

SERVSAFE® Manager CERTIFICATION

The Indiana Code 410 IAC 7-22 requires mandatory certification of at least one person who oversees food safety operations within each establishment. Ivy Tech Community College offers an instructor-led certification training course to prepare individuals to take the multiple-choice exam. Students will receive a ServSafe certificate, recognition from the International Food Safety Council and permanent registration in the National Restaurant Association Education Foundation's national registry.

The examination is one of only five exams that meet the Indiana certification requirements. Advanced study is recommended. Two pieces of identification are required to take the exam including one photo I.D. with signature. The exam is given following the end of class time.

The ServSafe certification is valid for a five year period.

Class Time: 8 am to 5 pm Cost: \$175 and includes on-line exam

Location: Tell City site: 1034 31st St.

Location: Evansville Campus, 3501 N First Ave
