This means you can start college with 30 credit hours already earned - saving you time and money!

The state of Indiana is offering to fund your tuition, books, and fees so you can take classes this summer, for **FREE**!

Why should you take classes this summer?
• It's FREE!
• You only have a few credit hours to go, which may be only one or two classes
• Complete the Indiana College Core and start college as a sophomore
• Complete an Ivy Tech credential and use it to start your career fast

To get started, visit **ivytech.edu/crossingthefinishline** and fill out a short interest form to let us know you're interested.
