FIRST TUESDAYS FAFSA FILING

Join us on campus the first Tuesday of each month to get free expert help filing your FAFSA.

Ivy Tech Community College uses the Free Application for Federal Student Aid (FAFSA) to determine eligibility for many types of financial assistance. Some types of funding are awarded on a first-come, first-serve basis, so it's important to file your FAFSA as soon as you are able. We can help!

Visit an Ivy Tech campus near you the first Tuesday of each month for tips on how to make the process easier.
