Students have access to the Tell City Site and technology here to virtually attend hundreds of courses from the Ivy Tech network of campuses.

If you need virtual or online classes but don't have the technology at home, or need more structure away from home to be successful, consider registering for the class you need, then 'attend' that class at the Tell City Site.

For classes beginning 9:00 AM -6:00 PM CST. Space may be limited, call to reserve.
