evaluation requirement. All documents must be mailed directly to the evaluating institute. Please request to have an evaluation report mailed directly to the Ivy Tech campus you wish to attend:

**Financial Requirements for Student Visas**

If you will need an F-1 student visa to attend Ivy Tech Community College, then you will need a Certificate of Eligibility (I-20) to obtain the visa. In addition to meeting admission and TOEFL score requirements, you must also document that you have sufficient funds to cover your education and living expenses for the entire period of your enrollment at Ivy Tech Community College. Government regulations require that you show enough money on deposit to pay for your first year’s education and living expenses. See “Financial Information for International Students” for current estimates of costs at Ivy Tech Community College.

Because U.S. Citizenship and Immigration Services (USCIS) regulations limit the employment of non-immigrant international students and their families, you should not expect to use employment as a means of supporting yourself while enrolled at Ivy Tech Community College. You will therefore need to demonstrate support from other sources.

**How to certify the necessary funds:**

Please carefully follow these instructions. The documents that you must provide vary depending on who will support you. Until all necessary financial support agreements and bank statements are received, signed and dated, Ivy Tech Community College cannot issue an official notice of admission or an I-20. Financial certification of funds must be complete and on file at the College no later than the published application deadline of the first semester of attendance.

*If you will be supported by personal funds from family or friends,* you must submit an Affidavit of Sponsor form and a bank statement from each individual providing you with financial support. Together, supporters’ pledges must show that sufficient funds will be available for the full length of your educational program. Bank
statements must total the minimum amount needed to meet the “Total Cost for the Calendar Year” for the first year of study.

**If you will be living with family or friends while attending Ivy Tech Community College**, you must document this support on the *Affidavit of Free Room and Board* form. If you will support yourself fully throughout your program, you must submit the appropriate supporting documentation. Please see the Documentation of Financial Support section below for required documentation. You must show that you have available funds on deposit to cover the “Total Cost for the Calendar Year” for the duration of your studies. As an alternative, the College would accept a bank statement showing the total cost for the first year and documentation of a continuing source of the same amount of income, from an employer or from interest or dividends, for the duration of your degree program.

**If you will be partially self-supported and partially supported through other sources**, submit an *Affidavit of Sponsor* form and bank statement from each sponsor, including you. Your bank statement needs to show enough money on deposit to cover the promised support for the first year.

If you will be supported by a government agency, private business, school or other organization, please have your sponsor write a detailed letter (on official letterhead) which specifies the terms of financial support and includes the information requested on the *Affidavit of Sponsor* form.

**Documentation of Financial Support**

All funding documentation must be completed, signed, dated and certified by a bank representative and returned to Ivy Tech Community College’s International Advisor before the College can provide you with a notice of admission and the documents necessary to obtain your visa. Refer to the enclosed Estimated Annual Expenses section in this packet for more details on financial requirements.

**Documentation of Funds**

1. Only original documents are accepted (photocopies and scans can be used to begin the process)
2. Your name and the sponsor’s name must be on all documents
3. All affidavits and bank statements to be dated within six months of the start of your proposed enrollment at Ivy Tech Community College
4. All documents must be written in English; the appropriate bank or government official must verify translations and certify bank documents
5. Bank funds must be translated into US dollars by the bank official

**Bank Statements**

Each personal sponsor (friends, family or self) must provide an official statement or letter from the bank showing dollars or type of currency on account totaling the total cost for one year of study. If you plan to bring family, your bank statement must show adequate funds for your family member(s) in addition to your own financial
requirements. You must either show enough funds on deposit or you must satisfactorily document a source of income equal to the total cost for the duration of your studies.

**Affidavit of Support Instructions:**

All students must be able to demonstrate the ability to pay for their entire educational program. Unless you have enough cash to support yourself, your studies and you dependents while in the United States for your entire program, your cash will soon be exhausted. You will probably need a sponsor with an income to show that you can finance the entire educational program. A student may have more than one sponsor, however each sponsor must submit an affidavit.

- A student that sponsors him or herself, either partly or in full is required to file the affidavit. Bank statements from the past six months in the student’s name must be provided.
- Students that are sponsored by a private or government scholarship board must provide a letter stating how much money is to be given and for how many years.
- If the sponsor is a parent, family member, family friend, U.S. resident and/or other, they must complete the attached Affidavit of Sponsor.

All questions on the affidavit forms must be answered. Affidavits must be signed by the sponsor in the presence of a notary public, the notary public must sign, and the official seal of the notary public must be on the affidavit. There is notary public in all U.S. embassies and consulates. In the U.S. most bank tellers are notaries, as are most lawyers and accountants. There are notaries in all countries though the names of them may be different. They are officials licensed by the national or regional government to take sworn statements for the courts of law or to witness contracts and property deeds.

When a family member or friend near the school gives a student a free place to live and/or meals, the student needs far less in cash from other sponsors. The family member or friend must complete and return the Affidavit of Free Room and Board.

