4. Affiliation agreements should include the following nondiscrimination statement:
The College and the Agency each agree to deal with all persons covered by this agreement regardless of race, color, creed, national origin, religion, sex, physical or mental disability, age, or veteran status.

5. If the affiliation agreement is a renewal of an existing agreement without any changes, it can be handled totally within the region. The site should inform the legal counsel, so that the central listing can be updated.

6. If the affiliation agreement involves an existing, routine agreement format and a new external entity, it can be handled totally within the region. The region should notify legal counsel, so that the new affiliation can be added to the listing for the region.
