

## Interested in expanding your career in manufacturing? Train with Ivy Tech Community College

### Welding Certification Prep

This program prepares students for certification in Gas Metal Arc (GMAW) welding processes through study of the welding procedure and standards established by the American Welding Society (AWS). The course will focus on MIG procedures for the novice student. The major learning course objectives include:

- Read and interpret Welding Procedure Documentation (WPS)
- Explain the different destructive and non-destructive weld test
- Perform welder performance qualification test
- Identify weld defects and discontinuities found in weldments

Upon successful completion of this course students will have the opportunity to earn AWS D1.1 certification. *\*Ivy Tech does not guarantee that AWS Welding Certification Prep participants will pass the certification examination process.*

**DATE:** June 1, 2021 – June 25, 2021

**DAYS:** Monday through Friday

**TIMES:** 1 pm – 5 pm

**LOCATION:** Ivy Tech Community College  
220 Dean Johnson Blvd  
South Bend, IN 46601

**COST:** \$3,200.00\*
