

Here at Ivy Tech, continuous learning and education is a valued part of our culture. The skills and abilities of our faculty and staff are key to ensuring that we provide a great experience for each of our students. It is crucial that all employees are well trained and equipped with the right resources to effectively and efficiently complete their jobs.

IvyLEAD is the College's Learning Management System (LMS) focused on employee learning. Through IvyLEAD, faculty and staff are able to Learn, Explore And Develop in a user-friendly and self-paced manner according to their professional development needs and interests.

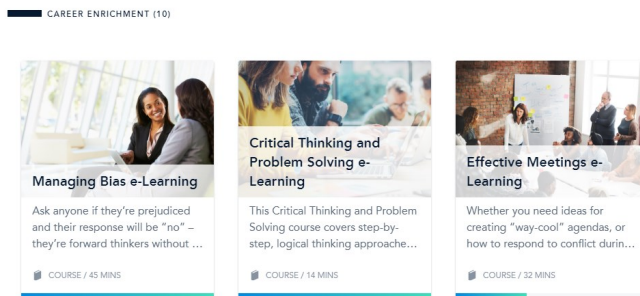

Accessing IvyLEAD:

1. Log in to MyIvy using your Ivy Tech username and password
2. Click "EMPLOYEE" on the left toolbar
3. Click "Employee Dashboard" on the left toolbar
4. Click on the IvyLEAD icon

Type of Trainings in IvyLEAD:

1. E-Learnings
2. Live Trainings
3. Programs
4. Training Manuals

Learn, Explore, And Develop in the Learning Library

Find e-Learnings in the following areas and more:

- Career Enrichment
- Teaching Skills
- Supervision
- Technology/Software

Learn how to navigate the system with these helpful resources:

- Learning in IvyLead e-Learning
- IvyLEAD Supervisor Role e-Learning
- Click here to access the [Bridge Community](#) which provides additional instructions and documentation for the system

Technical Tips when accessing IvyLEAD:

1. The preferred browser for IvyLEAD is Google Chrome
2. The system is also mobile compatible
3. If you encounter challenges in IvyLEAD:
 - a. Check your internet browser - if you are not using Google Chrome, switch to Google Chrome
 - b. Clear your internet browsing history and cookies, then sign out of IvyLEAD and sign back in
