

IVY TECH COMMUNITY COLLEGE

Central Indiana

The Central Indiana Region

Ivy Tech Community College's Central Indiana region serves nine counties: Boone, Hamilton, Hancock, Hendricks, Johnson, Marion, Morgan, Putnam and Shelby. It is the largest region in the Ivy Tech system, with more than 25,000 students enrolled in four divisions.

A Growing Campus

The region has five full service campuses, located in Indianapolis, Franklin, Greencastle, Lawrence and Noblesville, as well as 11 community locations.

The college's Downtown Indianapolis Campus includes the Glenn W. Sample North Meridian Center, Glick Family Technology Center, the Julia M. Carson Learning Resource Center, and the Automotive Technology Center. In January 2012, the region opened the Illinois Fall Creek Center, the former home of St. Vincent Hospital. The building houses programs in the Divisions of University and Transfer and Business and Public Services, along with the Bowen Commons, Fall Creek Café and Jazzman's Café and Bakery. In August 2012, the College opened the Ivy Tech Corporate College and Culinary Center, the former home of the Stouffer's Hotel building, located one block north of the Indianapolis campus. The Corporate College and Culinary Center is the home of the region's Corporate College and Hospitality Administration program, as well as a conference center and student operated restaurant, COURSES, and café/bakery.

Established in 2003, the Fairbanks Center for Health Professions on the Lawrence campus houses programs in the Divisions of Health and Business and Public Services. The campus also includes the Public Safety Building, home to the region's homeland security/public safety program.

The region also offers classes at locations in Avon, Beech Grove, Carmel, Greenwood, Greenfield, Lebanon, Mooresville, Shelbyville and west Indianapolis. In fall 2014, Ivy Tech opened its 32nd campus in Noblesville.

The College

Ivy Tech Community College is the state's largest public postsecondary institution and the nation's largest singly accredited statewide community college system serving nearly 200,000 students annually.

While our students enjoy the benefits of a large institution, with 32 campuses throughout the state, students find personal attention close to home at Ivy Tech.

Ivy Tech is the state's most affordable college, with tuition at half the cost of other colleges and universities. Using credits that transfer, students can save money by completing the first two years of a four-year degree at Ivy Tech. Ivy Tech's Corporate College offers local and affordable solutions for Indiana business and industry training needs.

Regional Board of Trustees

CHAIR

Yvonne Perkins
Vice President of
Community Relations
Citizens Energy Group

VICE CHAIR

Al White
Chief Operating Officer
Global Corporate Affairs at Eli Lilly and Co.

SECRETARY

Scott Bess
