

Retirement Plans

Planning and saving for retirement is an important responsibility throughout your working years. The earlier you begin to plan, the easier your retirement years can be. Ivy Tech Community College offers retirement plans depending on the employment status you hold with the College. You can choose to contribute to one plan or maximize your savings potential by contributing to both plans. Ivy Tech has partnered with Transamerica Retirement Solutions to administer the Ivy Tech Retirement Plans.

Prior to June 1, 2016, Ivy Tech retirement plans were administered by TIAA and AUL/OneAmerica.
