Ivy Arts for Kids

For Grades 1-5 | \$240/\$225 per Session

Our signature Ivy Arts for Kids camp for **rising 1st-5th graders** is back! Join us for an engaging and hands-on experience in ceramics, painting, mixed media, and beyond that will spark your young artist's imagination and inspire creativity all summer long! Our camps are guided by instructors and assistants with a wide range of strengths and expertise, and campers will have the opportunity to explore new ideas and projects each session. As always, Ivy Arts for Kids camps culminate with an art showcase on the last day at the Ivy Tech Main Campus where family and friends will get to see their young artist's creations on full display!

College for Kids & Teens

Baking

We're bringing back our College for Teens Baking Camps this summer where students will get the chance to learn the foundational techniques of baking in the professional kitchens of Ivy Tech's Hospitality Program!

SUPPLIES: All supplies are included. Students will receive copies of the recipes, as well as any remaining food to take home. We will communicate ahead of time any container requirements for transporting bakes home.

PREREQUISITE: These camps are hands-on and can be physically demanding. Participants must be able to stand for up to 3 hours and be able to lift mixing bowls, hold a rolling pin, and stir batters with a spatula on their own. Please reach out to lifelonglearning@ivytech.edu with any concerns regarding camp accommodations in this regard.

DIETARY RESTRICTIONS: When completing the youth participation form for these camps during registration, please list any dietary restrictions, food allergies, or relevant medical information of which we should be aware. Recipes for all Ivy Tech baking camps can be made gluten or dairy free and can accommodate nut and fruit allergies, though our baking camps are not vegan accessible or egg-free.

YOUTH SCHOLARSHIPS: A limited number of scholarships are available for Ivy Tech Youth Programs participants. Students must be eligible for free or reduced lunch through the National School Lunch Program to receive a scholarship. If you are interested, please [click here](#) for more information.

Creating Your Character

For Grades 6-8 | \$165 per session

6/3-6/7 | 1pm-4pm | [Register](#)
7/8-7/12 | 9am-12pm | [Register](#)

Bob Wolanin

Heroes, villains, fantastic friends, and foes - dream them up and then build them from the ground up in this five-day character design camp. You'll start with a variety of basic drawing techniques with paper and pencil for a solid foundation, and then you'll take your character into the digital realm with graphic art software that is open source (free) and always available to use. Beyond drawing, you'll learn how to create believable and more complex characters and entire worlds in which they live. All supplies provided. This camp is for rising 6th-8th graders.

Exploration & NASA 3D Design Camp

For Grades 6-8 | FREE

6/10-6/14 | 9am-12pm | [Register](#)

April Bledsoe

This fun 3D printing and exploration camp for rising 6th-8th graders will inspire you to imagine the boundless field of exploration, including space travel. You'll engineer 3D printed models of space and exploration equipment, and about 3D design software in the process.

In-Person at the
Ivy Tech Main
Campus

You'll also learn to think as a real explorer by learning history, discussing mission objectives, and even we may talk with NASA directly during camp week! Bring your curiosity and adventurous spirit as you won't want to miss a minute of this week-long voyage into the stars, the ocean and back.

200 Daniels Way
Bloomington, IN
47404

Bonus: Scouts will be able to meet many requirements for an Exploration badge.

NOTE: We are excited to offer this camp as a FREE program this summer in coordination with Ivy Tech Bloomington's Design Technology department in support of making youth STEM education accessible in our community! To register, make sure the participating student has a profile, add this camp to your cart, and checkout as normal with no payment required.

Sculpting

For Grades 6-8 | \$190 per Session
6/10-6/14 | 9am-12pm | [Register](#)

Bob Wolanin

Have you ever seen a sculpture and wonder how artists make it? In this very hands-on camp you will learn both basic and advanced sculpting techniques using non-hardening wax-based professional sculpting clay making your very own sculptures! You will be able to sculpt what you want based on your unique interests – characters, cos-play items, figures, animals, and masks are a few examples. Exercises and ways to ignite your creativity will also be featured so you never run out of artistic ideas of what to sculpt. All supplies provided. This camp is for rising 6th-8th graders.

Mosaics

For Grades 9-12 | \$225 per session
6/10-6/14 | 1pm-4pm | [Register](#)

For Grades 6-8 | \$225 per session
6/24-6/28 | 1pm-4pm | [Register](#)

Sara Colvard

Anyone can make mosaics! In this hands-on exploratory camp, practicing artist Sara Colvard will guide you step-by-step through the process of creating beautiful and durable works of mosaic art. You'll learn principles of artistic design; how to safely cut glass, tile, and stone; and use professional tools and techniques to make several unique artworks that express your personal style and will wow your family and friends. We'll also take a peek into the fascinating history of mosaic, from ancient cultures around the world to modern fine art mosaics.

