How-To Guide
Create a Special Program Path (1 of 10)

Purpose
This guide describes how to create a Special Program Path through ArmyIgnitED which provides Soldiers with opportunities to focus on a particular subject or skillset. Soldiers must have a Special Program Path prior to requesting Tuition Assistance. This How To Guide refers to the first part of the process highlighted below.

Note: In accordance with AR 621-5, Soldiers should consult with their servicing Education Center or Office for Current Eligibility and Semester Hour Authorizations, and must obtain Army Education Counselor approval, before requesting Tuition Assistance for Special Programs.

Note: Instructions for creating an Education Path and requesting Tuition Assistance are provided in the Create an Education Path and Requesting Tuition Assistance How-to Guide in Training Materials, under the Support Tab.

Process Overview

Create and Submit a Special Program Path
A Special Program Path is a Soldier’s Special Program plan, containing information about the program and education institution.

Request and Submit Tuition Assistance Request
A Tuition Assistance Request allows students to request funding for each of their courses before the semester begins.

Track Tuition Assistance Request
Students can track Tuition Assistance Requests to see if they are in-progress, rejected or approved.

Begin Course(s)
Students must create/submit a Special Program Path and Tuition Assistance Request before courses begin.

Important Reminders

• **Tuition Assistance (TA) Requests must be submitted and approved prior to the start date of a class.** Tuition Assistance Requests submitted less than 5 business days before the start date of a class that are not approved prior to class start date will not be considered for exception to policy (ETP) TA funding for any reason.

• An individual Student Degree Plan (SDP) is required to request Tuition Assistance for more than six semester hours. Soldiers must have an approved official degree plan outlining the specific classes required to meet their educational goal to continue using TA. Please contact your Education Institution to upload your SDP into ArmyIgnitED.

• Eligible Soldiers may use up to 16 semester hours of TA each fiscal year at the rate of up to $250 a semester hour, for a total of $4,000 in funding.
