College of Engineering
Assured Admissions Requirements
for Ivy Tech Engineering students transferring to Purdue

The following guidelines will apply for students transferring to Purdue under the Assured Admission program. Ivy Tech students should apply to Purdue at least a semester prior to the semester of desired admission. Guidelines for each program will be reviewed every three years, and requirements may change based on capacity in the individual degree programs at Purdue.

Department of Agriculture & Biological Engineering Degrees:

Agricultural Engineering
- Student completes the AS Engineering degree (Green2Gold program) at Ivy Tech.
- Student transcript reflects 3.0 GPA overall.

Biological Engineering
- Student completes the AS Engineering degree (Green2Gold program) at Ivy Tech.
- Student transcript reflects 3.0 GPA overall.

Aeronautics and Astronautics
- Student completes the AS Engineering degree (Green2Gold program) at Ivy Tech.
- Student must complete MA 26500/26600 and ME 20000 before transferring to Purdue.
- Student transcript reflects a 3.7 GPA overall with no courses repeated.

Chemical Engineering
- Student completes the AS Engineering degree (Green2Gold program) at Ivy Tech.
- Student transcript reflects 3.5 GPA overall.

Civil Engineering
- Student completes the AS Engineering degree (Green2Gold program) at Ivy Tech.
- Student transcript reflects 3.0 GPA overall.

Construction Engineering and Management
- Student completes the AS Engineering degree (Green2Gold program) at Ivy Tech.
- Student transcript reflects 3.0 GPA overall.

School of Electrical and Computer Engineering Degrees

Computer Engineering
- Student completes the AS Engineering degree (Green2Gold program) at Ivy Tech.
- Student transcript reflects 3.7 GPA overall with B or better in all math courses.

Electrical Engineering
- Student completes the AS Engineering degree (Green2Gold program) at Ivy Tech.
- Student transcript reflects 3.7 GPA overall with B or better in all math courses.

Environmental and Ecological Engineering
- Student completes the AS Engineering degree (Green2Gold program) at Ivy Tech.
- Student must complete CHM 11600 before transferring to Purdue.
- Student transcript reflects 3.0 GPA overall.

School of Engineering Education Degrees:

The Theatre Engineering program is excluded from this Assured Admission agreement.

Interdisciplinary Engineering Studies
- Student completes the AS Engineering degree (Green2Gold program) at Ivy Tech.
- Student transcript reflects 3.0 GPA overall.

Multidisciplinary Engineering
- Student completes the AS Engineering degree (Green2Gold program) at Ivy Tech.
- Student transcript reflects 3.0 GPA overall.

Materials Engineering
- Student completes the AS Engineering degree (Green2Gold program) at Ivy Tech.
- Student transcript reflects 3.0 GPA overall.

Nuclear Engineering
- Student completes the AS Engineering degree (Green2Gold program) at Ivy Tech.
- Student transcript reflects 3.0 GPA overall.

Industrial Engineering
- Student completes the AS Engineering degree (Green2Gold program) at Ivy Tech.
- Student transcript reflects a 3.5 GPA overall with no courses repeated.

Mechanical Engineering
- Student completes the AS Engineering degree (Green2Gold program) at Ivy Tech.
- Student transcript reflects a 3.7 GPA overall with no courses repeated.