College for Kids & Teens

Arts, STEM, & More!

3D Photography

For Grades 6-8 | \$165 per session

6/24-6/28 | 9am-12pm | [Register](#)

Bob Wolanin

Use the camera's phone or your own digital camera and learn the immersive and stunning art of 3D photography. Beginning with how we see and process the world with our eyes we will move through the history of 3D photography and cinematography. We will explore nearly most all forms of 3D in print and media from inception to the current day and a bit into the future. You will learn to set up your camera and the subject for mind blowing 3 dimensional shots. We'll use computers in the classroom utilizing open source (free) software to process and create your amazing 3D photos so you can share them with friends and family .

The class will take 3D photos daily around campus and grounds. The basics of photography aren't necessary to have fun in this class. Just a camera and excitement. Class will be peppered with the treat of watching 3D movies (in anaglyph) through this one week class. There will be demonstrations of the instructors' 3D camera collection for a more exploratory look into the art. This camp is for rising 6th-8th graders.

NOTE: If you experience headaches from watching 3D movies or VR for no less than 20 minutes then this class may not be for you. This camp does teach and enforce taking many "eye breaks" to rest our eyes from 3D glasses to avoid eye strain and to help build up eyes of those with weak eye muscles.

Upcycled Sculpture & 3D Design

For Grades 6-8 | \$165 per session

7/8-7/12 | 1pm-4pm | [Register](#)

Chandra Craig-Rettinger

In this camp for rising 6th-8th graders, we'll focus on sustainability in sculpture and 3D design by transforming cardboard and other paper materials into unique up-cycled works of art, including mini-sculpture projects and your own personally designed large-scale sculpture.

The art world is getting creative with the goal of sustainability in mind, and by learning to keep reusable materials out of our landfills and oceans you are helping our planet and learning how to become a more eco-friendly artist!

In the process, we'll learn how to re-purpose household items for tools and recyclables for your materials. We will also gain an enhanced understanding of 3D art forms, elements of design, and develop skills in sculptural construction and processes, as well as applied techniques for surface treatments. All supplies provided.

Magic

For Grades 6-8 | \$190 per session

7/15-7/19 | 1pm-4pm | [Register](#)

Bob Wolanin

Learn to mystify friends, family, and future audiences! Bob Wolanin has been a professional magician, ventriloquist, and designer performing around the country throughout his life. Bob will share his experience in his life-long journey through performance magic. Students will learn basic psychological, mechanical, theatrical and manipulative skills. Create mysteries using many items you can find around your home plus some props we'll make in class. Learn apparent miracles with playing cards, coins, rope & seem to read minds! Student's will learn close-up and platform magic. You will be introduced to the magician's vocabulary and how to better navigate the many resources available to novice wizards for your continuing education afterwards.

All supplies provided, including an extensive kit of magic tricks for each camper. This camp is for rising 6th-8th graders.

Music Synthesizers & Audio Synthesis

For Grades 6-8 | \$165 per session
7/22-7/26 | 9am-12pm | [Register](#)

Bob Wolanin

From creating the sound of a flute and violin to a screaming electric guitar or alien spaceships, laser beams and other worldly soundscapes, electronic music and sounds created by audio synthesizers have been a staple in music and film soundtracks since their inception. Recent years have seen a huge resurgence of interest in these unique and highly creative audio tools. That sound of a soda can being opened in the commercial you just watched was created by an audio synthesizer! Nearly all the soundtrack and sound effects to your favorite video game or movie were composed and created by these fascinating instruments. You hear them every day and probably aren't aware of it.

This camp will utilize open source (free) software synthesizers so you will be able to keep exploring and growing long after the class is over. A few hardware guest stars will make their appearance through the week for a real hands on experience! All supplies needed for this class will be provided, including MIDI keyboards and headphones, though students are welcome to bring their own equipment if they prefer. This camp is for rising 6th-8th graders.

Choose Your Own (Playwriting) Adventure

For Grades 4-7 | \$315 per Session

7/8-7/12 | 9am-4pm | [Register](#)

For the creative writer who wants to see their work come to life on stage, Constellation's Choose Your Own (Playwriting) Adventure offers rising 4th-7th graders a chance to hone their writing skills and stretch their imaginations through the art of playwriting. Using the classic Choose Your Own Adventure series as inspiration—and fresh off the heels of Constellation's Alex Gold: Stuck on Repeat—campers will learn how to craft their own mini-plays that explore fantastical adventures, alternate endings, and unexpected outcomes. Using Choose Your Own Adventure-themed activities and world-building improvisational exercises, campers will ultimately collaborate to build one cohesive story that will be showcased with a staged reading at the Ted Jones Playhouse by both campers and professional actors!

