Employee Coverage Effective Date

To become insured, you must:

- a) Satisfy the eligibility requirements listed above
- b) Receive medical underwriting approval (if applicable)
- c) Be actively at work (able to perform all normal duties of your job) on the day before the scheduled effective date of insurance. If you are not actively at work on the day before the scheduled effective date of insurance, your insurance will not become effective until the day after you complete one full day of active work as an eligible employee

Please contact your human resources representative for more information regarding the requirements that must be satisfied for your insurance to become effective.

Understanding Your Plan Design

Benefit Waiting Period If your claim for LTD benefits is approved by The Standard, benefits become payable after you have been continuously disabled for 90 calendar days and remain disabled. Benefits are not payable during the benefit waiting period.

Own Occupation Definition of Disability For the benefit waiting period and the first 24 months for which LTD benefits are paid, you are considered disabled when you are unable as a result of physical disease, injury, pregnancy or mental disorder to perform with reasonable continuity the material duties of your own occupation **AND** are suffering a loss of at least 20% of your indexed predisability earnings when working in your own occupation. You are not disabled merely because your right to perform your own occupation is restricted, including a restriction or loss of license.

Any Occupation Definition of Disability After the own occupation period of disability, you will be considered disabled if you are unable as a result of physical disease, injury, pregnancy or mental disorder to perform with reasonable continuity the material duties of any occupation.

Maximum Benefit Period Determined by your age when Disability begins, as follows:

Age	Maximum Benefit Period
61 or younger.....	To age 65, or to SSNRA, or 3 years 6 months, whichever is longest.
62.....	To SSNRA, or 3 years 6 months, whichever is longer.
63.....	To SSNRA, or 3 years, whichever is longer.
64.....	To SSNRA, or 2 years 6 months, whichever is longer.
65.....	2 years
66.....	1 year 9 months
67.....	1 year 6 months
68.....	1 year 3 months
69 or older.....	1 year

Social Security Normal Retirement Age (SSNRA) means your normal retirement age under the Federal Social Security Act, as amended.

Deductible Income Deductible income is income you receive or are eligible to receive while LTD benefits are payable. Deductible income includes, but is not limited to:

- Sick pay, annual or personal leave pay, severance pay or other forms of salary contribution (including donated amounts) paid
- Benefits under any workers' compensation law or similar law
- Amounts under unemployment compensation law
- Social Security disability or retirement benefits, including benefits for your spouse and children
- Disability benefits from any other group insurance
- Disability or retirement benefits under your employer's retirement plan
- Benefits under any state disability income benefit law or similar law
- Earnings from work activity while you are disabled, plus the earnings you could receive if you work as much as your disability allows
- Amounts due from or on behalf of a third party because of your disability, whether by judgment, settlement or other method
- Any amount you receive by compromise, settlement or other method as a result of a claim for any of the above

Benefit Calculation**Example**

The LTD benefit amount is determined by multiplying your insured predisability earnings by the specified benefit percentage. This amount is then reduced by deductible income. In the example below, the LTD benefit amount is 60% of insured predisability earnings. If your monthly earnings before becoming disabled were \$4,500, and you now receive a monthly Social Security disability benefit of \$1,200 and a monthly retirement benefit of \$900, your monthly LTD benefit would be calculated as follows:

Insured predisability earnings	\$4,500
LTD benefit percentage	X 60%
	<u>\$2,700</u>
Less Social Security disability benefit	-\$1,200
Less retirement benefit	<u>-\$900</u>
Amount of LTD benefit	\$600
