Baking & Pastry Arts 38%  
Culinary Arts 39%

End of Term Retention Status (**ETRS**) reflects the registration status of a student for the long term that follows. Summer terms do not count in the determination of ETRS. The values within this dimension and descriptions are as follows:

\* Retained Same Major: Student had a registration record in the next long term (summers do not count) and their program code did not change.

Retention rate is not adjusted for graduates. (Example: Three graduated in fall 2013, which would have increased the actual rate of retention.)
