Who Are We

We are a 501c3 nonprofit organization that serves to build the workforce across nine counties in Southwestern Indiana. We play a critical role in promoting, sustaining and growing the regional economy.

Business Services

The business team assists employers to keep pace with an ever-changing workforce climate. Together with employers, the business services team will customize a plan using in house programs and services that fits best with each employer's specific needs.

How We Help

Career Services

From resume building, to interview prep to skills training, we ensure clients are ready, prepared, and confident as they take part in the workforce.

Training Services

If clients are looking for opportunities to upskill and grow, we ensure resources and trainings are available to accomplish next level jobs.

Work Based Learning

We connect industry to future workforce by building work-based learning opportunities specific to local demand. Opportunities include:

- Work Experience
- On the job training
- Apprenticeship programs
- Employer training grants

Mentorship Service

Employment specialists walk alongside clients to ensure success is achieved and maintained.
