DUAL CREDIT INITIATIVES
JOIN US IN GETTING NORTHEAST INDIANA COLLEGE AND CAREER READY

This illustrates possible paths for students as they progress through their high school and college education. By attending Ivy Tech Community College, these paths could include dual credit courses, early college and on-campus courses—to the point of completing a two-year associate degree. This would prepare a student for the possibility to transfer to a four-year institution in order to complete a bachelor’s degree or pursue their career.
