

Retirement Symposium

Ivy Tech Community College offers a program aimed at helping you gather important information in planning for your future. This program provides you an opportunity to speak with subject matter experts regarding your retirement. Representatives provide information about Medicare, benefit options available at retirement, as well as invite past College retirees to join a panel discussion to offer their point of view regarding retirement.

Retirement Symposiums are hosted at most campus locations every two years. Employees age 52 and above are invited to attend the event. The event is held later in the day to provide the opportunity for you to bring a guest.

By attending a retirement symposium we hope you walk away with:

- Individual contacts to help you along the way
- Things to think about as you approach retirement
- Guidance in planning for retirement
- Benefit options available to retirees
