

## Ivy Tech Community College - Bloomington Radiation Therapy Program Satisfaction

The Program documents the following program satisfaction data:

• Five-year average credentialing examination pass rate (on first attempt)= 96.7% (2020 – 2024)

| Year                | Percent Passing – 1 <sup>st</sup> Attempt | Number of Students<br>Pass 1 <sup>st</sup> attempt/# students<br>taking exam |
|---------------------|---|--|
| 2020                | 100%                                      | 7/7  |
| 2021                | 83%                                       | 5/6  |
| 2022                | 100%                                      | 4/4  |
| 2023                | 100%                                      | 7/7  |
| 2024                | 100%                                      | 6/6  |
| Five Year Average = | 96.7%                                     | 29/30  |

\*The Credentialing Exam Pass Rate is defined by the JRCERT as the number of students who pass, on the first attempt, the American Registry of Radiologic Technologists (ARRT) certification examination, or an unrestricted state licensing examination, compared with the number of graduates who take the examination within six months of graduation.

## • Five year average program completion rate (2020-2024) = 93.8%

| Year                | Percent Completion | Number of Students             |
|---------------------|--------------------|--------------------------------|
| 2020                | 87.5%              | 7 of 8 completed the program   |
| 2021                | 85.7%              | 6 of 7 completed the program   |
| 2022                | 100%               | 4 of 4 completed the program   |
| 2023                | 100%               | 7 of 7 completed the program   |
| 2024                | 100%               | 6 of 6 completed the program   |
| Five Year Average = | 93.8%              | 30 of 32 completed the program |

\*The Program Completion Rate is defined by the JRCERT as the number of students who complete the program within the stated program length. Students who leave the program for non-academic reasons are not counted in the completion rate.

| Year                | Percent Job Placement | Number employed divided by<br>number actively seeking<br>employment* within 12 months<br>of graduation |
|---------------------|-----------------------|--|
| 2020                | 100%                  | 7/7  |
| 2021                | 100%                  | 5/5  |
| 2022                | 100%                  | 4/4  |
| 2023                | 100%                  | 6/6  |
| 2024                | 100%                  | 6/6  |
| Five Year Average = | 100%                  | 28/28  |

## • Five year average job placement rate = 100% (2020 – 2024)

\*Job Placement is defined by the JRCERT as the number of graduates employed in radiation therapy within 12 months of graduation compared to the number of graduates actively seeking employment in radiation therapy. The JRCERT has defined "not actively seeking employment" as: 1) Graduate fails to communicate with program officials regarding employment status after multiple attempts OR 2) Graduate is unwilling to seek employment that requires relocation, OR 3) Graduate is unwilling to accept employment due to salary or hours, OR 4) Graduate is on active military duty, OR 5) Graduate is continuing education.

## Graduate satisfaction = Graduates rate the overall quality of the program at 4.6\* (2020 – 2024)

\*Satisfaction scores are measured on a Likert scale with 5 corresponding to excellent and 1 corresponding to poor.

 Employers satisfaction = Employers rate graduates of the program at 4.7\* (2020 - 2024)

\*Satisfaction scores are measured on a Likert scale with 5 corresponding to excellent and 1 corresponding to poor.

\*\* The program is accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT). Please visit their website, <u>https://www.jrcert.org/program-effectiveness-</u> <u>data/</u>, for more information.