Creative Movement for PreK

PreK | \$125 per Session

7/15-7/19 | 9am-11:30am | [Register](#)

Creative Movement is a space for PreK campers to explore dance, music, imagination, and foster social-emotional. While some dance terms may be introduced, creative movement exists outside any one genre of dance; students will focus on self-expression and storytelling to guide their movement. In addition to dancing, students will use books and visual art to hone their skills as budding choreographers. Led by Callie Rekas, an experienced early childhood educator with a master's degree in Dance Education from NYU, Creative Movement is the perfect introduction to performing arts for the PreK student.

7/22-7/26 | 9am-4pm | [Register](#)

Show off & capture your comedy skills in Constellation Stage & Screen's SNL: Sketches 'N Laughs for Kids (rising grades 4-7)! This immersive & experiential variety show-style camp will give young performers and comedians the opportunity to work in a safe, fun, and collaborative environment, creating bite-sized sketch comedy shorts and variety acts! Opening monologues, silly sketches, End-of-Summer Update, musicals guests, and kooky commercial provide the perfect playground for the creative kid with a funny bone. The camp will culminate with a mini-SNL episode, taped before a live studio audience!

Backstage Business: Costume Creation

For Grades 4-7 | \$150 per Session

7/22-7/26 | 9am-12pm | [Register](#)

Take a peek behind the curtain in Constellation's Backstage Business: Costume Creation camp for rising 4th-7th graders. For aspiring young theater artists who are drawn to the technical elements of theater, this half-day camp will offer an introduction to the world of theatrical costuming. With full access to Constellation's costume storage as inspiration, campers will spend the week conceptualizing, planning, and building their own one-of-a-kind costume piece. Campers will learn skills in sketching, sewing, fabric selection, color theory, and how to research various time periods and styles, all while having fun and making friends along the way!

StoneGate Arts

StoneGate Arts programs in Bedford feature visual arts, music and theater camps for rising 3rd-9th graders. Camps are offered in 1-week formats from 9am-12pm and will take place in June and July.

Scholarships: This summer we are teaming up again with United Way of South Central Indiana to offer scholarships that cover camp fees for children who qualify for free or reduced lunch within their school district. There is no need to pay first, please just **make sure you have created a profile for your child on our registration website** [here](#) and fill out the StoneGate Arts [Youth Scholarship Form](#). Once you submit your form, we'll complete your registration and you'll receive a notification when it is finalized. For any questions, please contact lifelonglearning@ivytech.edu.

Transportation: The City of Bedford will be providing transportation support for this summer's StoneGate Arts Camps to all families located within the City of Bedford who request assistance (must give at least 48 hours notice when requesting to ensure availability). Please indicate your interest in the release form during registration or in our Youth Participation Form if you are requesting financial assistance for camp and we will follow up via email a week before the camp start with transportation request information.

These camps are brought to you with the support of StoneGate Arts & Education Center, The City of Bedford, and United Way of South Central Indiana.

StoneGate Visual Arts

Painting & Collage

For Grades 2-5 | \$95 | Debbi Crane

6/3-6/7 | 9am-12pm | [Register](#)

Create something new this summer in our Painting & Collage camp for rising 2nd-5th graders! In this camp, students will create a series of acrylic paintings using simple imagery and collage elements. All skill levels are welcome and there will be plenty of room for individual ideas and preferences, so students are encouraged to get creative with this multi-faceted 2D art camp! All supplies are provided, including a t-shirt, and each session culminates with an art show at the StoneGate Arts & Education Center where family and friends will get to see their young artist's creations on full display!

The Art Show will take place at the StoneGate Arts & Education Center at the end of the last day of camp. We will provide more details about this, as well as drop-off/pick-up instructions in initial communications as we approach the start date.

Art Journaling

For Grades 6-8 | \$105 | Debbi Crane

6/3-6/7 | 1pm-4pm | [Register](#)

In this camp for rising 6th-8th graders, students will make an art journal in a composition notebook using spectral color order to create collages. Imagery for our journals will be made from papers we will paint in class, printed papers, magazines and other found papers. We will spend time filling our journals and learning how to create strong compositions that are visually compelling. All supplies are provided, including a t-shirt, and all skill levels are welcome with plenty of room for individual ideas and preferences, so students are encouraged to get creative with this multi-faceted 2D art camp!

