

CROSSING

THE FINISH LINE

You are only a few credit hours away from completing a credential like the Indiana College Core or an Ivy Tech Community College certificate or degree. The Indiana College Core is a 30-credit-hour block of general education college-level coursework that transfers seamlessly to all Indiana public colleges and universities and some private institutions. This means you can start college with 30 credit hours already earned - saving you time and money!

The state of Indiana is offering to fund your tuition and textbooks so you can take classes this summer, for FREE, to finish completing your credential!

Why should you take classes this summer?

- It's FREE!
- You only have a few credit hours to go, which may be only one or two classes
- Complete the Indiana College Core and start college as a sophomore
- Earn an Ivy Tech credential and use it to start your career fast
