Guest Student in Poor Academic Standing

Audiences

- Guest student who checked “not in good academic standing” on the application

Subject: Regarding your recent Ivy Tech application

Hello %%FirstName%%,

Thank you for starting a guest student application with us at Ivy Tech. Unfortunately, it seems your application could not be processed by our system. This may be due to you selecting that you are not in good academic standing at your home institution, which is a requirement for guest students at Ivy Tech.

Please check with your advisor at your home college to learn how to get back on track. If you have any questions, contact your local Ivy Tech [Guest Student Admissions Contact](#).