Art A La Carte

For Grades 3-5 | \$95 | Becky Mason & Cathy Bullington

June Session | 6/10-6/14 | 9am-12pm | [Register](#)

July Session | 7/15-7/19 | 9am-12pm | [Register](#)

Celebrate this summer with fun and creative arts activities in our Art A La Carte camp for rising 3rd-5th graders! Students will experience a variety of art styles and media, including hands-on projects in painting, drawing, clay, and more that will inspire students to explore their creativity. All supplies are provided, including a t-shirt, and each session culminates with an art show at the StoneGate Arts & Education Center where family and friends will get to see their young artist's creations on full display!

The Art Show will take place at the StoneGate Arts & Education Center at the end of the last day of camp. We will provide more details about this, as well as drop-off/pick-up instructions in initial communications as we approach the start date.

Felt Stuffies

For Grades 6-8 | \$105 | Debbi Crane

6/17-6/21 | 9am-12pm | [Register](#)

In this camp for rising 6th-8th graders, students will learn how to design and produce a felt stuffie, approximately 9" tall. We will spend time exploring basic hand stitching techniques and creating solid design plans for our stuffies, and will make mini stuffies to practice stitching. All supplies are provided, including a t-shirt, and all skill levels welcome!

Sculpting

For Grades 6-8 | \$115 | Becky Mason

6/24-6/28 | 9am-12pm | [Register](#)

In this camp for 6th-8th graders, we'll explore the world of sculpting through various techniques, mediums, and styles to bring their artistic visions to life! Campers will learn the fundamentals of sculpting, including techniques such as modeling, carving, and molding, and will develop skills with using sculpting tools to add detail, texture, and expression through experimentation with different mediums such as clay and plaster. All supplies are provided, including a t-shirt, and we'll wrap up camp with an art show at the StoneGate Arts & Education Center where family and friends will get to see their young artist's creations on full display!

The Art Show will take place at the StoneGate Arts & Education Center at the end of the last day of camp. We will provide more details about this, as well as drop-off/pick-up instructions in initial communications as we approach the start date.

Jewelry Making

For Grades 6-8 | \$105 | Cathy Bullington

7/22-7/26 | 9am-12pm | [Register](#)

Welcome to Jewelry Making camp, where creativity knows no bounds and every piece of jewelry tells a unique story! This camp for rising 6th-8th graders will explore the fundamentals of jewelry making through hands-on activities and creative projects that will help bring their design visions to life. Projects will include bead-weaving, wire wrapping, mixed media techniques, and more! All supplies are provided, including a t-shirt, and we'll wrap up camp with an art show at the StoneGate Arts & Education Center where family and friends will get to see their young artist's creations on full display!

The Art Show will take place at the StoneGate Arts & Education Center at the end of the last day of camp. We will provide more details about this, as well as drop-off/pick-up instructions in initial communications as we approach the start date.

StoneGate Performing Arts

Aloha! Welcome to Hawaii!

For Grades 3-5 | \$95 | Becky Muncy & Tammy Spradlin
6/3-6/7 | 9am-12pm | [Register](#)

What does aloha mean?

"Aloha" means more than hello or goodbye. "Aloha" means caring for each other without expecting anything in return from the other person. "Aloha" is the important part of relationships in which each person is special to every other person.

During our week of music camp, our islanders will dive into the beauty and traditions of Hawaii through its songs, dances, rich vocabulary and traditional island instruments such as the ukulele.

Our Hawaiian journey will lead us to one of the most famous Hawaiian singers, Iz. The book "The Good Song" is based on the life of Israel Kamakawiwo'ole (1959-1997) and celebrates the inspiration behind Iz's medley of "Over the Rainbow" and "What a Wonderful World". Each participant will receive a copy of the book, as well as a t-shirt.

A live performance will take place at the StoneGate Arts & Education Center at the end of the last day of camp. We will provide more details about this, as well as drop-off/pick-up instructions in initial communications as we approach the start date.

StoneGate Summer Showcase

For Grades 5-9 | \$95 | Joe Voris & Amy Price
6/10-6/14 | 9am-12pm | [Register](#)

For rising 5th-9th graders, StoneGate Summer Showcase offers those interested in theater to explore the world of musicals and plays. Campers will build their performance skills through music, dance, improv, acting, and a variety of fun and engaging games, exercises, and more. On June 14, campers will perform a revue featuring Broadway songs and comedy sketches where everyone will have the opportunity to showcase their talents. This camp is taught by music and theater educators Amy Price and Joe Voris.

A live performance will take place at the StoneGate Arts & Education Center at the end of the last day of camp. We will provide more details about this, as well as drop-off/pick-up instructions in initial communications as we approach the start date.