SEVIS Information

Please review the attached information regarding the new SEVIS* fee which went into effect on September 4, 2004.

If you are applying for an “initial” F-1 visa from outside the U.S., or if you are applying for a change to F-1 status from another visa category, you will need to pay the SEVIS fee.

SEVIS fees and other government fees are subject to change without notice. Please visit www.ice.gov for current fee information. Ivy Tech Community College is not responsible for any SEVIS fees, airline tickets, or other expenses that have been incurred by the student if the student is unable to make it to campus in time to attend classes.

*SEVIS stands for Students and Exchange Visitor Information System

SEVIS Fee Information for F-1 Students

Effective September 1, 2004, F-1 visa applicants are required to pay a one-time fee of $200 to supplement the administration and maintenance costs of the Student and Exchange Information System (SEVIS). The following information specifically addresses fee issues for F-1 students.

Who pays the SEVIS fee?
- Prospective students with “initial attendance” I-20’s dated on or after 9/1/2004 who are applying for an “initial” F-1 visa from outside the United States.
- Prospective students with “initial attendance” I-20’s dated on or after 9/1/2004 who are applying for a change to F-1 status from another visa category.
- Current F-1 students in the U.S. filing for reinstatement after being out of status more than 5 months, and who are issued an I-20 issued for reinstatement that is dated on or after 9/1/2004.

Will other F-1 students in the U.S. have to pay?
No, unless the student’s circumstances change so that he or she fits one of the categories mentioned above.

What about my F-2 dependents?
F-2 dependents do not have to pay the fee.

Do I have to pay if I transfer to another school, travel outside the U.S. or renew my visa?
The SEVIS fee is not required when transferring schools, changing to another degree program or level, requesting a program extension, renewing an F-1 visa or using F-1 program benefits such as practical training. If you are in status when you travel internationally and are not physically outside of the U.S. for more than five months, you will not be required to pay the fee.
When do I pay the SEVIS fee?
The fee must be paid at least 3 business days prior to applying for your visa, or applying for admission at a U.S. port-of-entry for those exempt from the visa requirement. The fee must be paid prior to submission of a change or status petition or reinstatement application.

Can I pay the SEVIS fee at a university, consulate or port of entry?
No. The SEVIS fee can be paid at https://www.fmjfee.com/i901fee/.

How do I pay the fee?

To Pay Online
Go to https://www.fmjfee.com/i901fee/.

To Pay By Mail
1. Obtain a Form I-901 “Fee Remittance for Certain F, J and M non-immigrants.”
   Download the form from www.FMJfee.com
2. Complete the form I-901. Be sure to write your name exactly as it appears on your I-20 form.
3. Prepare a check, international money order or foreign draft (drawn on U.S. banks only-see Note) in the amount of $100 USD, made payable to “The Department of Homeland Security.”
4. Mail the completed I-901 and payment to the address listed on Form I-901.
5. A Form I-797 receipt notice should be mailed within 3 days of processing the fee. Be sure to make copies of your receipt, and keep it with your other important immigration documents.
6. It can be paid by you or by a third party, inside or outside the U.S.

Will the DHS keep a record of my payment on file?
Fee payments should be entered into your permanent immigration (SEVIS) record but it is strongly recommended that you retain a copy of your fee receipt (Form I-797) to use as needed.

I applied to more than one school, and have more than one I-20 form. What happens if I pay the SEVIS fee for one school, and then I change my mind and decide that I want to attend the other school? Is my paid SEVIS fee transferable?
Yes. But you must submit the I-20 form with the SEVIS ID number that you listed on the I-901 form with you to the U.S. consulate/embassy. For change of status or reinstatement applications, please see the next question.

What do I need to do to apply for an F-1 visa, change of status or reinstatement?
Obtain the appropriate form I-20 from a DHS-approved school. Pay the SEVIS fee by mail or online.
Make a copy of the I-797 (mail) or computer receipt (online) for your records.
Submit a copy of the I-797 or computer receipt with your visa, change of status or
reinstatement application. Students who are exempt from visa requirements, such as Canadians, should take a copy of the SEVIS fee receipt to present at the port of entry with the appropriate I-20. It will not be possible to pay the fee at the port of entry.

**What do I need to do to apply for an F-1 visa, change of status or reinstatement?**
For change of status or reinstatement questions, if you previously paid the SEVIS fee while attending a different school, you should submit a copy of that school’s I-20 form with your application.

**What if my F-1 visa application is denied?**
The SEVIS fee will not be refunded. However, if you reapply for a new F-1 visa within 12 months of the denial, you will not have to pay the fee again.

NOTE: Many foreign banks are able to issue checks or money orders drawn on a U.S. bank. You may therefore obtain a check from: a) a bank chartered or operated in the United States; b) a foreign subsidiary of the U.S. bank; or c) a foreign bank that has an arrangement with a U.S. bank to issue a check, money order, or foreign draft that is drawn on a U.S. bank.
